(*a*) the second participant;

(*b*) the principal of the second participant in the sale or purchase; or

(*c*) the estate of the second participant or person referred to in paragraph (*b*),

then, unless a court otherwise orders, the relevant office holder may recover from the first participant, or the principal of the first participant, an amount equal to the specified gain obtained under the sale or purchase by the first participant, or the principal of the first participant.

[34/2012; 4/2017]

(2) The amount equal to the specified gain is recoverable even if the sale or purchase may have been discharged according to the business rules of an approved clearing house, or a recognised clearing house, and replaced by a market contract.

[34/2012]

(3) The circumstances referred to in subsection (1) are that —

(*a*) a specified event has occurred in relation to the second participant, or the

principal of the second participant, within the period of 6 months immediately following the date on which the sale or purchase was entered into; and

(*b*) at the time the sale or purchase was entered into, the first participant, or the principal of the first participant, knew, or ought reasonably to have known, that a specified event was likely to occur in relation to the second participant, or the principal of the second participant.

"specified gain", in relation to a sale or purchase referred to in subsection (1), means the difference, as at the time the sale or purchase was entered into, between —

(*a*) the market value of the securities, securities-based derivatives contracts or units in a collective investment scheme which are the subject of the sale or purchase; and

[34/2012; 4/2017; 40/2018]

Application of market collateral not affected by certain other interest, etc.

(2) The property may be applied in accordance with the business rules or default rules of the approved clearing house or recognised clearing house, so far as it is necessary for it to be so applied, despite —

(*a*) any prior equitable interest or right, or any right or remedy arising from a breach of fiduciary duty, unless the approved clearing house or recognised clearing house had actual notice of the interest, right or breach of duty (other than any interest or right arising from the situation referred to in paragraph (*b*)) (as the case may be) at the time the property was provided as market collateral; or

(*b*) that the property is deposited by the approved clearing house or recognised clearing house in a trust account held for the benefit of a participant.

[34/2012]

(3) No right or remedy arising subsequent to the provision of the property as market collateral may be enforced to prevent, or interfere with, the application of the property by the approved clearing house or recognised clearing house in accordance with its business rules or default rules.

[34/2012]

(4) Where an approved clearing house, or a recognised clearing house, has power under this section to apply the property despite an interest, a right or a remedy, a person to whom the approved clearing house or recognised clearing house disposes of the property in accordance with its business rules or default rules takes free from that interest, right or remedy.

[34/2012]

Enforcement of judgments over property subject to market charge, etc.

81K.—(1) Where, whether before, on or after 1 August 2013, any property is subject to a market charge or has been provided as market collateral, no enforcement order or other legal process for the enforcement of any judgment or order may be commenced or continued, and no distress may be levied, against the property by a person not seeking to enforce any interest in, or security over, the property, except with the consent of the approved clearing house or recognised clearing house in favour of which the market charge was granted.

(*a*) an order of a court exercising jurisdiction under the law of insolvency in any place outside Singapore; or

(*b*) an act of a person appointed in any place outside Singapore to perform a function under the law of insolvency in that place,

insofar as the making of the order by a court in Singapore, or the doing of the act by a relevant office holder, would be prohibited under this Act.

[34/2012]

(2) In this section, "law of insolvency", in relation to a place outside Singapore, means any law of that place which is similar to, or serves the same purposes as, any part of the law of insolvency in Singapore.

Participant to be party to certain transactions as principal

81M.—(1) Where —

(*a*) a participant, in the participant's capacity as such, enters into any transaction (including a market contract) with an approved clearing house or a recognised clearing house; and

(*b*) but for this subsection or any provision in the business rules or default rules of the approved clearing house or recognised clearing house, the participant would be a party to that transaction as agent,

then, despite any other written law or rule of law, as between, and only as between, the approved clearing house or recognised clearing house and the participant or the person who is the participant's principal in respect of that transaction, the participant is, for all purposes (including any action, claim or demand, whether civil or criminal), deemed to be a party to that transaction as principal, and not as agent.

[34/2012]

(2) Where —

(*a*) 2 or more participants, in their capacities as such, enter into any

transaction; and

(*b*) but for this subsection, any of the participants would be a party to that transaction as agent,

then, despite any other written law or rule of law, except as between, and only as between, a participant to whom paragraph (*b*) applies and the person who is the participant's principal in respect of that transaction, the participant is, for all purposes (including any action, claim or demand, whether civil or criminal), deemed to be a party to that transaction as principal, and not as agent.

for any thing done (including any statement made) or omitted to be done with reasonable care and in good faith in the course of, or in connection with, the discharge or purported discharge of that obligation.

[34/2012]

(2) Where a relevant office holder takes action in relation to any property of a defaulter which is liable to be dealt with in accordance with the default rules of an approved clearing house or a recognised clearing house, and the relevant office holder reasonably believes or has reasonable grounds for believing that the relevant office holder is entitled to take that action, the relevant office holder shall not be liable to any person in respect of any loss or damage resulting from any action of the relevant office holder, except insofar as the loss or damage (as the case may be) is caused by the negligence of the relevant office holder.

Power of Authority to remove officers

81P.—(1) Where the Authority is satisfied that any of the following applies to an officer of an approved clearing house or a recognised clearing house (such approved clearing house or recognised clearing house being a Singapore corporation), the Authority may, if it thinks it necessary in the interests of the public or a section of the public or for the protection of investors, by written notice direct the approved clearing house or recognised clearing house to remove the officer from his or her office or employment, and the approved clearing house or recognised clearing house must comply with the notice, despite section 152 of the Companies Act 1967 or anything in any other law or in the memorandum or articles of association or other constituent document or documents of the approved clearing house or recognised clearing house:

[34/2012]

(2) Without affecting any other matter that the Authority may consider relevant, the Authority may, in determining whether an officer of an approved clearing house, or a recognised clearing house, has failed to discharge the duties or functions of his or her office or employment for the purposes of subsection (1)(*c*), have regard to such criteria as the Authority may prescribe or specify in directions issued by written notice.

[34/2012]

[34/2012]

(4) The Authority may direct an approved clearing house, or a recognised clearing house, to remove an officer from his or her office or employment under subsection (1) on any of the following grounds without giving the approved clearing house or recognised clearing house an opportunity to be heard:

[34/2012]

(9) Subject to subsection (10), no criminal or civil liability shall be incurred by an approved clearing house, or a recognised clearing house, in respect of any thing done or omitted to be done with reasonable care and in good faith in the discharge or purported discharge of its obligations under this section.

[34/2012]

(*e*) the transferor and the transferee must keep at their respective offices in Singapore, for inspection by any person who may be affected by the transfer, a copy of the report referred to in paragraph (*a*) for a period of 15 days after the publication of the notice referred to in paragraph (*d*) in the *Gazette*; and

[10/2013]

(10) No order under subsection (7) has any effect or operation in transferring or otherwise vesting land in Singapore until the appropriate entries are made with respect to the transfer or vesting of that land by the appropriate authority.

[10/2013]

(11) If any business specified in an order under subsection (7) is governed by the law of any foreign country or territory, the Court may order the transferor to take all necessary steps for securing that the transfer of the business to the transferee is fully effective under the law of that country or territory.

(*b*) the right of a depositor to withdraw the depositor's documents evidencing

title in respect of securities from the Depository at any time in accordance with the rules of the Depository and to register them in the depositor's or any other name; or

(*c*) the enjoyment of any right, power or privilege conferred by, or the imposition of any liability, duty or obligation under the Companies Act 1967, any rule of law or under any instrument or under the constitution of a corporation upon a depositor, as a member of a corporation or as a holder of debentures or any derivative instruments except to the extent provided for in this Part or prescribed by regulations made thereunder.

[36/2014]

(4) Despite any provision in the Companies Act 1967, a depositor is not regarded as a member of a company entitled to attend any general meeting of the company and to speak and vote thereat unless the depositor's name appears on the Depository Register 72 hours before the general meeting.

[36/2014]

(5) The payment by a corporation to the Depository of any dividend payable to a depositor, to the extent of the payment made, discharges the corporation from any liability in respect of that payment.

[36/2014]

Depository to certify names of depositors to corporation upon request

81SK. The Depository must certify the names of persons on the Depository Register to a corporation in accordance with the rules of the Depository upon a written request being made to it by the corporation.

[36/2014]

Maintenance of accounts

81SL. The Depository must maintain accounts of book-entry securities on behalf of depositors in accordance with the rules of the Depository.

[36/2014]

Transfers effected by Depository under book-entry clearing system

81SM.—(1) Subject to this Part, a transfer of book-entry securities between depositors must be effected, despite anything in the Companies Act 1967 or any other written law or rule of law or in any instrument or in a corporation's constitution to the contrary, by the Depository making an appropriate entry in its Depository Register.

[36/2014]

(2) A transfer of securities by the Depository by way of book-entry to a depositor

under this Part is valid and is not to be challenged in any court on the ground that the transfer is not accompanied by a proper instrument of transfer or that otherwise the transfer is not made in writing.

[36/2014; 40/2019]

Depository to be discharged from liability if acting on instructions

81SN.—(1) Subject to the regulations, the Depository, if acting in good faith and without negligence, shall not be liable for conversion or for any breach of trust or duty where the Depository has, in respect of book-entries in accounts maintained by it, made entries regarding the book-entry securities, or transferred or delivered the book-entry securities, according to the instructions of a depositor even though the depositor had no right to dispose of or take any other action in respect of the book-entry securities.

[36/2014]

(2) The Depository or a depository agent, if acting in good faith and without negligence, is fully discharged of its obligations to the account holder or sub-account holder by the transfer or delivery of book-entry securities upon the instructions of the account holder or sub-account holder, as the case may be.

[36/2014]

(3) The Depository, if acting in good faith and without negligence, is fully discharged of its obligations to a depository agent by the transfer or delivery of book-entry securities upon the instructions of the depository agent.

[36/2014]

(4) For the purposes of this section, the Depository or a depository agent is not to be treated as having been negligent by reason only of its failure to concern itself with whether or not the depositor or sub-account holder (as the case may be) has a right to dispose of or take any other action in respect of the book-entry securities or to issue the instructions.

[36/2014]

Confirmation of transaction

81SO. The Depository must, in accordance with the depository rules, issue to each account holder and to each sub-account holder through the sub-account holder's depository agent, following upon any transaction affecting book-entry securities maintained for such account holder by the Depository and maintained for such sub-account holder by the sub-account holder's depository agent under this Part, a confirmation note which must specify the amount and description of the book-entry securities and any other relevant transaction information.

[36/2014]

No rectification of Depository Register

81SP.—(1) Despite anything in the Companies Act 1967 or any written law or rule of law, no order may be made by the Court for rectification of the Depository Register; except that where the Court is satisfied that —

(*a*) a depositor did not consent to a transfer of the book-entry securities; or

(*b*) a depositor should not have been registered in the Depository Register as having title to the book-entry securities,

the Court may award damages to the firstmentioned depositor or to any person who would have been entitled to be registered in the Depository Register as having title to the book-entry securities (as the case may be) on such terms as the Court thinks to be equitable or make such other order as the Court thinks fit including an order for the transfer of book-entry securities to such depositor or person.

[36/2014]

(2) Where provisions exist in the constitution of a corporation that entitle a corporation to refuse registration of a transfer of book-entry securities, the corporation may in relation to any transfer to which it objects, notify the Depository in writing of its refusal before the transfer takes place and provide the Depository with the facts upon which such refusal is considered to be justified.

[36/2014]

(3) Where the Depository has had prior notice of the corporation's refusal under subsection (2) (but not otherwise), the Depository must refuse to effect the transfer and to enter the name of the transferee in the Depository Register and thereupon convey the facts upon which such refusal is considered to be justified to the transferee.

[36/2014]

(4) Section 130AB of the Companies Act 1967 does not apply to any refusal to register a transfer under subsections (2) and (3).

[36/2014]

Trustee, executor or administrator of deceased depositor named as depositor

81SQ.—(1) Any trustee, executor or administrator of the estate of a deceased depositor whose name was entered in the Depository Register as owner or as having an interest in book-entry securities may open an account with the Depository and have his, her or its name entered in the Depository Register so as to reflect the interest of the trustee, executor or administrator in the book-entry securities.

[36/2014]

(2) Subject to this section, no notice of any trust expressed, implied or constructive may be entered in the Depository Register and no liabilities are affected by anything done pursuant to subsection (1) or pursuant to the law of any other place which corresponds to this section and the Depository and the issuer of the book-entry securities

are not affected with notice of any trust by anything so done.

[36/2014]

Non-application of certain provisions in bankruptcy and company liquidation law

81SR. Where by virtue of the provisions of any written law in relation to bankruptcy or company liquidation it is provided that —

(*a*) any disposition of the property of a company after commencement of a winding up is void, unless the Court orders otherwise; or

(*b*) any disposition of the property of a person who is adjudged bankruptcy after the making of an application for a bankruptcy order and before vesting of the bankrupt's estate in a trustee is void unless done with the consent or ratification of the Court,

those provisions do not apply to any disposition of book-entry securities; but where a Court is satisfied that a party to the disposition, being a party other than the Depository, had notice that an application has been made for the winding up or bankruptcy of the other party to the disposition, it may award damages against that party on such terms as it thinks equitable or make such other order as the Court thinks fit, including an order for the transfer of book-entry securities by that party but not an order for the rectification of the Depository Register.

[36/2014]

Security interest

81SS.—(1) Except as provided in this section or any other written law or any regulations made under section 81SU, no security interest may be created in book-entry securities.

[36/2014]

(2) A security interest in book-entry securities to secure the payment of a debt or liability may be created in favour of any depositor in the following manner:

(*a*) by way of assignment, by an instrument of assignment in the prescribed form executed by the assignor;

(*b*) by way of charge, by an instrument of charge in the prescribed form executed by the chargor,

if no security interest in any book-entry securities subsequent to any assignment or charge thereof may be created by the assignor or the chargor (as the case may be) in favour of any other person and any such assignment or charge is void.

[36/2014]

(3) Upon receipt of the instrument of assignment, the Depository must immediately,

by way of an off-market transaction, transfer the book-entry securities to the assignee and thereafter notify the assignor and the assignee of the transfer in the prescribed manner.

[36/2014]

(4) Upon receipt of the instrument of charge, the Depository must immediately register the instrument in a register of charges maintained by the Depository and thereafter notify the chargor and the chargee in the prescribed manner.

[36/2014]

(5) The register of charges is not open to inspection to any person other than the chargor or the chargee or their authorised representatives and except for the purpose of the performance of its duties or the exercise of its functions or when required to do so by any court or under the provisions of any written law, the Depository must not disclose to any unauthorised person any information contained in the register of charges.

[36/2014]

(6) An assignment or a charge made in accordance with the provisions of this section, but not otherwise, has effect upon the Depository transferring the book-entry securities or endorsing the charge in the register of charges except that, where the instrument of assignment or charge specifies the number of book-entry securities to which the assignment or charge relates, the instrument of assignment or charge does not have any effect if on the date of receipt of such instrument, the number of book-entry securities in the account of the assignor or chargor is less than the number of book-entry securities specified in such instrument.

[36/2014; 4/2017]

(7) The provisions of section 81SJ(1), (2) and (3) apply to an assignment of book-entry securities made under this section.

[36/2014]

(8) An assignee or a registered chargee of book-entry securities has the following powers:

(*a*) a power, when the loan or liability has become due and payable, to sell the book-entry securities or any part thereof and in the case of a chargee, the chargee has the power to sell the book-entry securities or any part thereof in the name of and for and on behalf of the chargor;

(*b*) any other power which may be granted to the assignee or registered chargee in writing by the assignor or chargor in relation to the book-entry securities provided that the Depository is not concerned with or affected by the exercise of any such power.

[36/2014]

(9) Nothing in subsection (8) is to be construed as imposing on the Depository a duty

to ascertain whether the power of sale has become exercisable or has been lawfully exercised by the assignee or chargee.

[36/2014]

(10) No book-entry securities assigned by way of security or charged in accordance with the provisions of this section may be —

(*a*) transferred by way of an off-market transaction to the assignor except upon the production of a duly executed re-assignment in the prescribed form; or

(*b*) transferred by the chargor, by way of sale or otherwise, except —

(i) upon the production of a duly executed discharge of charge in the prescribed form; or

(ii) upon the return of such book-entry securities to the chargor's control with the approval in writing of the chargee.

[36/2014; 4/2017]

(10A) A charge on book-entry securities made in accordance with the provisions of this section is treated as discharged if such book-entry securities have been returned to the chargor's control with the approval in writing of the chargee.

[4/2017]

(11) Upon the sale by the assignee or the chargee in exercise of the assignee's or chargee's power of sale of any book-entry securities assigned or charged in accordance with the provisions of this section, the assignee or the chargee must immediately notify the Depository of the sale and the particulars of the book-entry securities sold by the assignee or chargee, and the Depository must —

(*a*) in the case of the sale by the assignee, notify the assignor of the sale; and

(*b*) in the case of the sale by the chargee, effect a transfer of the book-entry securities to the buyer in accordance with section 81SM and notify the chargor of the transfer,

and the provisions of sections 81SO, 81SP and 81SR apply, with the necessary modifications, to a transfer effected pursuant to this section.

[36/2014]

(12) Upon fulfilling the assignor's or the chargor's obligations under an assignment by way of security or a charge, the assignor or the chargor is entitled to obtain from the assignee or chargee a re-assignment or a discharge of charge (as the case may be) of the whole or part of the book-entry securities.

[36/2014]

(13) A re-assignment or discharge of charge is to be effected by the Depository by

transferring the book-entry securities to the assignor or cancelling the endorsement of charge in the register of charges and in the chargor's account, as the case may be.

[36/2014]

(14) Book-entry securities may be assigned by way of security by an assignee or charged in the prescribed form by a chargee to secure the payment of any debt or liability of the assignee or the chargee (as the case may be) in accordance with the provisions of this section provided that no book-entry security may be charged by a chargee subsequent to any sub-charge.

[36/2014]

(15) All acts, powers and rights which might previously have been done or exercised by the chargee thereunder in relation to the book-entry securities may thereafter be done or exercised by the sub-chargee, and, except with the consent of the sub-chargee, must not be done or exercised by the chargee thereunder during the currency of the sub-charge.

[36/2014]

(16) Upon the sale by the sub-chargee in exercise of the sub-chargee's power of sale of any book-entry securities in accordance with the provisions of this section, the provisions of subsection (11), in respect of a sale by a chargee, apply with the necessary modifications to the sale by the sub-chargee.

[36/2014]

(17) Nothing in subsection (14) affects the rights or liabilities of the original assignor or chargor of the book-entry securities under subsections (12) and (13) and the original assignor or chargor is entitled to a re-assignment or discharge of charge from the assignee or chargee free from all subsequent security interests created without the original assignor's or chargor's consent upon satisfying the original assignor's or chargor's indebtedness or liability to the assignee or the chargee.

[36/2014]

(18) The provisions of section 81SN apply to relieve the Depository and its servants or agents of any liability in respect of any act done or omission made under this section as if references to depositor include references to assignee, chargee or sub-chargee, as the case may be.

[36/2014]

(19) Nothing in this section affects the validity and operation of floating charges on book-entry securities created under the common law before or after 12 November 1993, but the Depository is not required to recognise, even when having notice thereof, any equitable interest in any book-entry securities under a floating charge except the power of the chargee, upon the crystallisation of the floating charge, to sell the book-entry securities in the name of the chargor in accordance with the provisions of this section.

[36/2014]

(20) Nothing in subsection (19) is to be construed as imposing on the Depository a duty to ascertain whether the power of sale pursuant to a floating charge has become exercisable or has been lawfully exercised.

[36/2014]

(21) A member of SGX-ST has a lien over the unpaid book-entry securities purchased for the account of its customer which is enforceable by sale in accordance with and subject to the provisions of this section as if the same had been charged to the member under this section, except that the member is not obliged to notify the Depository of the sale or the particulars of the book-entry securities sold by the member.

[36/2014]

(22) Any security interest on book-entry securities created before 12 November 1993 and subsisting or in force on that date continues to have effect as if the Companies (Amendment) Act 1993 had not been enacted.

[36/2014]

(23) In this section, "off-market transaction" means a transaction effected outside the SGX-ST.

[36/2014]

Depository rules to be regarded as rules of approved exchange that are subject to this Act

81ST.—(1) Depository rules in relation to the operation of the Central Depository System, including any amendments made thereto, are regarded as having the same force and effect as if made by an approved exchange and are likewise subject to the provisions of this Act.

[36/2014; 4/2017]

(2) Without limiting subsection (1), sections 23 and 25 apply to the depository rules under subsection (1) as they apply to rules made by an approved exchange.

[36/2014; 4/2017]

(*k*) such supplementary, incidental, saving or transitional provisions as may be necessary or expedient.

[36/2014]

(2) Regulations made under this section may provide —

(*a*) that the Authority may require the Depository to provide it with such information or documents as the Authority considers necessary for such approval; and

(*b*) that any contravention of any specified provision in the regulations shall be an offence punishable with a fine not exceeding $150,000 and, in the case of a continuing offence, with a further fine not exceeding 10% of the maximum fine prescribed for that offence for every day or part of a day during which the offence continues after conviction.

[36/2014]

Power of Authority to issue written directions

81SV.—(1) The Authority may, if it thinks it necessary or expedient in the public interest or for the protection of investors, issue written directions, either of a general or specific nature, to the Depository or the depository agent, to comply with such requirements as the Authority may specify in the written direction.

[36/2014]

(2) Without limiting subsection (1), any written direction may be issued with respect to the discharge of the duties or functions of the Depository or depository agent.

[36/2014]

(3) The Depository and the depository agent must comply with any direction made under subsection (1).

unless it has obtained the approval of the Authority.

[2/2009]

(1A) Where a holder of a capital markets services licence has obtained the approval of the Authority to appoint a person as its chief executive officer or director under subsection (1)(*a*), the person may be re-appointed as chief executive officer or director (as the case may be) of the holder immediately upon the expiry of the earlier term without the approval of the Authority.

[2/2009]

(1B) Subsection (1) does not apply to the appointment of a person as a director of a foreign company, or the change in the nature of the appointment of a person as a director of a foreign company if, at the time of the appointment or change, the person —

(*a*) does not reside in Singapore; and

(*b*) is not directly responsible for its business in Singapore or any part thereof.

[2/2009]

(2) Without affecting any other matter that the Authority may consider relevant, the Authority may, in determining whether to grant its approval under subsection (1), have regard to such criteria as may be prescribed or as may be specified in written directions.

(3) Subject to subsection (4), the Authority must not refuse an application for approval under subsection (1) without giving the holder of the capital markets services licence an opportunity to be heard.

(4) The Authority may refuse an application for approval under subsection (1) on any of the following grounds without giving the holder of a capital markets services licence an opportunity to be heard:

(i) involving fraud or dishonesty or the conviction for which involved a finding that the person had acted fraudulently or dishonestly; and

(ii) punishable with imprisonment for a term of 3 months or more.

[2/2009]

(5) Where the Authority refuses an application for approval under subsection (1), the Authority need not give the person who was proposed to be appointed an opportunity to be heard.

(6) Without affecting the Authority's power to impose conditions or restrictions under section 88, the Authority may, at any time by written notice to the holder of a capital markets services licence, impose on it a condition requiring it to notify the Authority of a change to any specified attribute (such as residence and nature of appointment) of its chief executive officer or director, and vary any such condition.

[2/2009]

(7) Any person who contravenes any condition imposed under subsection (6) shall be guilty of an offence.

(i) which is being or has been wound up by a court; or

(ii) the approval, authorisation, designation, recognition, registration or licence of which has been withdrawn, cancelled or revoked by the Authority or, in the case of a regulated financial institution in a foreign country or territory, by the regulatory authority in that foreign country or territory.

[10/2013; 4/2017]

(*a*) has wilfully contravened or wilfully caused the holder to contravene any provision of this Act;

(*b*) has, without reasonable excuse, failed to secure the compliance of the holder with this Act, the Monetary Authority of Singapore Act 1970 or any of the written laws set out in the Schedule to that Act; or

(*c*) has failed to discharge any of the duties of his or her office,

the Authority may, if it thinks it necessary in the interests of the public or a section of the public or for the protection of investors, by written notice to the holder, direct the holder to remove the director or executive officer (as the case may be) from his or her office or employment within such period as the Authority may specify in the notice, and the holder must comply with the notice.

[10/2013]

(2) Without affecting any other matter that the Authority may consider relevant, the Authority must, when determining whether a director or an executive officer of a holder of a capital markets services licence has failed to discharge the duties of his or her office for the purposes of subsection (1A)(*c*), have regard to such criteria as may be prescribed or as may be specified in written directions.

[10/2013]

(3) The Authority must not direct a holder of a capital markets services licence to remove a person from his or her office under subsection (1A) without giving the holder an opportunity to be heard.

[10/2013]

(4) [*Deleted by Act 10 of 2013*]

(5) Where the Authority directs a holder of a capital markets services licence to remove a person from his or her office or employment under subsection (1A), the Authority need not give that person an opportunity to be heard.

(*a*) a holder of a capital markets services licence; or

(*b*) any person acting on behalf of the holder of a capital markets services licence,

[2/2009]

(4) Any approval under subsection (3) may be granted to the applicant subject to such conditions as the Authority may determine, including any condition —

(*a*) restricting the applicant's disposal or further acquisition of shares or voting power in the holder of a capital markets services licence; or

[4/2017]

(10) Any revocation, suspension or withdrawal of the authorisation of a corporation as an authorised benchmark administrator does not operate so as to —

(*b*) affect any right, obligation or liability arising under any such agreement, transaction or arrangement.

[4/2017]

[4/2017]

(3) The Authority need not refund any annual fee paid if —

[4/2017]

(2) Subject to subsection (3), the Authority must not revoke any exemption granted to a corporation under subsection (1) without giving the corporation an opportunity to be heard.

[4/2017]

(8) The Authority must give notice in the *Gazette* of any revocation of an exemption mentioned in subsection (1).

[4/2017]

Subdivision (3) — Code on designated benchmark

Code on designated benchmark

123O.—(1) For the effective administration and control of designated benchmarks, every authorised benchmark administrator and exempt benchmark administrator must —

(*a*) prepare and issue (in the manner specified by the Authority) a code in respect of each designated benchmark in respect of which it carries on a business of administering a designated benchmark (called in this Act a code on designated benchmark) that —

(i) sets out the standards to be maintained by every authorised benchmark submitter, exempt benchmark submitter and designated benchmark submitter, in relation to that designated benchmark; and

(ii) complies with subsection (2); and

(*b*) obtain the Authority's written approval for the code on designated benchmark before that code on designated benchmark is issued.

[4/2017]

(2) A code on designated benchmark must deal with such matters as may be prescribed by regulations made under section 123ZZA or as may be specified by written notice to the authorised benchmark administrator or exempt benchmark administrator.

[4/2017]

(3) Every authorised benchmark administrator and exempt benchmark administrator must not amend a code on designated benchmark unless the authorised benchmark administrator and exempt benchmark administrator (as the case may be) —

(*a*) complies with such requirements as may be prescribed by regulations made under section 123ZZA;

(*b*) complies with such conditions or restrictions which the Authority may by written notice impose; and

(*c*) obtains the Authority's written approval to do so.

[4/2017]

(4) In this section, the reference to an amendment to a code on designated benchmark is to be construed as a reference to a change to any of the following:

(*a*) the scope of the code on designated benchmark;

(*b*) any requirement, obligation or restriction under the code on designated benchmark,

whether the change is made by an alteration to the text of the code on designated benchmark, or by any other notice issued by or on behalf of the authorised benchmark administrator or exempt benchmark administrator (as the case may be) modifying the meaning or interpretation of the code on designated benchmark.

[4/2017]

(5) Every authorised benchmark administrator and exempt benchmark administrator must, in respect of each code on designated benchmark that it issues —

(*a*) ensure that the code on designated benchmark takes into account the practices and developments in the market; and

(*b*) enforce compliance with the code on designated benchmark.

[4/2017]

(6) Every authorised benchmark submitter, exempt benchmark submitter and designated benchmark submitter must, in respect of its business or activity of providing information in relation to a designated benchmark, comply with the code on designated benchmark issued by the authorised benchmark administrator or exempt benchmark administrator, as the case may be.

[4/2017]

(7) Without affecting section 123ZL, every authorised benchmark submitter, exempt benchmark submitter and designated benchmark submitter must have systems and controls in place to ensure compliance with each code on designated benchmark that it is required to comply with under subsection (6).

[4/2017]

(8) Any authorised benchmark administrator or exempt benchmark administrator which contravenes subsection (1), (2), (3) or (5) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $150,000 and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

(9) Any authorised benchmark submitter, exempt benchmark submitter or designated benchmark submitter which contravenes subsection (7) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

(10) Despite subsection (6), a failure of any authorised benchmark submitter, exempt benchmark submitter or designated benchmark submitter to comply with a code on designated benchmark does not of itself render that authorised benchmark submitter, exempt benchmark submitter or designated benchmark submitter (as the case may be) liable to criminal proceedings but any such failure may be relied upon by any party in any proceedings (whether civil or criminal) as tending to establish or negate any liability which is in question in those proceedings.

[4/2017]

(2) Without limiting section 123ZZB(1), the Authority may, at any time after receiving a notification mentioned in subsection (1), issue directions to the authorised benchmark administrator or exempt benchmark administrator (as the case may be) —

[4/2017]

(3) An authorised benchmark administrator or an exempt benchmark administrator must comply with every direction issued to it under subsection (2) despite anything to the contrary in the Companies Act 1967 or any other law.

[4/2017]

Subdivision (5) — Matters requiring approval of Authority

Approval of chief executive officer and director of authorised benchmark administrator

123X.—(1) Subject to subsection (3), an authorised benchmark administrator must not —

(*a*) appoint a person as its chief executive officer or director; or

(*b*) change the nature of the appointment of a person as a director from one that is non-executive to one that is executive,

unless the authorised benchmark administrator has obtained the approval of the Authority.

[4/2017]

(2) Where an authorised benchmark administrator has obtained the approval of the Authority to appoint a person as its chief executive officer or director under subsection (1)(*a*), the person may be re-appointed as chief executive officer or director (as the case may be) of the authorised benchmark administrator immediately upon the expiry of the earlier term without the approval of the Authority.

[4/2017]

(3) Subsection (1) does not apply to the appointment of a person as a director of a foreign company, or the change in the nature of the appointment of a person as a director of a foreign company if, at the time of the appointment or change, the person —

(*a*) does not reside in Singapore; and

(*b*) is not directly responsible for its carrying out the activity of administering a designated benchmark or any part of the activity of administering a designated benchmark.

[4/2017]

(4) Without affecting any other matter that the Authority may consider relevant, the Authority may, in determining whether to grant its approval under subsection (1), have regard to such criteria as may be prescribed by regulations made under section 123ZZA or notified to the authorised benchmark administrator.

[4/2017]

[4/2017]

(7) Where the Authority refuses an application for approval under subsection (1), the Authority need not give the person who was proposed to be appointed an opportunity to be heard.

[4/2017]

(8) Without affecting the Authority's power to impose conditions or restrictions under section 123F(2), the Authority may, at any time by written notice to the authorised benchmark administrator, impose on it a condition requiring it to notify the Authority of a change to any specified attribute (such as residence and nature of appointment) of its chief executive officer or director, and vary any such condition.

[4/2017]

(9) Any authorised benchmark administrator which contravenes subsection (1) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $200,000 and, in the case of a continuing offence, to a further fine not exceeding $20,000 for every day or part of a day during which the offence continues after conviction.

(2) Despite the provisions of any other written law, where the Authority is satisfied that a director of an authorised benchmark administrator that is incorporated in

Singapore, or an executive officer of an authorised benchmark administrator —

(*a*) has wilfully contravened or wilfully caused the authorised benchmark administrator to contravene any provision of this Act;

(*c*) has failed to discharge any of the duties of his or her office,

the Authority may, if it thinks it necessary in the interests of the public or a section of the public, or a class or classes of users of a designated benchmark, by written notice to the authorised benchmark administrator, direct the authorised benchmark administrator to remove the director or executive officer (as the case may be) from his or her office or employment within such period as the Authority may specify in the notice, and the authorised benchmark administrator must comply with the notice.

[4/2017]

(3) Without affecting any other matter that the Authority may consider relevant, the Authority may, when determining whether a director or an executive officer of an authorised benchmark administrator has failed to discharge the duties of his or her office for the purposes of subsection (2)(*c*), have regard to such criteria as may be prescribed by regulations made under section 123ZZA or notified to the authorised benchmark administrator.

[4/2017]

(4) The Authority must not direct an authorised benchmark administrator to remove a person from the person's office under subsection (2) without giving the authorised benchmark administrator an opportunity to be heard.

[4/2017]

(5) Where the Authority directs an authorised benchmark administrator to remove a person from the person's office or employment under subsection (2), the Authority need not give that person an opportunity to be heard.

[4/2017]

(6) No criminal or civil liability is incurred by —

(*a*) an authorised benchmark administrator; or

(*b*) any person acting on behalf of an authorised benchmark administrator,

in respect of anything done (including any statement made) or omitted to be done with reasonable care and in good faith in the discharge or purported discharge of its obligations under this section.

[4/2017]

(7) Any authorised benchmark administrator which contravenes subsection (1) or (2) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $150,000 and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

"regulatory authority", in relation to a foreign country or territory, means an authority of the foreign country or territory exercising any function that corresponds to a regulatory function of the Authority under this Act, the Monetary Authority of Singapore Act 1970 or any of the written laws set out in the Schedule to that Act.

[4/2017]

Control of take-over of authorised benchmark administrator

123Z.—(1) This section applies to all individuals whether resident in Singapore or not and whether citizens of Singapore or not, and to all bodies corporate or unincorporate, whether incorporated or carrying on business in Singapore or not.

[4/2017]

(2) A person must not enter into any arrangement in relation to shares in an authorised benchmark administrator that is a company by virtue of which the person would, if the arrangement is carried out, obtain effective control of the authorised benchmark administrator, unless the person has obtained the prior approval of the Authority to the person's entering into the arrangement.

[4/2017]

(3) An application for the Authority's approval under subsection (2) must be made in writing, and the Authority may approve the application if the Authority is satisfied that —

(*a*) the applicant is a fit and proper person to have effective control of the authorised benchmark administrator;

(*b*) having regard to the applicant's likely influence, the authorised benchmark administrator is likely to continue to carry on a business of administering a designated benchmark prudently and comply with the provisions of this Act and directions made thereunder; and

(*c*) the applicant satisfies such other criteria as may be prescribed by regulations made under section 123ZZA or as the Authority may specify in written directions.

[4/2017]

(4) Any approval under subsection (3) may be granted to the applicant subject to such conditions as the Authority may determine, including any condition —

(*a*) restricting the applicant's disposal or further acquisition of shares or voting power in the authorised benchmark administrator; or

(*b*) restricting the applicant's exercise of voting power in the authorised benchmark administrator,

and the applicant must comply with such conditions.

[4/2017]

(5) Any condition imposed under subsection (4) has effect despite any provision of the Companies Act 1967 or anything contained in the constitution of the authorised benchmark administrator.

[4/2017]

(6) For the purposes of this section and section 123ZA —

(*a*) a reference to a person entering into an arrangement in relation to shares includes —

(*a*) appoint a person as its chief executive officer or director; or

(*b*) change the nature of the appointment of a person as a director from one that is non-executive to one that is executive,

unless it has the approval of the Authority to do so.

[4/2017]

(2) Where an authorised benchmark submitter or a designated benchmark submitter has obtained the approval of the Authority to appoint a person as its chief executive officer or director under subsection (1)(*a*), the person may be re-appointed as a chief executive officer or director (as the case may be) of the authorised benchmark submitter or designated benchmark submitter (as the case may be) immediately upon the expiry of the earlier term without the approval of the Authority.

(2) The function of the Securities Industry Council is, in addition to the functions conferred upon it under this Part, to advise the Minister on all matters relating to the securities industry.

(3) The Securities Industry Council consists of such representatives of business, the

Government and the Authority as the Minister may appoint and those representatives are to serve for such period or periods as the Minister may determine.

(4) The Securities Industry Council has the power, in the exercise of its functions, to enquire into any matter or thing related to the securities industry and may, for this purpose, summon any person to give evidence on oath or affirmation or produce any document or material necessary for the purpose of the enquiry.

(5) Nothing in subsection (4) compels the production by an advocate and solicitor, or a legal counsel referred to in section 128A of the Evidence Act 1893, of a document containing a privileged communication made by or to him or her in that capacity or authorise the taking of possession of any such document which is in his or her possession.

[34/2012]

(6) An advocate and solicitor, or a legal counsel referred to in section 128A of the Evidence Act 1893, who refuses to produce the document referred to in subsection (5) is nevertheless obliged to give the name and address (if he or she knows them) of the person to whom or by or on behalf of whom the communication was made.

[34/2012]

(7) The Authority may consult the Securities Industry Council for the proper and effective implementation of this Act.

(8) For the purposes of this Act, every member of the Securities Industry Council —

(*a*) is deemed to be a public servant within the meaning of the Penal Code 1871; and

(*b*) has, in case of any action or suit brought against him or her for any act done or omitted to be done in the execution of his or her duty under the provisions of this Act, the like protection and privileges as are by law given to a Judge in the execution of his or her office.

(9) The Securities Industry Council must in the exercise of its functions have regard to the interests of the public, the protection of investors and the safeguarding of sources of information.

(10) Subject to the provisions of this Act, the Securities Industry Council may regulate its own procedure and is not bound by the rules of evidence.

(8) A failure of any party concerned in a take-over offer or a matter connected therewith to observe any of the provisions of the Take-over Code does not of itself render that party liable to criminal proceedings but any such failure may, in any proceedings whether civil or criminal, be relied upon by any party to the proceedings as tending to establish or to negate any liability which is in question in the proceedings.

(9) Nothing in subsection (8) is to be construed as preventing the Securities Industry Council from invoking such sanctions (including public censure) as it may decide in relation to breaches of the Take-over Code by any party concerned in a take-over offer or a matter connected therewith.

(10) Where the Securities Industry Council has reason to believe that any party concerned in a take-over offer or a matter connected therewith, or any person advising on a take-over offer or a matter connected therewith, is in breach of the provisions of the Take-over Code or is otherwise believed to have committed acts of misconduct in relation to such take-over offer or matter, the Securities Industry Council has power to enquire into the suspected breach or misconduct.

(11) For the purpose of subsection (10), the Securities Industry Council may summon any person to give evidence on oath or affirmation, which it is authorised to administer, or produce any document or material necessary for the purpose of the enquiry.

(2) A person must not make a take-over offer or give notice or publicly announce that the person intends to make a take-over offer if the person has no reasonable or probable grounds for believing that the person will be able to perform the person's obligations if the take-over offer is accepted or approved, as the case may be.

(3) Where a person contravenes subsection (1) or (2), the person and, where the person is a corporation, every officer of the corporation who is in default shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $250,000 or to imprisonment for a term not exceeding 7 years or to both.

(2) Subject to this Part, the fidelity fund is to be applied for the purpose of paying to the Official Assignee or a trustee in bankruptcy within the meaning of the Insolvency, Restructuring and Dissolution Act 2018 an amount not greater than the amount that the Official Assignee or the trustee in bankruptcy (as the case may be) certifies is required in order to make up or reduce the total deficiency arising because the available assets of a bankrupt, who is a member of an approved exchange, are insufficient to satisfy any debts arising from dealings in capital markets products that have been proved in the bankruptcy by creditors of the bankrupt member.

[2/2009; 4/2017; 40/2018]

(3) Subsection (2) applies in the case of a member of an approved exchange who has made a voluntary arrangement with the member's creditors under Part 14 of the Insolvency, Restructuring and Dissolution Act 2018 in like manner as that subsection applies in the case of a member who has become bankrupt.

[2/2009; 40/2018]

(4) For the purposes of subsection (3) —

(*a*) a reference to a trustee in bankruptcy in subsection (2) is deemed to be a reference to a nominee within the meaning of Part 14 of the Insolvency, Restructuring and Dissolution Act 2018;

(*b*) a reference to debts proved in bankruptcy in subsection (2) is deemed to be a reference to debts provable in relation to a voluntary arrangement within the meaning of Part 14 of the Insolvency, Restructuring and Dissolution Act 2018; and

[40/2018]

(5) Subject to this Part, the fidelity fund is to be applied for the purpose of paying to a liquidator of a member of an approved exchange that is being wound up an amount not greater than the amount that the liquidator certifies is required to make up or reduce the total deficiency arising because the available assets of the member are insufficient to satisfy any debts arising from dealings in capital markets products that have been proved in the liquidation of the member.

[2/2009; 4/2017]

(7) Where a claim has been made for a payment in respect of a deficiency referred to in subsection (2), no claim for compensation under subsection (1) or for a payment under

subsection (5) may be made in respect of the same deficiency.

(8) Where a claim has been made for a payment in respect of a deficiency referred to in subsection (5), no claim for compensation under subsection (1) or for a payment under subsection (2) may be made in respect of the same deficiency.

(9) Moneys paid under subsection (2) or (5) may only be applied by the Official Assignee, a trustee in bankruptcy, a nominee or a liquidator (as the case may be) for the purpose of satisfying debts arising from dealings in capital markets products, and for no other purpose.

[4/2017]

(10) Subject to the provisions of this section, the amount or the sum of the amounts that may be paid out of the fidelity fund under this Part for the purpose of —

must not exceed the prescribed amount.

(12) For the purposes of subsections (10) and (11), any amount paid out of the fidelity fund, to the extent to which the fund is subsequently reimbursed therefor, is disregarded.

(13) In this section, "agent", in relation to a member of an approved exchange —

(*a*) means a person who is a director, an officer, an employee or a representative of the member; and

(*b*) includes a person who has been, but at the time of any defalcation in question has ceased to be, a director, an officer, an employee or a representative of the member if, at the time of the defalcation, the person claiming compensation has reasonable grounds for believing that person to be a director, an officer, an employee or a representative of the member.

[2/2009]

(14) In this section, any reference to dealing in capital markets products is a reference to such dealing which is done or to be done —

[4/2017]

Claims against fund

187.—(1) Subject to this Part, every person who suffers pecuniary loss referred to in section 186 is entitled to claim compensation out of the fidelity fund and to take proceedings in the General Division of the High Court under this Act against an approved exchange to establish such claim.

[2/2009; 40/2019]

(2) A person does not have any claim against the fidelity fund in respect of a defalcation in respect of money or other property which prior to the commission of the defalcation had, in the due course of the administration of a trust, ceased to be under the sole control of the director or directors of the member of an approved exchange.

[2/2009]

(3) Subject to this Part, the amount which any claimant is entitled to claim as compensation out of a fidelity fund is the amount of the actual pecuniary loss suffered by the claimant (including the reasonable costs of and disbursements incidental to the making and proof of the claimant's claim) less the amount or value of all moneys or other benefits received or receivable by the claimant from any source other than the fund in reduction of the loss.

Notice calling for claims against fund

188.—(1) An approved exchange may cause to be published in a daily newspaper published and circulating generally in Singapore a notice, in or to the effect of the form prescribed, specifying a date, not being earlier than 3 months after the date of publication, on or before which claims for compensation out of the fidelity fund, in relation to the person specified in the notice, may be made.

[2/2009]

(2) A claim for compensation out of a fidelity fund in respect of a defalcation must be made in writing to the approved exchange —

(*a*) where a notice under subsection (1) has been published, on or before the date specified in the notice; or

(*b*) where no such notice has been published, within 6 months after the claimant became aware of the defalcation.

[2/2009]

(3) Any claim which is not made in accordance with subsection (2) is barred unless the approved exchange otherwise allows.

[2/2009]

(4) No action for damages shall lie against an approved exchange or against any member or employee of the approved exchange by reason of any notice published in good faith and without malice for the purposes of this section.

[2/2009]

Power of approved exchange to settle claims

189.—(1) An approved exchange may, subject to this Part, allow and settle any proper claim for compensation out of a fidelity fund at any time after the commission of the defalcation in respect of which the claim arose.

[2/2009]

(2) Subject to subsection (3), a person must not commence proceedings under this Part against an approved exchange without the consent of the approved exchange, unless —

(*a*) the approved exchange has disallowed the person's claim; and

(*b*) the claimant has exhausted all relevant rights of action and other legal remedies for the recovery of the money or other property, in respect of which the defalcation was committed, available against a member of the approved exchange in relation to whom or to which the claim arose and all other persons liable in respect of the loss suffered by the claimant.

[2/2009]

(3) A person who has been refused consent to commence proceedings under this Part by an approved exchange under subsection (2) may apply for permission to a Judge sitting in chambers in the General Division of the High Court who may make such order in the matter as he or she thinks fit.

[2/2009; 40/2019]
[Act 25 of 2021 wef 01/04/2022]

(4) An approved exchange must, after disallowing (whether wholly or in part) any claim for compensation out of a fidelity fund, serve notice of the disallowance in the prescribed form on the claimant or the claimant's solicitor.

[2/2009]

(5) No proceedings against an approved exchange in respect of a claim which has been disallowed by the exchange may be commenced after the expiration of 3 months

after service of notice of disallowance under subsection (4).

[2/2009]

(6) In any proceedings brought to establish a claim —

(*a*) evidence of any admission or confession by, or other evidence which would be admissible against, the member of an approved exchange or other person by whom it is alleged a defalcation was committed, is admissible to prove the commission of the defalcation, even though the member or other person is not the defendant in or a party to those proceedings; and

(*b*) all defences which would have been available to that member or person are available to the approved exchange.

[2/2009]

(7) An approved exchange or, where proceedings are brought to establish a claim, the General Division of the High Court, if satisfied that the defalcation on which the claim is founded was actually committed, may allow the claim and act accordingly, even though the person who committed the defalcation has not been convicted or prosecuted therefor or that the evidence on which the approved exchange or the General Division of the High Court (as the case may be) acts would not be sufficient to establish the guilt of that person upon a criminal trial in respect of the defalcation.

[2/2009; 40/2019]

Power of approved exchange to require production of evidence

190.—(1) An approved exchange may require any person to produce and deliver any contract note, document or statement of evidence necessary to support any claim made, or necessary for the purpose either of exercising its rights against a member of an approved exchange or the directors of that member or any other person concerned, or of enabling criminal proceedings to be taken against any person in respect of a defalcation.

[2/2009]

(2) Where a person who is required under subsection (1) to produce or deliver any contract note, document or statement of evidence fails to do so, the approved exchange may disallow any claim by the person under this Part.

[2/2009]

Subrogation of approved exchange to rights, etc., of claimant upon payment from fund

191. On payment out of a fidelity fund of any moneys in respect of any claim under this Part, the approved exchange is subrogated to the extent of such payment to all the rights and remedies of the claimant in relation to the loss suffered by the claimant by reason of the defalcation on which the claim was based.

[2/2009]

Payment of claims only from fund

192. No moneys or other property belonging to an approved exchange, other than the fidelity fund, is available for the payment of any claim under this Part, whether the claim is allowed by the approved exchange or is made the subject of an order of the General Division of the High Court.

[2/2009; 40/2019]

Provision where fund insufficient to meet claims or where claims exceed total amount payable

193.—(1) Where the amount at credit in a fidelity fund is insufficient to pay the whole amount of all claims against it which have been allowed or in respect of which orders of the General Division of the High Court have been made, then the amount at credit in the fund must, subject to subsection (2), be apportioned between the claimants in such manner as the approved exchange thinks equitable, and such claim must, so far as it then remains unpaid, be charged against future receipts of the fund and paid out of the fund when moneys are available therein.

[2/2009; 40/2019]

(2) Where the aggregate of all claims which have been allowed or in respect of which orders of the General Division of the High Court have been made in relation to a defalcation by or in connection with a member of an approved exchange exceeds the total amount which may, pursuant to section 186(10), be paid under this Part in respect of that member, then such total amount must be apportioned between the claimants in such manner as the approved exchange thinks equitable.

[2/2009; 40/2019]

(3) Upon payment out of the fidelity fund of such total amount in accordance with the apportionment of all such claims under subsection (2), any order relating thereto and all other claims against the fund which may thereafter arise or be made in respect of that defalcation by or in connection with that member are absolutely discharged.

Power of approved exchange to enter into contracts of insurance

194.—(1) An approved exchange may enter into any contract with any person or body of persons, corporate or unincorporate, carrying on fidelity insurance business in Singapore whereby the approved exchange will be insured or indemnified to the extent and in the manner provided by such contract against liability in respect of claims under this Part.

[2/2009]

(2) Any contract under subsection (1) may be entered into in relation to members generally, or in relation to any particular member or members named therein, or in relation to members generally with the exclusion of any particular member or members

named therein.

(3) No action shall lie against an approved exchange or against any member or employee of an approved exchange for injury alleged to have been suffered by any other member by reason of the publication in good faith of a statement that any contract entered into under this section does or does not apply with respect to it.

[2/2009]

Application of insurance moneys

195. No claimant against a fidelity fund has any right of action against any person or body of persons with whom a contract of insurance or indemnity is made under this Part in respect of such contract, or has any right or claim with respect to any moneys paid by the insurer in accordance with any such contract.

(*a*) of active trading in any capital markets products on an organised market; or

[34/2012; 4/2017]

(1A) A person must not do any thing, cause any thing to be done or engage in any course of conduct that creates, or is likely to create, a false or misleading appearance of active trading in any capital markets products on an organised market, or with respect to the market for, or the price of, any capital markets products traded on an organised market, if —

(*a*) the person knows that doing that thing, causing that thing to be done or engaging in that course of conduct (as the case may be) will create, or will be likely to create, that false or misleading appearance; or

(*b*) the person is reckless as to whether doing that thing, causing that thing to be done or engaging in that course of conduct (as the case may be) will create, or will be likely to create, that false or misleading appearance.

(*b*) the holder or representative has not given any advice to the principal in relation to the transaction or agreement or otherwise sought to procure the principal's instructions to enter into the transaction or agreement; and

(*c*) the principal is not an associate of the holder or representative.

[2/2009; 4/2017]

(2) Nothing in this section affects the application of section 218(2) or 219(2) in relation to the principal.

Parity of information defences

231.—(1) In any proceedings against a person for a contravention of section 218(2) or 219(2) because the person entered into, or procured another person to enter into, a transaction or agreement at a time when certain information was in the firstmentioned person's possession, it is a defence if the court is satisfied that —

(*a*) the information came into the firstmentioned person's possession solely as a result of the information having been made known as referred to in section 215(*b*)(i); or

(*b*) the other party to the transaction or agreement knew, or ought reasonably to have known, of the information before entering into the transaction or agreement.

(2) In an action against a person for a contravention of section 218(3) or 219(3) because the person communicated information, or caused information to be communicated, to another person, it is a defence if the court is satisfied that —

(*a*) the information came into the firstmentioned person's possession solely as a result of the information having been made known as referred in section 215(*b*)(i); or

(*b*) the other person knew, or ought reasonably to have known, of the information before the information was communicated.

Division 4 — Civil Liability

Civil penalty

232.—(1) Whenever it appears to the Authority that any person has contravened any provision in this Part, the Authority may, with the consent of the Public Prosecutor, bring an action in a court against the person to seek an order for a civil penalty in respect of that contravention.

(2) If the court is satisfied on a balance of probabilities that the person has contravened a provision in this Part, the court may make an order against the person for the payment of a civil penalty of a sum not exceeding the greater of the following:

(*a*) 3 times —

(i) the amount of the profit that the person gained as a result of the contravention; or

(ii) the amount of the loss that the person avoided as a result of the contravention;

(*b*) $2 million.

[4/2017]

(3) The civil penalty ordered under subsection (2) must not be less than —

(*a*) in the case where the person is a corporation, $100,000; and

(*b*) in any other case, $50,000.

[4/2017]

(4) Despite subsections (2) and (3), the court may make an order against a person against whom an action has been brought under this section if the Authority, with the consent of the Public Prosecutor, has agreed to allow the person to consent to the order with or without admission of a contravention of a provision in this Part and the order may be made on such terms as may be agreed between the Authority and the defendant.

(5) Nothing in this section prevents the Authority from entering into an agreement with any person to pay, with or without admission of liability, a civil penalty within the limits referred to in subsection (2) or (3) for a contravention of any provision in this Part.

(6) A civil penalty imposed under this section must be paid into the Consolidated Fund and is to be treated as a judgment debt due to the Government for the purposes of section 10 of the Government Proceedings Act 1956.

[34/2012; 4/2017]

(7) If the person fails to pay the civil penalty imposed on the person within the time specified in the court order referred to in subsection (4) or specified under the agreement referred to in subsection (5), the Authority may recover the civil penalty on behalf of the

Government as though the civil penalty were a judgment debt due to the Authority.
[34/2012]

(8) Any defence that is available to a person who is prosecuted for a contravention of any provision in this Part, is also available to a defendant to an action under this section in respect of that contravention.

Action under section 232 not to commence, etc., in certain situations

233.—(1) An action under section 232 must not be commenced after the expiration of 6 years from the date of the contravention of any of the provisions in this Part.

(2) An action under section 232 must not be commenced if the person has been convicted or acquitted in criminal proceedings for the contravention of any of the provisions in this Part, except where the person has been acquitted on the ground of the withdrawal of the charge against the person.

(3) An action under section 232 must be stayed after criminal proceedings have been commenced against the person for the contravention of any of the provisions in this Part, and may thereafter be continued only if —

(*a*) that person has been discharged in respect of that contravention and the discharge does not amount to an acquittal; or

(*b*) the charge against the person in respect of that contravention has been withdrawn.

Civil liability

234.—(1) A person who has acted in contravention of any of the provisions in this Part (called in this section and sections 235 and 236 the contravening person) is, if the contravening person had gained a profit or avoided a loss as a result of that contravention, whether or not the contravening person had been convicted or had a civil penalty imposed on the contravening person in respect of that contravention, liable to pay compensation to any person (called in this section and sections 235 and 236 the claimant) who —

(*a*) had been dealing in capital markets products of the same description contemporaneously with the contravention; and

(*b*) had suffered loss by reason of the difference between —

(i) the price at which the capital markets products were dealt in contemporaneously with the contravention; and

(ii) the price at which the capital markets products would have been

likely to have been so dealt in at the time of the contemporaneous dealing if —

(A) in the case where the contravening person had acted in contravention of section 218 or 219, the information mentioned in section 218(1) or (1A) or 219(1) (as the case may be) had been generally available; or

(B) in any other case, the contravention had not occurred.

[2/2009; 34/2012; 4/2017]

(1A) Without affecting subsection (1), the contravening person is, whether or not the contravening person had gained a profit or avoided a loss as a result of that contravention, and whether or not the contravening person had been convicted or had a civil penalty imposed on the contravening person in respect of that contravention, liable to pay compensation to the claimant, if —

(*a*) the contravening person has contravened section 199, 200 or 201 in connection with any dealing in capital markets products, by —

(i) making, disseminating or publishing any false, misleading or deceptive statement, information, promise or forecast; or

(ii) concealing or omitting to state any material fact; and

(*b*) the claimant —

(i) in reliance on that statement, information, promise or forecast or in ignorance of that concealed or omitted material fact, had (whether contemporaneously with the contravention or otherwise) been dealing in capital markets products of the same description; and

(ii) had suffered loss.

[34/2012; 4/2017]

(2) The amount of compensation that the contravening person is liable to pay to the claimant under subsection (1) is the amount of the loss suffered by the claimant referred to in subsection (1)(*b*), after deducting any amount of compensation paid or payable to the same claimant in respect of the same contravention under an order of court or an agreement to pay by the contravening person or any defendant, defendant corporation or defendant partnership under Division 4 or 5 or under an order for disgorgement under section 236L, up to the maximum amount recoverable.

[34/2012]

(2A) The amount of compensation that the contravening person is liable to pay to the claimant under subsection (1A) is —

(*a*) in any case where the claimant had contemporaneously with the contravention been dealing in capital markets products of the same description, and had suffered the loss referred to in subsection (1)(*b*), any one of the following amounts that is elected by the claimant:

(i) the amount of the loss suffered by the claimant referred to in subsection (1)(*b*), after deducting any amount of compensation paid or payable to the same claimant in respect of the same contravention under an order of court or an agreement to pay by the contravening person or any defendant, defendant corporation or defendant partnership under Division 4 or 5 or under an order for disgorgement under section 236L, up to the maximum amount recoverable;

(ii) the amount of any loss that reasonably results from the claimant's reliance on the statement, information, promise or forecast referred to in subsection (1A)(*a*)(i) or ignorance of the concealed or omitted material fact referred to in subsection (1A)(*a*)(ii), after deducting any amount of compensation paid or payable to the same claimant in respect of the same contravention under an order of court or an agreement to pay by the contravening person or any defendant, defendant corporation or defendant partnership under Division 4 or 5 or under an order for disgorgement under section 236L; or

(*b*) in any other case, the amount of any loss that reasonably results from the claimant's reliance on the statement, information, promise or forecast referred to in subsection (1A)(*a*)(i) or ignorance of the concealed or omitted material fact referred to in subsection (1A)(*a*)(ii), after deducting any amount of compensation paid or payable to the same claimant in respect of the same contravention under an order of court or an agreement to pay by the contravening person or any defendant, defendant corporation or defendant partnership under Division 4 or 5 or under an order for disgorgement under section 236L.

[34/2012; 4/2017]

(3) Any defence that is available to a person who is prosecuted for a contravention of any provision in this Part, is also available to a defendant to an action under this section in respect of the contravention.

(4) An action under this section must not be commenced after the expiration of 6 years from the date of completion of the dealing in which the loss occurred.

[34/2012; 4/2017]

(5) For the purposes of this section, in determining whether any dealing in capital markets products took place contemporaneously with the contravention, the court is to take into account the following matters:

(*a*) the volume of capital markets products of the same description dealt in between the date and time of the contravention, and the date and time of the dealing in capital markets products;

(*b*) if the contravention was effected by a transaction or transactions involving the dealing in capital markets products, the date on and time at which the transaction or transactions were cleared and settled;

(*c*) whether the dealing in capital markets products took place before or after the contravention;

(*d*) in the case of a contravention under section 203, 218 or 219, whether the dealing in capital markets products that are securities, securities-based derivatives contracts or CIS units as defined in section 214(1) (as the case may be) took place before or after the information to which the contravention relates became generally known;

(*e*) such other factors and developments, whether in Singapore or elsewhere, as the court may consider relevant.

[34/2012; 4/2017]

(6) In this section and section 236, "maximum recoverable amount", in respect of each contravention by a contravening person means —

(*a*) the amount of the profit that the contravening person gained; or

(*b*) the amount of the loss that the contravening person avoided,

as a result of the contravention, after deducting all amounts of compensation that the contravening person had previously been ordered by a court to pay, in respect of the same contravention, to other claimants (each being a claimant whose claim is one where the amount of compensation that the contravening person is liable to pay is specified under subsection (2) or (2A)(*a*)(i)).

[34/2012]

Action under section 234 not to commence, etc., in certain situations

235.—(1) Except with the permission of court, no action under section 234 may be brought against the contravening person in respect of a contravention of any of the

provisions in this Part which resulted in the contravening person gaining a profit or avoiding a loss after the commencement of —

(*a*) criminal proceedings under this Part against the contravening person for the same contravention; or

(*b*) an action under section 232 against the contravening person for the same contravention.

[Act 25 of 2021 wef 01/04/2022]

(2) Any action under section 234 against the contravening person in respect of a contravention of any of the provisions in this Part which resulted in the contravening person gaining a profit or avoiding a loss, being an action that is pending on the date of commencement of —

(*a*) criminal proceedings under this Part against the contravening person for the same contravention; or

(*b*) an action under section 232 against the contravening person for the same contravention,

must be stayed, and may not thereafter be continued except with the permission of court.

[Act 25 of 2021 wef 01/04/2022]

(3) Permission under subsection (1) or (2) may not be granted if a date has been fixed by a court under section 236(1) for the filing of claims, and in that event the claimant to the proposed action or the action that has been stayed (as the case may be) must comply with such directions relating to the filing and proof of the claimant's claim under section 236 as that court may issue in the claimant's case.

[Act 25 of 2021 wef 01/04/2022]

Civil liability in event of conviction, etc.

236.—(1) Despite section 234, where the contravening person —

(*a*) has been convicted of an offence under this Part; or

(*b*) has an order for the payment of a civil penalty made against the contravening person under section 232, other than by way of a default judgment or a consent order made with or without admission of contravention under section 232(4),

in respect of the contravention of any of the provisions in this Part, the court which convicted the contravening person or made the order against the contravening person (called in this section the relevant court) may, after the conviction or the order imposing the civil penalty has been made final, fix a date on or before which all claimants have to file and prove their claims for compensation in respect of that contravention.

[2/2009; 34/2012]

(2) For the purposes of subsection (1), the relevant court must not fix a date that is earlier than 3 months from the date the conviction or the order imposing the civil penalty (as the case may be) has been made final.

(3) Subject to subsection (3A), the relevant court may, after the expiry of the date fixed under subsection (1), make an order against the contravening person to pay compensation to each claimant who has filed and proven that claimant's claim for compensation.

[34/2012]

(3A) Where the amount of compensation that a claimant would have been entitled if the claimant had brought an action under section 234 is specified under section 234(2) or (2A)(*a*)(i), the compensation amount ordered by the relevant court for that claimant is equal to the lesser of the following amounts:

(*a*) the amount of compensation which that claimant has proven to the satisfaction of the court that the claimant would have been entitled to if the claimant had brought an action under section 234 against the contravening person;

(*b*) the pro-rated portion of the maximum recoverable amount, calculated according to the relationship which the amount referred to in paragraph (*a*) bears to the total amount of all other claims (each being a claim the claimant of which is one who, if the claimant had brought an action under section 234, would have been entitled to the amount of compensation specified under section 234(2) or (2A)(*a*)(i)) which have been proved to the court.

[34/2012]

(4) For the purposes of this section, a conviction is made final if —

(*a*) the conviction is upheld on appeal, revision or otherwise;

(*b*) the conviction is not subject to further appeal;

(*d*) any appeal against the conviction is withdrawn.

[15/2010]

(*b*) the order is not subject to further appeal;

(*c*) no notice of appeal against the imposition of the penalty is lodged within the time prescribed by Rules of Court made under section 238; or

[2/2009]
[Act 25 of 2021 wef 01/04/2022]

Civil liability in event of conviction or civil penalty

236K.—(1) Despite section 236D, 236G or 236I, where a defendant corporation, defendant partnership (including, in the case of a partnership, any of the partners) or defendant —

(*a*) has been convicted of an offence under this Division; or

(*b*) has had an order for the payment of civil penalty made against it, him or her under this Division, other than by way of a default judgment or a consent order made with or without admission of contravention,

and has gained a profit or avoided a loss as a result of the contravention by the contravening person referred to in section 236B(1), 236C(1), 236E(1), 236F(1) or 236H(1) (as the case may be) the court which convicted or made the order for a civil penalty against the defendant corporation, defendant partnership (or any of the partners thereof) or defendant may, after the conviction or the order imposing the civil penalty has been made final, fix a date on or before which all claimants have to file and prove their claims against the defendant corporation, defendant partnership or defendant (as the case may be) for compensation in respect of that contravention.

[2/2009]

(2) Section 236(2) to (5) applies, with the necessary modifications, to an action under subsection (1), and in such application —

(*a*) any reference to the contravening person is to be read as the defendant corporation, the defendant partnership or the defendant in subsection (1); and

(*b*) the reference to an action under section 234 is to be read as an action under section 236D (in relation to the defendant corporation), 236G (in relation to the defendant partnership) or 236I (in relation to the defendant), as the case may be.

[2/2009]

(3) In this section, "claimant" means any person who would qualify as a claimant to bring an action against the defendant corporation, defendant partnership or defendant under section 236D, 236G or 236I, as the case may be.

[2/2009]

Order for disgorgement against third party

236L.—(1) Without affecting any action under section 234, 236, 236D, 236G, 236I or 236K, where —

(*a*) a person has been convicted by a court of an offence in respect of a contravention of any provision in this Part;

(*b*) a person has had an order for the payment of a civil penalty made against

the person under section 232 or any of the provisions in this Division by a court, other than by way of a default judgment or a consent order made with or without admission of contravention, in respect of a contravention of any provision in this Part; or

(*c*) in an action commenced under this section, a court is satisfied on a balance of probabilities that a contravention by a person of any provision in this Part has occurred,

the court may, on the application of the Authority or any claimant, make an order against any other person (called in this section a third party) who has received the whole or any part of the benefit of that contravention for disgorgement of that benefit, being benefit derived from trades carried out for the third party by the person referred to in paragraph (*a*), (*b*) or (*c*).

[2/2009]

(2) The court must issue a notice to a third party against whom an application for an order for disgorgement under subsection (1) is made, giving the third party an opportunity to show cause, within such time as may be specified in the notice, why the order should not be made.

[2/2009]

(3) An application for an order for disgorgement under subsection (1) must not be commenced after the expiration of 6 years from the date on which the contravention referred to in that subsection was committed.

[2/2009]

(4) The court is not to make an order for disgorgement against a third party, or is not to order disgorgement of the entire benefit derived by the third party, if the court is satisfied, on a balance of probabilities, that —

(*a*) the third party acquired the benefit without knowing, and in circumstances such as not to arouse a reasonable suspicion, that the benefit was derived from the contravention referred to in subsection (1); and

(*b*) the third party has so altered the third party's position in reliance on the third party having an indefeasible interest in the benefit that, in the opinion of the court, it would be inequitable to make the order for disgorgement or to order disgorgement of the entire benefit derived by the third party, as the case may be.

[2/2009]

(5) Despite subsection (4), the court may make an order for disgorgement against a third party referred to in subsection (4) of a sum that is, in the opinion of the court, equitable.

[2/2009]

(6) The court may, after the order for disgorgement has been made final, fix a date, not earlier than 6 months from the date the order for disgorgement has been made final, on or before which all claimants have to file and prove their claims for compensation in respect of the contravention referred to in subsection (1).

[2/2009]

(7) The court may, after the expiry of the date fixed under subsection (6), order that each claimant who has filed and proven the claimant's claim for compensation be paid out of the sum under the final order for disgorgement, an amount —

(*a*) equal to the amount of loss suffered by the claimant, after deducting any other compensation paid or payable to the same claimant under an order of court or an agreement to pay in respect of the same contravention; or

(*b*) equal to the pro-rated portion of the sum under the final order for disgorgement, calculated according to the relationship which the amount referred to in paragraph (*a*) bears to all amounts proved to the court,

whichever is the lesser.

[2/2009]

(8) Any sum remaining under the order for disgorgement must be paid into the Consolidated Fund and is to be treated as a debt due to the Government for the purposes of section 10 of the Government Proceedings Act 1956.

[2/2009; 4/2017]

(9) If the third party fails to pay the sums under the order for disgorgement within the time specified in the court order under subsection (7) —

(*a*) each claimant may recover the sum due to the claimant under the order for disgorgement as though it were a judgment debt due to the claimant; and

(*b*) the remaining sum under the order for disgorgement may be recovered by the Authority as though it were a judgment debt due to the Authority and paid into the Consolidated Fund.

[2/2009]

(10) After the expiry of the date fixed under subsection (6), no person may make any subsequent application under this section for an order for disgorgement against the third party in respect of the same contravention.

[2/2009]

(11) For the purposes of this section, an order for disgorgement is made final if —

(*a*) the order is not set aside on appeal or revision or is varied only as to the sum to be disgorged;

(*b*) the order is not subject to further appeal;

(*c*) no notice of appeal against the order is lodged within the time prescribed by Rules of Court; or

(*d*) any appeal against the order is withdrawn.

[2/2009]

(12) In this section —

"benefit", in relation to a contravention of any provision in this Part, means a profit gained or loss avoided as a result of that contravention;

"claimant", in relation to a contravention of any provision in this Part, means any person who would qualify as a claimant under section 234 in respect of that contravention.

[2/2009; 34/2012]

"deposit" has the meaning given by section 4B(4) of the Banking Act 1970;

"prescribed entity" means —

(*a*) any bank licensed under the Banking Act 1970; or

(*b*) any entity or any entity of a class which has been declared by the Authority, by order in the *Gazette*, to be a prescribed entity for the purposes of this subsection.

(4A) For the purposes of this Division, references to a debenture includes a debenture, or a unit of debenture, issued by a trustee of a trust on behalf of the trust.

[4/2017]

(5) The Authority may, by written notice —

(*a*) impose such conditions or restrictions on a prescribed entity as it thinks fit; and

(*b*) at any time vary or revoke any condition or restriction so imposed,

and the prescribed entity must comply with every such condition or restriction imposed on it by the Authority that has not been revoked by the Authority.

(5A) Any person who contravenes any condition or restriction imposed under subsection (5) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(6) For the purposes of this Division, a person makes an offer of any securities or securities-based derivatives contracts if, and only if, as principal —

(*a*) the person makes (either personally or by an agent) an offer to any person in Singapore which upon acceptance would give rise to a contract for the issue or sale of those securities or securities-based derivatives contracts by the firstmentioned person or another person with whom the firstmentioned person has made arrangements for that issue or sale; or

(*b*) the person invites (either personally or by an agent) any person in Singapore to make an offer which upon acceptance would give rise to a contract for the issue or sale of those securities or securities-based derivatives contracts by the firstmentioned person or another person with whom the firstmentioned person has made arrangements for that issue or sale.

[4/2017]

(7) In subsection (6), "sale" includes any disposal for valuable consideration.

(8) This Division applies only in relation to offers of securities or securities-based derivatives contracts made on or after 1 July 2002.

[4/2017]

Authority may disapply this Division to certain offers

239A.—(1) Despite any provision to the contrary in this Division, where —

(*a*) an offer of securities or securities-based derivatives contracts is one to which (but for this section) both this Division and Division 2 apply; and

(*b*) the Authority has by order in the *Gazette* declared that this Division does not apply to that offer or a class of offers to which that offer belongs,

then this Division does not apply to that offer.

[4/2017]

(2) This Division does not apply to an offer of securities or securities-based derivatives contracts being units or derivatives of units in a business trust, where —

(*a*) the business trust is also a collective investment scheme that has been authorised under section 286 or recognised under section 287; or

(*b*) the business trust is also a collective investment scheme and the offer is made in reliance on an exemption under Subdivision (4) of Division 2.

[4/2017]

Modification of provisions to certain offers

239B. The Authority may, if it thinks it necessary in the interests of the public or a section of the public or for the protection of investors, by regulations modify or adapt the provisions of this Division in their application to such offer of securities or securities-based derivatives contracts as may be prescribed, and the provisions of this Division apply to such offer subject to such modifications or adaptations.

[2/2009; 4/2017]

Subdivision (1A) — Offers of units in and recognition of business trusts

Requirement for registration or recognition

239C.—(1) A person must not make an offer of units or derivatives of units in a business trust unless the business trust is a registered business trust or a recognised business trust.

[4/2017]

(2) Any person who contravenes subsection (1) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $150,000 or to imprisonment for a term not exceeding 2 years or to both and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

Power of Authority to recognise business trusts constituted outside Singapore

239D.—(1) The Authority may, upon an application made to it in such form and manner as may be prescribed and subject to subsection (2), recognise a business trust constituted outside Singapore.

[4/2017]

(2) The Authority may recognise a business trust under subsection (1) if and only if the Authority is satisfied that —

(*a*) the laws and practices of the jurisdiction under which the business trust is constituted and regulated affords to investors in Singapore protection at least equivalent to that provided to them under the Business Trusts Act 2004 in the case of registered business trusts;

(*b*) the business trust satisfies such criteria as may be prescribed by regulations made under section 341; and

(*c*) the person making the offer of, or the issuer of, units or derivatives of units in the business trust, or the trustee-manager of the business trust, satisfies such criteria as may be prescribed by regulations made under section 341.

[4/2017]

(3) Without affecting subsection (2), in considering whether to recognise a business trust under subsection (1), the Authority may have regard to such other factors as may be prescribed.

[4/2017]

(4) Without affecting subsection (2), the Authority may refuse to recognise any business trust where it appears to the Authority that it is not in the public interest to do so.

[4/2017]

(5) The Authority must not refuse to recognise a business trust under subsection (1) without giving the person who made the application an opportunity to be heard, except that an opportunity to be heard need not be given if the refusal is on the ground that it is not in the public interest to recognise the business trust on the basis of any of the following circumstances:

(*a*) the person making the offer (being an entity), the issuer or the trustee-manager of the business trust or the business trust itself is in the course of being wound up or otherwise dissolved, whether in Singapore or elsewhere;

(*b*) the person making the offer (being an individual) is an undischarged bankrupt, whether in Singapore or elsewhere;

(*c*) a receiver, a receiver and manager or an equivalent person has been appointed, whether in Singapore or elsewhere, in relation to or in respect of —

(i) any property of the person making the offer (being an entity) or the issuer;

(ii) any property of the trustee-manager of the business trust; or

(iii) the trust property of the business trust.

[4/2017]

(6) Any person making an application under subsection (1) may, within 30 days after the person is notified that the Authority has refused to recognise that business trust constituted outside Singapore, appeal to the Minister whose decision is final.

[4/2017]

(7) An application made under subsection (1) must be accompanied by such information or record as the Authority may require.

[4/2017]

(8) The Authority may publish for public information, in such manner as it considers appropriate, particulars of any business trust that is recognised under subsection (1).

[4/2017]

(9) While a business trust remains a recognised business trust, each of the following persons must ensure that the criteria prescribed by regulations made under section 341 in accordance with subsection (2)(*b*) and (*c*) which are applicable to the person continue to be satisfied:

(*a*) a person making an offer of units or derivatives of units in the trust;

(*b*) an issuer of units or derivatives of units in the trust;

(*c*) the trustee-manager of the trust.

[4/2017]

(10) The trustee-manager of a recognised business trust must provide such information or record regarding the business trust as the Authority may, at any time, require for the proper administration of this Act.

[4/2017]

(11) Any person who contravenes subsection (9) or (10) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 and, in the case of a continuing offence, to a further fine not exceeding $10,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

Power of Authority to impose conditions or restrictions

239E.—(1) The Authority may recognise a business trust under section 239D(1) subject to such conditions or restrictions as it thinks fit to impose on any of the following persons for the purpose of protecting investors of the business trust:

(*a*) the trustee-manager of the trust;

(*b*) a person making an offer of units or derivatives of units in the trust;

(*c*) an issuer of units or derivatives of units in the trust.

[4/2017]

(2) Each of the persons mentioned in subsection (1) must comply with the conditions or restrictions applicable to the person.

[4/2017]

(3) The Authority may, at any time, by written notice to any of the persons mentioned in subsection (1), vary any condition or restriction or impose any further condition or restriction as the Authority thinks fit.

[4/2017]

(4) Any person who contravenes any condition or restriction applicable to the person under subsection (1) or (3) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 and, in the case of a continuing offence, to a further fine not exceeding $10,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

Revocation, suspension or withdrawal of recognition

239F.—(1) The Authority may revoke the recognition of a recognised business trust granted under section 239D(1) if —

(*a*) the application for recognition, or any related information or record submitted to the Authority, whether at the same time as or subsequent to the application, was false or misleading in a material particular or omitted a material particular which, had it been known to the Authority at the time of submission, would have resulted in the Authority not granting the recognition;

(*b*) the Authority is of the opinion that the continued recognition of the business trust is or will be against the public interest;

(*c*) the Authority is of the opinion that the continued recognition of the business trust is or will be prejudicial to its unitholders or potential unitholders; or

(*d*) there has been a contravention of section 239D(9) or (10) or a condition or restriction mentioned in section 239E(1) or (3).

[4/2017]

(2) Where the Authority revokes the recognition of a recognised business trust under subsection (1), the Authority may issue any directions it thinks fit to any of the following persons:

(*a*) a person making an offer of units or derivatives of units in the business trust;

(*b*) the issuer of units or derivatives of units in the business trust;

(*c*) the trustee-manager of the business trust,

and the person must comply with such directions.

[4/2017]

(3) The directions mentioned in subsection (2) may include a direction that the person provides the holders of the units or derivatives of units with an option to redeem or sell back to the person their units or derivatives of units (as the case may be) on such terms as the Authority may approve.

[4/2017]

(4) In determining whether to issue a direction under subsection (2), the Authority must consider —

(*a*) whether the trustee-manager of the business trust is able to liquidate the property of the business trust without material adverse financial effect to the unitholders and for this purpose, the factors which the Authority may take into account include —

(i) the liquidity of the property of the business trust;

(ii) the penalties (if any) payable for liquidating the property; and

(iii) where the units of the business trust are also listed for quotation or quoted on an overseas exchange, the potential impact which the liquidation may have on unitholders in the country or territory where the units are listed; and

(*b*) where the units or derivatives of units in the business trust are listed for quotation on the official list of an approved exchange, whether the holders of the units or derivatives of units are afforded an opportunity to liquidate, sell or redeem their units or derivatives of units on reasonable terms in accordance with the requirements of the listing rules of the approved exchange.

[4/2017]

(5) A person who, without reasonable excuse, contravenes any of the directions issued by the Authority under subsection (2) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $150,000 and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

(6) Despite subsection (1), the Authority may, if it considers it desirable to do so, instead of revoking the recognition of a recognised business trust, suspend the recognition of that recognised business trust for a specific period, and may at any time remove such suspension.

[4/2017]

(7) Where the Authority revokes the recognition of a recognised business trust under subsection (1) or suspends the recognition of a recognised business trust under subsection (6), it must notify the trustee-manager of the business trust and, where the Authority deems it necessary, the person who made the application to the Authority for recognition of the business trust under section 239D(1).

[4/2017]

(8) Subject to subsection (9), the Authority may, upon a written application made to it by the trustee-manager of the business trust or the person who made the application to the Authority for recognition of a business trust under section 239D(1), in such form and manner as may be prescribed, withdraw the recognition of that recognised business trust.

[4/2017]

(9) The Authority may refuse to withdraw the recognition of a recognised business trust under subsection (8) where the Authority is of the opinion that —

(*a*) there is any matter concerning the recognised business trust which should be investigated before the recognition is withdrawn; or

(*b*) the withdrawal of the recognition would not be in the public interest.

[4/2017]

(10) The Authority must not —

(*a*) revoke the recognition of a recognised business trust under subsection (1) without giving the trustee-manager of the business trust and, where the Authority deems it necessary, the person who made the application to the Authority for recognition of the business trust under section 239D(1), an opportunity to be heard;

(*b*) impose a direction on a person mentioned in subsection (2) without giving that person an opportunity to be heard;

(*c*) suspend the recognition of a recognised business trust under subsection (6) without giving the trustee-manager of the business trust and, where the Authority deems it necessary, the person who made the application to the Authority for recognition of the business trust under section 239D(1), an opportunity to be heard; or

(*d*) refuse the withdrawal of the recognition of a recognised business trust under subsection (9) without giving the person mentioned in subsection (8) an opportunity to be heard.

[4/2017]

(11) Despite subsection (10), an opportunity to be heard need not be given for a revocation or suspension on the ground that the continued recognition of the recognised business trust is against the public interest on the basis of any of the following circumstances:

(*a*) the person making the offer (being an entity), the issuer, the trustee-manager of the recognised business trust or the recognised business trust itself, is in the course of being wound up or otherwise dissolved, whether in Singapore or elsewhere;

(*b*) the person making the offer (being an individual) is an undischarged bankrupt, whether in Singapore or elsewhere;

(*c*) a receiver, a receiver and manager or an equivalent person has been appointed, whether in Singapore or elsewhere, in relation to or in respect of —

(i) any property of the person making the offer (being an entity) or the issuer;

(ii) any property of the trustee-manager of the recognised business trust; or

(iii) the trust property of the recognised business trust.

[4/2017]

(12) The following persons may appeal to the Minister within 30 days after being notified of the following decisions of the Authority:

(*a*) where the Authority revokes the recognition of a recognised business trust under subsection (1), or suspends the recognition of a recognised business trust under subsection (6), the person or persons mentioned in subsection (7);

(*b*) where the Authority has imposed a direction on a person under subsection (2), the person mentioned in subsection (2);

(*c*) where the Authority refuses to withdraw the recognition of a recognised business trust under subsection (9), the person mentioned in subsection (8).

[4/2017]

(13) A decision of the Minister in an appeal under subsection (12) is final.

[4/2017]

(14) Where the Authority revokes a recognition under subsection (1), suspends a recognition under subsection (6) or withdraws a recognition under subsection (8), it may —

(*a*) impose such conditions on the revocation, suspension or withdrawal (as the case may be) as it considers appropriate; and

(*b*) publish notice of the revocation, suspension or withdrawal (as the case may be), and the reason for the revocation, suspension or withdrawal (as the case may be), in such manner as it considers appropriate.

[4/2017]

Subdivision (2) — Prospectus requirements

Requirement for prospectus and profile statement, where relevant

(*a*) is made in or accompanied by a prospectus in respect of the offer —

(i) that is prepared in accordance with section 243;

(ii) a copy of which, being one that has been signed in accordance with subsection (4A), is lodged with the Authority; and

(iii) that is registered by the Authority; and

[4/2017]

(2) A person who lodges a preliminary document with the Authority is deemed to have lodged a prospectus with the Authority.

(3) A preliminary document referred to in subsection (2) must contain all information to be included in a prospectus other than such information as the Authority may

prescribe.

(4) Despite subsection (1), an offer of securities or securities-based derivatives contracts may be made in or accompanied by an extract from, or an abridged version of, a prospectus (called in this section a profile statement), instead of a prospectus, if —

(*a*) a prospectus in respect of such offer is prepared in accordance with section 243, and the profile statement is prepared in accordance with section 246;

(*e*) the offer complies with such requirements as the Authority may prescribe.

[4/2017]

person of the issuer; or

(B) if the issuer is controlled by that entity, one or more of its related parties, or that entity and one or more of its related parties — by every director or equivalent person of the issuer, and every person who is named therein as a proposed director or an equivalent person of the issuer; or

(ii) in a case where the issuer is the government of a State — by every director or equivalent person of that entity; and

(*d*) where the person making the offer is the government of a State and is not the issuer —

(i) in a case where the issuer is not the government of another State —

(A) by an official of the government of the State who is authorised to sign the prospectus on its behalf; and

(B) if the issuer is controlled by that government, one or more of its related parties, or that government and one or more of its related parties — by every director or every equivalent person of the issuer, and every person who is named therein as a proposed director or an equivalent person of the issuer; or

(ii) in a case where the issuer is the government of another State — by an official of the government of the firstmentioned State who is authorised to sign the prospectus on its behalf.

(4B) A requirement under subsection (4A) for the copy of a prospectus or profile statement to be signed by a director or an equivalent person is satisfied if the copy is signed —

(4C) A requirement under subsection (4A) for the copy of a prospectus or profile statement to be signed by a person named therein as a proposed director or an equivalent person is satisfied if the copy is signed —

(*a*) by that proposed director or equivalent person; or

(*b*) by a person who is authorised in writing by that proposed director or equivalent person to sign on his or her behalf.

(5) A person must not make any offer of securities or securities-based derivatives contracts in respect of an entity or a business trust that has not been formed or does not exist.

(7) Any person who contravenes subsection (1) or (5) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $150,000 or to imprisonment for a term not exceeding 2 years or to both and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

(8) The Authority may register a prospectus or a profile statement on any day within the period prescribed by the Authority from the date of lodgment thereof with the Authority, unless —

(*a*) the Authority gives to the person making the offer a notice of an opportunity to be heard under subsection (15);

(*b*) the Authority gives to the person making the offer a notice of an extension, in which case the Authority may, not later than 28 days from the date of lodgment of the prospectus or profile statement —

(ii) give the person making the offer a notice of an opportunity to be heard under subsection (15);

(*c*) the person making the offer applies in writing to extend the period during which the prospectus or profile statement may be registered, and the Authority grants an extension as it thinks fit, in which case the Authority may, at any time up to and including the date on which the extended period ends —

(i) register the prospectus or profile statement; or

(ii) give the person making the offer a notice of an opportunity to be heard under subsection (15); or

(*d*) the person making the offer gives a written notice to the Authority to withdraw the lodgment of the prospectus or profile statement, in which case the Authority must not register the prospectus or profile statement.

[2/2009]

(8A) Where, after a notice of an opportunity to be heard has been given under subsection (8)(*a*), (*b*)(ii) or (*c*)(ii), the Authority decides not to refuse registration of the prospectus or profile statement, the Authority may proceed with the registration on such date as it considers appropriate, except that that date must not be earlier than such day from the date of lodgment of the prospectus or profile statement with the Authority as the Authority may prescribe.

[2/2009]

(8B) For the purposes of subsections (8) and (8A), the Authority may prescribe the same period and day for all offers or different periods and days for different offers.

[2/2009]

(9A) A person making an offer of securities or securities-based derivatives contracts may lodge any amendment to a prospectus or profile statement in respect of that offer at any time before, but not after, the registration of the prospectus or profile statement by the Authority.

[4/2017]

(10) Subject to subsection (11) —

(*a*) where any amendment to a prospectus is lodged, the prospectus and any profile statement which is lodged is deemed for the purposes of

subsection (8) to have been lodged when such amendment was lodged; and

(*b*) where any amendment to a profile statement is lodged, the profile statement is deemed for the purposes of subsection (8) to have been lodged when such amendment was lodged.

(11) Where an amendment to a prospectus or profile statement is lodged with the consent of the Authority, the prospectus or profile statement as amended is deemed, for the purposes of subsection (8), to have been lodged when the original prospectus or profile statement was lodged with the Authority.

(11A) An amendment to a prospectus or profile statement that is lodged is treated as part of the original prospectus or profile statement.

(*a*) a prospectus or profile statement lodged with the Authority under this section; and

(*b*) where applicable, the translation thereof in the English language lodged with the Authority under section 318A(1),

and, for the purposes of this subsection, the person making the offer must provide the Authority with a copy of the prospectus or profile statement and, where applicable, the translation in such form or medium for publication as the Authority may require.

(13) The Authority must refuse to register a prospectus if —

(*e*) the prospectus has not been registered by the Authority; or

(*f*) the Authority is of the opinion that it is not in the public interest to do so.

(15) The Authority must not refuse to register a prospectus under subsection (13) or a profile statement under subsection (14) without giving the person making the offer an opportunity to be heard, except that an opportunity to be heard need not be given if the refusal is on the ground that it is not in the public interest to register the prospectus or profile statement on the basis of any of the following circumstances:

(*a*) the person making the offer (being an entity), the issuer or the trustee-manager of the business trust or, where applicable, the underlying entity or the business trust is in the course of being wound up or otherwise

dissolved, whether in Singapore or elsewhere;

(*c*) a receiver, a receiver and manager or an equivalent person has been appointed, whether in Singapore or elsewhere, in relation to or in respect of any property of the person making the offer (being an entity), the issuer or the trustee-manager of the business trust or, where applicable, the underlying entity, or in relation to or in respect of the trust property of the business trust.

[4/2017]

(16) Any person making an offer may, within 30 days after the person is notified that the Authority has refused to register a prospectus or profile statement to which the person's offer relates under subsection (13) or (14), appeal to the Minister, whose decision is final.

(17) If —

(*a*) a prospectus or profile statement is issued, circulated or distributed before it has been registered by the Authority; or

(*b*) an application to subscribe for or purchase securities or securities-based derivatives contracts is accepted, or securities or securities-based derivatives contracts are allotted, issued or sold, before a prospectus and, where applicable, profile statement in respect of the securities or securities-based derivatives contracts has been registered by the Authority,

the person making the offer and every person who is knowingly a party to —

(*c*) the issue, circulation or distribution of the prospectus or profile statement;

(*d*) the acceptance of the application to subscribe for or purchase the securities or securities-based derivatives contracts; or

(*e*) the allotment, issue or sale of the securities or securities-based derivatives contracts,

(20) Regulations made under this section may provide that a contravention of specified provisions thereof shall be an offence and may provide penalties not exceeding a fine of $50,000.

Requirement for product highlights sheet, where relevant

240AA.—(1) A person must not make an offer of any relevant securities or securities-based derivatives contracts, being an offer that is made in or accompanied by a prospectus or profile statement that complies with section 240, unless the prospectus or profile statement is accompanied by a product highlights sheet in respect of the offer —

(*a*) that complies with such requirements as the Authority may prescribe by regulations made under section 341; and

(*b*) a copy of which is lodged with the Authority.

[34/2012; 4/2017]

(2) A person must not publish or disseminate, whether in Singapore or elsewhere, any document relating to any offer or intended offer of any relevant securities or securities-based derivatives contracts, being an offer that is, or an intended offer that will be, made in or accompanied by a prospectus or profile statement that complies with section 240, if the document resembles or may otherwise be confused with a product highlights sheet, unless the person is required to do so —

(*a*) under any written law or rule of law, or by any court, in Singapore;

(*b*) under the laws and practices of, or by any court in, any foreign jurisdiction; or

[4/2017]

(4) In deciding what information must be included under subsection (1)(*a*), regard must be had to —

[4/2017]

(7) This section does not affect any liability that a person has under any other law.

(8) In subsection (3)(*e*) —

(*b*) the prospectus must contain a statement or reference as to what the total assets and total liabilities of the entity would be if over-subscriptions to the limit specified in the prospectus were accepted or retained.

(3) Every entity or other person that contravenes subsection (1) or (2) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(2) A profile statement must not contain —

(*a*) any statement that is false or misleading in the form and context in which it is included;

247.—(1) The Authority may exempt any person or any prospectus or profile statement from any requirement of this Act relating to the form or content of a prospectus or profile statement, subject to such conditions or restrictions as the Authority may determine.

(2) The Authority must not grant an exemption under subsection (1) unless it is of the opinion that —

(*b*) it would not be prejudicial to the public interest if the requirement in respect of which exemption has been applied for were dispensed with.

(3) The Authority may exempt any class of persons, or any class or description of prospectuses or profile statements, from any requirement of this Act relating to the form or content of a prospectus or profile statement, subject to such conditions or restrictions as the Authority may determine.

(3) The Authority may subject such exemption to a requirement that such minimum number of directors or equivalent persons who are resident in Singapore as the Authority may, in that case, decide must sign the copy of the prospectus or profile statement.

(4) In the event that no director or equivalent person is resident in Singapore, the Authority may permit a duly authorised agent to sign the prospectus or profile statement so long as such authorisation is supported by a resolution of the board of the entity.

(5) The Authority may, if satisfied that a particular entity cannot comply with any of the requirements in subsection (3) or (4), grant the exemption applied for.

(6) Any prospectus or profile statement that complies with the terms of exemption granted by the Authority is deemed to be a prospectus or profile statement for the purposes of this Division and a copy of such prospectus or profile statement must be registered by the Authority.

[4/2017]

(2) If any prospectus or profile statement is issued in contravention of subsection (1), the person making the offer and every person who is knowingly a party to the issue thereof shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 12 months or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

250.—(1) A person must not make an offer of securities or securities-based derivatives contracts, or allot, issue or sell any securities or securities-based derivatives contracts, on the basis of a prospectus or profile statement after the expiration of the period referred to in subsection (3).

[4/2017]

(2) In a case where an entity makes an offer of securities or securities-based derivatives contracts or where the securities or securities-based derivatives contracts being offered are those issued by an entity or a proposed entity, an officer or equivalent person or a promoter of the entity or proposed entity must not authorise or permit —

(*a*) the offer of those securities or securities-based derivatives contracts; or

unless the advertisement or publication is authorised by this section.

[4/2017]

(2) In determining whether a statement —

(*a*) indirectly refers to an offer or intended offer of securities or securities-based derivatives contracts; or

(*b*) is reasonably likely to induce persons to subscribe for or purchase securities or securities-based derivatives contracts,

regard must be had to whether the statement —

(*c*) forms part of the normal advertising —

(i) of an entity's products or services and is genuinely directed at maintaining its existing customers, or attracting new customers, for those products or services; or

(ii) by a trustee-manager of a business trust on behalf of the business trust in respect of the products or services offered by the trustee-manager on behalf of the business trust, and is genuinely directed at maintaining existing customers, or attracting new customers, for those products or services;

(*e*) is likely to encourage investment decisions being made on the basis of the statement rather than on the basis of information contained in a prospectus or profile statement.

[4/2017]

(3) Despite subsection (6), a person may, before a prospectus or profile statement is registered by the Authority, disseminate a preliminary document which has been lodged with the Authority to institutional investors, relevant persons as defined in section 275(2) or persons to whom an offer referred to in section 275(1A) is to be made without contravening subsection (1), if —

"This is a preliminary document and is subject to further amendments and completion in the prospectus to be registered by the Monetary Authority of Singapore.";

(ii) a statement that a person to whom a copy of the preliminary document has been issued must not circulate it to any other person; and

(iii) a statement in bold lettering that no offer or agreement may be made on the basis of the preliminary document to purchase or subscribe for any securities or securities-based derivatives contracts to which the preliminary document relates;

(*b*) the preliminary document does not contain or have attached to it any form of application that will facilitate the making by any person of an offer of the securities or securities-based derivatives contracts to which the preliminary document relates, or the acceptance of such an offer by any person; and

(*c*) when the prospectus is registered by the Authority, the person takes reasonable steps to notify the persons to whom the preliminary document was issued that the registered prospectus is available for collection.

[4/2017]

(4) Despite subsection (6), a person does not contravene subsection (1) —

(*a*) by presenting, before a prospectus or profile statement is registered by the Authority, oral or written material on matters contained in a preliminary document which has been lodged with the Authority, to institutional investors, relevant persons as defined in section 275(2) or persons to whom an offer referred to in section 275(1A) is to be made; or

(*b*) by presenting oral or written material on matters contained in a prospectus, profile statement or product highlights sheet which has been lodged with the Authority in respect of an offer of securities or securities-based derivatives contracts, before the prospectus or profile statement is registered by the Authority, for the sole purpose of equipping any of the following persons with knowledge of the securities or securities-based derivatives contracts in order to enable the person to carry on the regulated activity of dealing in capital markets products that are securities or

securities-based derivatives contracts, or to provide any financial advisory service in relation to the securities or securities-based derivatives contracts:

(i) a person licensed under this Act in respect of dealing in capital markets products that are securities or securities-based derivatives contracts;

(*c*) there is an omission to state a new circumstance that —

(i) has arisen since the prospectus or the profile statement was lodged with the Authority; and

the persons referred to in subsection (4) shall be guilty of an offence even if such persons, unless otherwise specified, were not involved in the making of the false or misleading statement or the omission, and shall be liable on conviction to a fine not exceeding $150,000 or to imprisonment for a term not exceeding 2 years or to both and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

(2) For the purposes of subsection (1), a false or misleading statement about a future matter (including the doing of, or the refusal to do, an act) is taken to have been made if a person made the statement without having reasonable grounds for making the statement.

(3) A person does not contravene subsection (1) if the false or misleading statement, or the omission to state any information or new circumstance, is not materially adverse from the point of view of the investor.

(4) The persons guilty of the offence are —

(*a*) the person making the offer;

(*b*) where the person making the offer is an entity —

(i) each director or equivalent person of the entity; and

(ii) if the entity is also the issuer, each person who is, and who has consented to be, named in the prospectus or profile statement as a proposed director or an equivalent person of the entity;

(i) the issue manager intentionally or recklessly makes the false or misleading statement or omits to state the information or circumstance;

(ii) knowing that the statement in the prospectus or profile statement is false or misleading or that the information or circumstance has been omitted, the issue manager fails to take such remedial action as is appropriate in the circumstances without delay; or

(iii) the issue manager is reckless as to whether the statement is false or misleading or whether the information or circumstance has been included;

(*e*) an underwriter (but not a sub-underwriter) to the issue or sale of the securities or securities-based derivatives contracts who is, and who has consented to be, named in the prospectus or profile statement, if —

(i) the underwriter intentionally or recklessly makes the false or misleading statement or omits to state the information or circumstance;

(ii) knowing that the statement is false or misleading or that the information or circumstance has been omitted, the underwriter fails to take such remedial action as is appropriate in the circumstances without delay; or

(iii) the underwriter is reckless as to whether the statement is false or misleading or whether the information or circumstance has been included;

(*f*) a person named in the prospectus or the profile statement with the person's consent as having made —

(i) the statement that is false or misleading, if the person intentionally or recklessly makes that statement; or

(ii) a statement on which the false or misleading statement is based, if the person knows that the second-mentioned statement is false or misleading and fails to take immediate steps to withdraw the person's consent,

but only in respect of the inclusion of the false or misleading statement; and

(*g*) any other person who intentionally or recklessly makes the false or misleading statement, or omits to state the information or circumstance (as the case may be) but only in respect of the inclusion of the statement or the omission to state the information or circumstance, as the case may be.

[4/2017]

(5) For the purposes of subsection (4) and this subsection —

(*a*) remedial action includes any of the following:

(i) preventing the statement from being included, or having the information or circumstance included, in the prospectus or profile statement, as the case may be;

(ii) procuring the lodgment of a supplementary or replacement prospectus under section 241; and

(i) make all inquiries as are reasonable in the circumstances to verify this; and

(ii) take such remedial action as is appropriate in the circumstances without delay, if such action is warranted by the outcome of the inquiries.

(6) For the purposes of this section, any reference to a statement includes a reference

to any information presented, regardless of whether such information is in text or otherwise.

the persons referred to in subsection (3) are liable to compensate any person who suffers loss or damage as a result of the false or misleading statement in or omission from the prospectus or the profile statement, even if such persons, unless otherwise specified, were not involved in the making of the false or misleading statement or the omission.

[4/2017]

(2) For the purposes of subsection (1), a false or misleading statement about a future matter (including the doing of, or the refusal to do, an act) is taken to have been made if a person makes the statement without having reasonable grounds for making the statement.

[4/2017]

Defences

255.—(1) A person referred to in section 253(4)(*a*), (*b*) or (*c*) is not liable under section 253(1), and a person referred to in section 254(3) is not liable under section 254(1), only because of a false or misleading statement in a prospectus or a profile statement if the person proves that the person —

(*a*) made all inquiries (if any) that were reasonable in the circumstances; and

(*b*) after doing so, believed on reasonable grounds that the statement was not false or misleading.

(2) A person referred to in section 253(4)(*a*), (*b*) or (*c*) is not liable under section 253(1), and a person referred to in section 254(3) is not liable under section 254(1), only because of an omission from a prospectus or a profile statement in relation to a particular matter if the person proves that the person —

(*a*) made all inquiries (if any) that were reasonable in the circumstances; and

(*b*) after doing so, believed on reasonable grounds that there was no omission from the prospectus or profile statement in relation to that matter.

(3) A person is not liable under section 253(1) or 254(1) only because of a false or misleading statement in, or an omission from, a prospectus or a profile statement if the person proves that the person placed reasonable reliance on information given to the person by —

(*a*) if the person is an entity, someone other than —

(i) a director or an equivalent person; or

(ii) an employee or agent,

of the entity; or

(*b*) if the person is an individual, someone other than an employee or agent of the individual.

(5) A person who is named in a prospectus or a profile statement as —

(*a*) a proposed director or an equivalent person of the issuer, or an issue manager or underwriter;

256. [*Repealed by Act 1 of 2005*]

Document containing offer of securities or securities-based derivatives contracts for sale deemed prospectus

257.—(1) Subsection (2) applies where —

(*a*) an entity allots or agrees to allot to any person any securities or securities-based derivatives contracts of the entity or a business trust (as the case may be) with a view to all or any of them being subsequently offered for sale to another person; and

(*b*) such offer (called in this section a subsequent offer) does not qualify for an

exemption under Subdivision (4) of this Division (other than section 280).

[4/2017]

(2) Any document by which the subsequent offer is made is for all purposes deemed to be a prospectus issued by the entity, and the entity is for all purposes deemed to be the person making the offer, and all written laws and rules of law as to the contents of prospectuses and to liability in respect of statements and non-disclosure in prospectuses, or otherwise relating to prospectuses, apply and have effect accordingly as if —

(*a*) an offer of securities or securities-based derivatives contracts has been made; and

(*b*) persons accepting the subsequent offer in respect of any securities or securities-based derivatives contracts were subscribers therefor,

but without affecting the liability (if any) of the persons making the subsequent offer, in respect of statements or non-disclosures in the document or otherwise.

[4/2017]

(3) For the purposes of this Act, unless the contrary is proved, it is sufficient evidence that an allotment of, or an agreement to allot, securities or securities-based derivatives contracts was made with a view to the securities or securities-based derivatives contracts being subsequently offered for sale if it is shown —

(*a*) that an offer of the securities or securities-based derivatives contracts or of any of them for sale was made within 6 months after the allotment or agreement to allot; or

(*b*) that at the date when the offer was made the whole consideration to be received by the entity in respect of the securities or securities-based derivatives contracts had not been so received.

[4/2017]

(4) The requirements of this Division as to prospectuses have effect as though the persons making the subsequent offer were persons named in the prospectus as directors or equivalent persons of the entity.

(5) In addition to complying with the other requirements of this Division, the document making the subsequent offer must state —

(*a*) the net amount of the consideration received or to be received by the entity in respect of the securities or securities-based derivatives contracts being offered; and

(*b*) the place and time at which a copy of the contract under which the securities or securities-based derivatives contracts have been or are to be allotted may be inspected.

[4/2017]

Application and moneys to be held in trust in separate bank account until allotment

258.—(1) All application and other moneys paid prior to allotment by any applicant on account of securities or securities-based derivatives contracts offered to the applicant must, until the allotment of the securities or securities-based derivatives contracts, be held by the person making the offer of the securities or securities-based derivatives contracts upon trust for the applicant in a separate bank account, being a bank account that is established and kept by the person solely for the purpose of depositing the application and other moneys that are paid by applicants for those securities or securities-based derivatives contracts.

[4/2017]

(2) There is no obligation or duty on any bank with which any such moneys have been deposited to enquire into or see to the proper application of those moneys, so long as the bank acts in good faith.

(3) Any person who contravenes subsection (1) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 2 years or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

Allotment of securities or securities-based derivatives contracts where prospectus indicates application to list on approved exchange

259.—(1) Where a prospectus states or implies that application has been or will be made for permission for the securities or securities-based derivatives contracts offered thereby to be listed for quotation on any approved exchange, and —

(*a*) the permission is not applied for in the form required by the approved exchange within 3 days from the date of the issue of the prospectus; or

(*b*) the permission is not granted before the expiration of 6 weeks from the date of the issue of the prospectus or such longer period not exceeding 12 weeks from the date of the issue as is, within those 6 weeks, notified to the applicant by or on behalf of the approved exchange,

then —

(*c*) any allotment whenever made of securities or securities-based derivatives contracts made on an application pursuant to the prospectus is, subject to subsection (3), void; and

(*d*) any person who continues to allot such securities or securities-based derivatives contracts after the period specified in paragraph (*a*) or (*b*), shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $150,000 or to imprisonment for a term not exceeding 2 years or to both and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

(2) Where the permission has not been applied for, or has not been granted as mentioned under subsection (1), the person making the offer must, subject to subsection (3), immediately repay without interest all moneys received from applicants pursuant to the prospectus, and if any such moneys is not repaid within 14 days after the person making the offer so becomes liable to repay them, then —

(*a*) the person making the offer is liable to repay those moneys with interest at the rate of 10% per annum from the expiration of such 14 days; and

(*b*) where the person making the offer is an entity, in addition to the liability of the entity, the directors or equivalent persons of the entity are jointly and severally liable to repay those moneys with interest at the rate of 10% per annum from the expiration of such 14 days.

(3) Where in relation to any securities or securities-based derivatives contracts —

(*a*) permission is not applied for as mentioned in subsection (1)(*a*); or

(*b*) permission is not granted as mentioned in subsection (1)(*b*),

the Authority may, on the application of the issuer made before any of the securities or securities-based derivatives contracts is purported to be allotted, exempt the allotment of the securities or securities-based derivatives contracts from the provisions of this section, and the Authority must give notice of such exemption in the *Gazette*.

[4/2017]

(4) A director or an equivalent person is not liable under subsection (2) if he or she proves that the default in the repayment of the money was not due to any misconduct or negligence on his or her part.

(5) Any condition requiring or binding any applicant for securities or securities-based derivatives contracts to waive compliance with any requirement of this section or purporting to do so is void.

[4/2017]

(6) Without limiting the application of any of its provisions, this section has effect —

(*a*) in relation to any securities or securities-based derivatives contracts agreed

to be taken by a person underwriting an offer thereof contained in a prospectus as if the person had applied therefor pursuant to the prospectus; and

(*b*) in relation to a prospectus offering securities or securities-based derivatives contracts for sale as if a reference to sale were substituted for a reference to allotment.

[4/2017]

(7) All moneys received from applicants pursuant to the prospectus must be kept in a separate bank account so long as the person making the offer may become liable to repay it under subsection (2).

(8) Any person who contravenes subsection (7) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 12 months or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(9) Where the approved exchange has within the time specified in subsection (1)(*b*) granted permission subject to compliance with any requirements specified by the approved exchange, permission is deemed to have been granted by the approved exchange if the directors or equivalent persons have given to the approved exchange an undertaking in writing to comply with the requirements of the approved exchange.

[4/2017]

(10) If any such undertaking referred to in subsection (9) is not complied with, each director or equivalent person who is in default shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(11) A person must not issue a prospectus inviting persons to subscribe for securities or securities-based derivatives contracts of an entity if it includes —

(*a*) a false or misleading statement that permission has been granted for those securities or securities-based derivatives contracts to be listed for quotation on, dealt in or quoted on any approved exchange; or

(*b*) any statement in any way referring to any such permission or to any application or intended application for any such permission, or to listing for quotation, dealing in or quoting the securities or securities-based derivatives contracts on any approved exchange, or to any requirement of an approved exchange, unless —

(i) that statement is or is to the effect that permission has been granted, or that application has been or will be made to the approved exchange within 3 days after the date of the issue of the prospectus; or

(ii) that statement has been approved by the Authority for inclusion in the prospectus.

[4/2017]

(12) Any person who contravenes subsection (11) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 12 months or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(13) Where a prospectus contains a statement to the effect that the memorandum and articles or other constituent document or documents of the issuer comply, or have been drawn so as to comply, with the requirements of any approved exchange, the prospectus is, unless the contrary intention appears from the prospectus, deemed for the purposes of this section to imply that application has been, or will be, made for permission for the securities or securities-based derivatives contracts to which the prospectus relates to be listed for quotation on the approved exchange.

[4/2017]

Prohibition of allotment unless minimum subscription received

260.—(1) A person must not make an allotment of any securities or securities-based derivatives contracts of a company or business trust unless —

(*a*) the minimum subscription has been subscribed; and

(*b*) the sum payable on application for the securities or securities-based derivatives contracts so subscribed has been received by the company or the trustee-manager, as the case may be.

[4/2017]

(1A) Despite subsection (1), if a cheque for the sum payable mentioned in subsection (1) has been received by the company or the trustee-manager of the business trust (as the case may be), the sum is treated as not having been received by the company or the trustee-manager (as the case may be) until the cheque is paid by the bank on which the cheque is drawn.

[4/2017]

(2) The minimum subscription must —

(*a*) be calculated based on the price at which each share or debenture, each unit of share or debenture, or each unit or derivative of a unit in a business trust, is or will be offered; and

(*b*) be reckoned exclusively of any amount payable otherwise than in cash.

[4/2017]

(3) The amount payable on application on each share or debenture, or each unit of share or debenture, or each unit or derivative of a unit in a business trust, offered must not be less than 5% of the price at which the share or debenture, or unit of share or debenture, or unit or derivative of a unit in a business trust, is or will be offered.

[4/2017]

(4) If the conditions referred to in subsection (1)(*a*) and (*b*) have not been satisfied on the expiration of 4 months after the first issue of the prospectus, all moneys received from applicants for securities or securities-based derivatives contracts must be immediately repaid to them without interest.

[4/2017]

(5) If any money mentioned in subsection (4) is not repaid within 5 months after the issue of the prospectus, the directors of the company or the directors of the trustee-manager of the business trust (as the case may be) are jointly and severally liable to repay that money with interest at the rate of 10% per annum from the expiration of the period of 5 months.

[4/2017]

(6) A director is not liable under subsection (5) if the director proves that the default in the repayment of the money was not due to any misconduct or negligence on the part of the director.

[4/2017]

(7) An allotment made by a company or a trustee-manager of a business trust to an applicant in contravention of this section is voidable at the option of the applicant, which option may be exercised by written notice served —

(*a*) if the allotment is made by a company, on the company —

(i) within one month after the holding of the statutory meeting of the company; or

(ii) where the company is not required to hold a statutory meeting, or where the allotment is made after the holding of the statutory meeting, within one month after the date of the allotment; or

(*b*) if the allotment is made by a trustee-manager of a business trust, on the trustee-manager of the business trust within one month after the date of the

allotment.

[4/2017]

(7A) The allotment mentioned in subsection (7) is voidable even if the company or business trust is in the course of being wound up.

[4/2017]

(7B) A trustee-manager of a business trust which contravenes any of the provisions of this section shall be guilty of an offence and shall be liable, in addition to the penalty or punishment for the offence —

(*a*) to pay into the trust property of the business trust any loss, damages or costs which the business trust (represented by any diminishment in value to the trust property of the business trust) has sustained or incurred as a consequence of such contravention; and

(*b*) to compensate the allottee for any loss, damages or costs which the allottee has sustained or incurred as a consequence of such contravention.

[4/2017]

(7C) Every director of a trustee-manager of a business trust who knowingly contravenes or permits or authorises the contravention of any of the provisions of this section shall be guilty of an offence and shall be liable, in addition to the penalty or punishment for the offence —

(*a*) to pay into the trust property of the business trust any loss, damages or costs which the business trust (represented by any diminishment in value to the trust property of the business trust) has sustained or incurred as a consequence of such contravention; and

(*b*) to compensate the allottee for any loss, damages or costs which the allottee has sustained or incurred as a consequence of such contravention.

[4/2017]

(7D) Every director of a company who knowingly contravenes or permits or authorises the contravention of any of the provisions of this section shall be guilty of an offence and shall be liable, in addition to the penalty or punishment for the offence —

(*a*) to compensate the company for any loss, damages or costs which the company has sustained or incurred as a consequence of such contravention; and

(*b*) to compensate the allottee for any loss, damages or costs which the allottee has sustained or incurred as a consequence of such contravention.

[4/2017]

(8) No proceedings for the recovery of any compensation under subsection (7) may

be commenced after the expiration of 2 years from the date of the allotment.

(9) Any condition requiring or binding any applicant for securities or securities-based derivatives contracts to waive compliance with any requirement of this section is void.
[4/2017]

Subdivision (3) — Debentures

Preliminary provisions

261.—(1) Subject to subsection (1A), this Subdivision applies where an entity makes an offer of debentures.

(1A) Sections 268, 269 and 270 do not apply if the borrowing entity is a prescribed entity.

(1B) In subsections (1A) and (1C), "prescribed entity" means —

(*a*) any bank licensed under the Banking Act 1970; or

(*b*) any entity or entity of a class which has been declared by the Authority, by order in the *Gazette*, to be a prescribed entity for the purposes of this section.

(1C) The Authority may, by written notice —

(*a*) impose such conditions or restrictions on a prescribed entity as it thinks fit; and

(*b*) at any time vary or revoke any condition or restriction so imposed,

and the prescribed entity must comply with every such condition or restriction imposed on it by the Authority that has not been revoked by the Authority.

(1D) Any person who contravenes any condition or restriction imposed under subsection (1C)(*a*) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(2) [*Deleted by Act 1 of 2005*]

(3) In this Subdivision, a corporation is related to another corporation if it is deemed to be related to that other corporation by virtue of section 6 of the Companies Act 1967.

Offer of asset-backed securities

262.—(1) An offer of asset-backed securities is made only if they are issued by —

(*a*) a special purpose vehicle other than a trust; or

(*b*) the trustee of a trust that is a special purpose vehicle.

(2) The Authority may exempt any person or class of persons from this section, subject to such conditions or restrictions as the Authority may determine.

(3) In this section —

"asset-backed securities" means debentures or units of debentures issued pursuant to a securitisation transaction;

"securitisation transaction" means an arrangement that involves the sale, transfer or assignment of assets to a special purpose vehicle where —

(*a*) such sale, transfer or assignment is funded by the issue of debentures or units of debentures (whether by that special purpose vehicle or another special purpose vehicle); and

(*b*) payments in respect of such debentures or units of debentures are or will be principally derived, directly or indirectly, from the cash flows generated by the assets;

"special purpose vehicle" means an entity that is established solely in order to, or a trust that is established solely in order for its trustee to, do either or both of the following:

(*a*) hold (whether as a legal or equitable owner) the assets from which payments to holders of any asset-backed securities are or will be primarily derived;

(*b*) issue any asset-backed securities.

263. [*Repealed by Act 16 of 2003*]

264. [*Repealed by Act 16 of 2003*]

Power of court in relation to certain irredeemable debentures

265.—(1) Despite anything in any debenture or trust deed, the security for any debentures which are irredeemable or redeemable only on the happening of a contingency is, if the court so orders, enforceable, immediately or at such other time as the court directs if, on the application of the trustee for the holders of the debentures or (where there is no trustee) on the application of any holder of the debentures, the court is satisfied that —

(*a*) at the time of the issue of the debentures the assets of the borrowing entity which constituted or were intended to constitute the security therefor were sufficient or likely to become sufficient to discharge the principal debt and any interest thereon;

(*b*) the security, if realised under the circumstances existing at the time of the application, would be likely to bring not more than 60% of the principal sum of moneys outstanding (regard being had to all prior charges and charges ranking pari passu, if any); and

(*c*) the assets covered by the security, on a fair valuation on the basis of a going concern after allowing a reasonable amount for depreciation are worth less than the principal sum and the borrowing entity is not making sufficient profit to pay the interest due on the principal sum or (where no definite rate of interest is payable) interest thereon at such rate as the court considers would be a fair rate to expect from a similar investment.

(2) Subsection (1) does not affect any power to vary rights or accept any compromise or arrangement created by the terms of the debentures or the relevant trust deed or under a compromise or arrangement between the borrowing entity and creditors.

Requirement for trustees

265A.—(1) Where an offer of debentures is made in or accompanied by a prospectus, the borrowing entity must appoint a trustee for the holders of debentures (called in this section the appointed trustee) for the entire tenure of the debentures.

[34/2012]

(2) The borrowing entity must ensure that —

(*a*) where the debentures are asset-backed securities or structured notes, the appointed trustee is any of the following persons:

(i) a holder of a trust business licence under the Trust Companies Act 2005 that is carrying on business in Singapore in that capacity;

(ii) a bank licensed under the Banking Act 1970 that is carrying on business in Singapore in that capacity;

[34/2012]

Duties of trustees

266.—(1) A trustee for the holders of debentures must —

(*a*) at all times exercise due diligence and vigilance in carrying out its functions and duties, and in safeguarding the rights and interests of the holders of debentures;

(*b*) ensure that it has the ability and powers to perform all of its duties as set out in the trust deed;

(*c*) ensure that any trustee appointed for the holders of any collateral upon which the debentures are secured is subject to duties that are at least equivalent to those imposed under paragraphs (*a*) and (*b*); and

(*d*) comply with such other requirements as the Authority may prescribe by regulations made under section 341, or as the Authority may impose in respect of any particular offer or transaction relating to the debentures.

[34/2012]

(2) Where, after due inquiry, the trustee for the holders of debentures at any time is of the opinion that the assets of the borrowing entity and of any of its guarantor entities which are or should be available whether by way of security or otherwise, are insufficient, or likely to become insufficient, to discharge the principal debt as and when it becomes due, the trustee may apply to the Authority for an order under this subsection.

(3) The Authority, on such application —

(*a*) after giving the borrowing entity an opportunity of making representations in relation to that application, by written order served on the entity at its

registered office in Singapore, may impose such restrictions on the activities of the borrowing entity, including restrictions on advertising for deposits or loans and on borrowing by the entity as the Authority thinks necessary for the protection of the interests of the holders of the debentures; or

(*b*) may, and if the borrowing entity so requires, must direct the trustee to apply to the court for an order under subsection (5); and the trustee must apply accordingly.

(4) Where —

(*a*) after due inquiry, the trustee at any time is of the opinion that the assets of the borrowing entity and of any of its guarantor entities which are or should be available, whether by way of security or otherwise, are insufficient or likely to become insufficient, to discharge the principal debt as and when it becomes due; or

(*b*) the borrowing entity has contravened an order made by the Authority under subsection (2),

the trustee may, and where the borrowing entity has requested the trustee to do so, must apply to the court for an order under subsection (5).

(5) Where an application is made to the court under subsection (3) or (4), the court may, after giving the borrowing entity an opportunity to be heard, by order, do all or any of the following things:

(*a*) direct the trustee to convene a meeting of the holders of the debentures for the purpose of placing before them such information relating to their interests and such proposals for the protection of their interests as the trustee considers necessary or appropriate, and of obtaining their directions in relation thereto and give such directions in relation to the conduct of the meeting as the court thinks fit;

(*b*) stay all or any actions or proceedings before any court by or against the borrowing entity;

(*c*) restrain the payment of any moneys by the borrowing entity to the holders of debentures of the borrowing entity or to any class of such holders;

(*d*) appoint a receiver of such of the property as constitutes the security (if any) for the debentures;

(*e*) give such further directions from time to time as may be necessary to

protect the interests of the holders of the debentures, the members of the borrowing entity or any of its guarantor entities or the public,

but in making any such order the court must have regard to the rights of all creditors of the borrowing entity.

(6) The court may vary or rescind any order made under subsection (5) as the court thinks fit.

(7) A trustee in making any application to the Authority or to the court must have regard to the nature and kind of the security given when the offer of the debentures was made, and if no security was given must have regard to the position of the holders of the debentures as unsecured creditors of the borrowing entity.

(8) A trustee may rely upon any certificate or report given or statement made by any advocate and solicitor, auditor or officer of the borrowing entity or guarantor entity if it has reasonable grounds for believing that such advocate and solicitor, auditor or officer was competent to give or make the certificate, report or statement.

Powers of trustee to apply to court for directions, etc.

267.—(1) A trustee for the holders of debentures may apply to the court —

(*a*) for directions in relation to any matter arising in connection with the performance of the functions of the trustee; or

(*b*) to determine any question in relation to the interests of the holders of debentures.

(2) The court may —

(*a*) give such directions to the trustee as the court thinks fit; and

(*b*) if satisfied that the determination of the question will be just and beneficial, accede wholly or partially to any such application on such terms and conditions as the court thinks fit or make such other order on the application as the court thinks just.

(3) The court may, on an application under this section, order a meeting of all or any of the holders of debentures to be called to consider any matters in which they are concerned and to advise the trustee on those matters and may give such ancillary or consequential directions as the court thinks fit.

(4) The meeting must be held and conducted in such manner as the court directs, by a chairperson nominated by the trustee or such other person as the meeting appoints.

Right of Authority, approved exchange and holders of debentures to apply to court for order

267A. Without affecting any other right of action or remedy in any written law or rule of law, a holder of debentures, the Authority or an approved exchange (in a case where the debentures are quoted or listed for quotation on that approved exchange) may apply to the court for an order to compel the trustee for the holders of such debentures to perform the trustee's duties as set out in the trust deed relating to those debentures, and the court may either make the order on such terms as it considers appropriate, or dismiss the application.

Obligations of borrowing entity

268.—(1) [*Deleted by Act 34 of 2012*]

(2) [*Deleted by Act 34 of 2012*]

(3) [*Deleted by Act 34 of 2012*]

(4) Where there is a trustee for the holders of any debentures issued by a borrowing entity, the borrowing entity and each of its guarantor entities which has guaranteed the repayment of the moneys raised by the issue of those debentures must, whether or not any demand therefor has been made —

(*a*) in writing provide the trustee, within 21 days after the creation of the charge, with the particulars of any charge created by the entity or the guarantor entity, as the case requires; and

(*b*) when the amount to be advanced on the security of the charge is indeterminate, in writing provide the trustee, within 7 days after the advance, with particulars of the amount or amounts in fact advanced.

(5) Where any such advance referred to in subsection (4)(*b*) is merged in a current account with bankers or trade creditors, it is sufficient for particulars of the net amount outstanding in respect of any such advance to be provided every 3 months.

(6) The directors or equivalent persons of every borrowing entity and of every guarantor entity must cause to be made out and lodged with the trustee for the holders of the debentures, if any —

(*a*) a profit and loss account for the first 6 months of every financial year of the entity and a balance sheet as at the end of that period, not later than 3 months after the expiration of the period of 6 months; and

(*b*) a profit and loss account for every financial year of the entity and a balance sheet as at the end of that period, not later than 5 months after the

expiration of that financial year.

[34/2012]

(6A) Any person who provides any information contained in a profit and loss account or balance sheet required under subsection (6) must use due care to ensure that the information is not false or misleading in any material particular.

[34/2012]

(7) Any person who fails to comply with subsection (6) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $15,000 and, in the case of a continuing offence, to a further fine not exceeding $1,000 for every day or part of a day during which the offence continues after conviction.

(7A) Any person who contravenes subsection (6A) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 2 years or to both.

[34/2012]

(8) Sections 201(8), (9), (10), (12), (13), (14), (15) and (16) and 207(1), (2) and (7) of the Companies Act 1967 are, with such adaptations as are necessary, applicable to every profit and loss account and balance sheet made out and lodged under subsection (6) as if that profit and loss account and balance sheet were financial statements referred to in those sections.

[35/2014]

(9) Where the directors or equivalent persons of a borrowing entity, or the directors or equivalent persons of a guarantor entity, do not lodge with the trustee the profit and loss accounts and balance sheets as required under subsection (6) within the time prescribed under that subsection, the trustee must immediately lodge notice of that fact with the Authority.

[34/2012]

(10) Despite anything in subsection (8) —

(*a*) a profit and loss account and balance sheet of a borrowing entity or its guarantor entity required to be made out and lodged in accordance with subsection (6)(*a*) need not be audited; and

(*b*) a profit and loss account and balance sheet of a borrowing entity or its guarantor entity required to be made out and lodged in accordance with subsection (6)(*b*) need not be audited, or the audit thereof may be of a limited nature or extent, if the trustee for the holders of the debentures of the borrowing entity has, by written notice, consented to the audit being dispensed with or being of a limited nature or extent, as the case may be.

[2/2009]

(11) Where the trustee has by written notice given the trustee's consent under subsection (10), the directors or equivalent persons of the borrowing entity, or the directors or equivalent persons of the guarantor entity, in respect of whose profit and loss account and balance sheet the notice was given, must lodge with the Authority a copy of the notice at the time when the profit and loss account and balance sheet to which the notice relates are lodged with the Authority.

(12) Despite anything in this section, a profit and loss account and balance sheet of a borrowing entity or its guarantor entity required to be made out and lodged in accordance with subsection (6) may, unless the trustee for the holders of the debentures of the borrowing entity otherwise requires in writing, be based upon the value of the stock in trade of the borrowing entity or the guarantor entity (as the case may be) as reasonably estimated by the directors or equivalent persons of the borrowing entity or guarantor entity.

(13) The estimation of the directors or equivalent persons referred to in subsection (12) must be made on the basis of the values of such stock in trade as adopted for the purpose of the profit and loss account and balance sheet of that entity laid before the entity at its last preceding annual general meeting and certified in writing by the directors or equivalent persons as such.

Additional obligations of borrowing entity, where debentures are not listed on approved exchange

268A.—(1) A borrowing entity that issues any debentures which are not listed on an approved exchange (called in this section unlisted debentures) must, if the unlisted debentures have a tenure of 12 months or longer, prepare and make available to the holders of the debentures, in respect of the period of 6 months beginning on the date of issuance of the debentures and each subsequent period of 6 months, a report covering the period of 6 months (called in this section a semi-annual report), in accordance with this section and such other requirements as the Authority may prescribe by regulations made under section 341.

[34/2012; 4/2017]

(2) The borrowing entity must ensure that each semi-annual report covering a period of 6 months is lodged with the trustee for the holders of the unlisted debentures, not later than 2 months after the end of that period.

[34/2012]

(3) Where the borrowing entity does not lodge with the trustee for the holders of unlisted debentures a semi-annual report as required under subsection (2), the trustee must immediately lodge notice of that fact with the Authority.

[34/2012]

(4) A borrowing entity must immediately disclose, in such form and manner as the Authority may prescribe by regulations made under section 341, to holders of unlisted debentures any information which may materially affect —

(*a*) the risks and returns of the unlisted debentures; or

(*b*) the price or value of the unlisted debentures.

[34/2012]

(5) Any person who contravenes subsection (1), (2) or (4) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $20,000 and, in the case of a continuing offence, to a further fine not exceeding $2,000 for every day or part of a day during which the offence continues after conviction.

[34/2012]

(6) Where the terms of any unlisted debentures provide for redemption at the option of the holder of the unlisted debentures, the borrowing entity must —

(*a*) make available bid or redemption prices of the unlisted debentures, at the frequency at which the borrowing entity has committed to buying back the unlisted debentures or once every fortnight, whichever is more frequent, in such form and manner as the Authority may prescribe by regulations made under section 341;

(*b*) if the published bid prices are indicative and may not be the actual bid prices, clearly state this fact, wherever the published bid prices appear, in such form and manner as the Authority may prescribe by regulations made under section 341; and

(*c*) ensure that the bid or redemption prices are determined in an independent and fair manner.

[34/2012]

(7) A borrowing entity must ensure that each profit and loss account or balance sheet that its directors or equivalent persons are required to lodge under section 268(6) is made available, in such form and manner as the Authority may prescribe by regulations made under section 341, to holders of unlisted debentures, on the day of lodgment of the profit and loss account or balance sheet (as the case may be) with the trustee for the holders of the unlisted debentures.

[34/2012]

(8) Any person who contravenes subsection (6) or (7) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $15,000 and, in the case of a continuing offence, to a further fine not exceeding $1,000 for every day or part of a day during which the offence continues after conviction.

[34/2012]

(9) Any person who provides any information contained in a semi-annual report required under subsection (2) must use due care to ensure that the information is not false or misleading in any material particular.

[34/2012]

(10) Any person who contravenes subsection (9) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 2 years or to both.

[34/2012]

Obligation of guarantor entity to provide information

269.—(1) For the purpose of the preparation of a report that, by this Subdivision, is required to be signed by or on behalf of the directors or equivalent persons, or persons approved by the Authority, of a borrowing entity or any of them, that borrowing entity may, by written notice, require any of its guarantor entities to provide it with any information relating to that guarantor entity which is, by this Subdivision, required to be contained in that report.

(2) The guarantor entity must provide the borrowing entity with the information required under subsection (1) before such date, being a date not earlier than 14 days after the notice is given, as may be specified in that behalf in the notice.

(3) A guarantor entity which fails to comply with a requirement contained in a notice given under subsection (1) and every officer or equivalent person of that entity who is in default shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $20,000 and, in the case of a continuing offence, to a further fine not exceeding $2,000 for every day or part of a day during which the offence continues after conviction.

Loans and deposits to be immediately repayable on certain events

270.—(1) Where there is, in any prospectus issued in connection with an offer of debentures, a statement as to any particular purpose or project for which the moneys received by the borrowing entity in response to the offer are to be applied, the borrowing entity must, where there is a trustee for the holders of those debentures, from time to time make reports to the trustee as to the progress that has been made towards achieving such purpose or completing such project.

(2) Each such report must be included in the report required to be provided to the trustee for the holders of the debentures under section 268(1).

(3) When it appears to the trustee for the holders of the debentures that such purpose or project has not been achieved or completed —

(*a*) within the time stated in the prospectus within which the purpose or project is to be achieved or completed; or

(*b*) where no such time was stated, within a reasonable time,

the trustee may and, if in the trustee's opinion it is necessary for the protection of the interests of the holders of the debentures, must give written notice to the borrowing entity requiring it to repay the moneys so received by the borrowing entity and, within one month after such notice is given, lodge with the Authority a copy thereof.

(4) The trustee must not give notice under subsection (3) if the trustee is satisfied —

(*a*) that the purpose or project has been substantially achieved or completed;

(*b*) that the interests of the holders of debentures have not been materially prejudiced by the failure to achieve or complete the purpose or project within the time stated in the prospectus or within a reasonable time; or

(*c*) that the failure to achieve the purpose or project was due to circumstances beyond the control of the borrowing entity that could not reasonably have been foreseen by the borrowing entity at the time that the prospectus was issued.

(5) Upon receipt by the borrowing entity of a notice referred to in subsection (3), the borrowing entity is liable to repay, and on demand in writing by a person entitled thereto must immediately repay to the person any moneys owing to the person as the result of a loan or deposit made in response to the offer unless —

(*a*) before the moneys were accepted by the borrowing entity, the borrowing entity had given written notice to the persons from whom the moneys were received specifying the purpose or project for which the moneys would in fact be used and the moneys were accepted by the borrowing entity accordingly; or

(*b*) the borrowing entity by written notice served on the holders of the debentures —

(i) had specified the purpose or project for which the moneys would in fact be applied by the borrowing entity; and

(ii) had offered to repay the moneys to the holders of the debentures, and that person had not within 14 days after the receipt of the notice, or such longer time as was specified in the notice, in writing demanded from the borrowing entity repayment of the money.

(6) Where the borrowing entity has given written notice as provided in subsection (5), specifying the purpose or project for which the moneys will in fact be applied by the borrowing entity, this section applies and has effect as if the purpose or project so specified in the notice was the particular purpose or project specified in the prospectus as the purpose or project for which the moneys were to be applied.

Liability of trustees for debenture holders

271.—(1) Subject to this section, any provision contained in a trust deed relating to or securing an issue of debentures, or in any contract with the holders of debentures secured by a trust deed, is void insofar as it would have the effect of exempting a trustee thereof from or indemnifying the trustee against liability for breach of trust where the trustee fails to show the degree of care and diligence required as trustee.

(2) Subsection (1) does not invalidate —

(*a*) any release otherwise validly given in respect of anything done or omitted to be done by a trustee before the giving of the release; or

(*b*) any provision enabling such a release to be given —

(i) on the agreement thereto of a majority of not less than three fourths in nominal value of the debenture holders present and voting in person or, where proxies are permitted, by proxy at a meeting summoned for the purpose; and

(ii) either with respect to specific acts or omissions or on the dissolution of the trustee or on the trustee's ceasing to act.

(3) Subsection (1) does not operate —

(*a*) to invalidate any provision in force on 29 December 1967 so long as any trustee then entitled to the benefit of that provision remains a trustee of the deed in question; or

(*b*) to deprive any trustee of any exemption or right to be indemnified in respect of anything done or omitted to be done by the trustee while any such provision was in force.

[2/2009; 4/2017]

(2) For the purposes of subsection (1)(*b*), where any notice, circular, material, publication or other document is issued in connection with the offer, the person making the offer is deemed to have given the statement and notification to the person to whom the offer is made in accordance with that provision if such statement or notification is contained in the first page of that notice, circular, material, publication or document.

(3) For the purposes of subsection (1), a personal offer of securities or securities-based derivatives contracts is one that —

276.—(1) Despite sections 272A, 272B, 273(1)(*d*), (*e*) and (*f*), 277, 278 and 279 but subject to subsection (7), where securities or securities-based derivatives contracts initially acquired pursuant to an offer made in reliance on an exemption under section 274 or 275 are sold within the period of 6 months from the date of the initial acquisition to any person other than —

(*a*) an institutional investor;

(*b*) a relevant person as defined in section 275(2); or

(*c*) any person pursuant to an offer referred to in section 275(1A),

then Subdivisions (2) and (3) of this Division apply to the offer resulting in that sale.

[2/2009; 4/2017]

(1A) The reference to the sale of securities or securities-based derivatives contracts under subsection (1) includes —

(*a*) where the securities or securities-based derivatives contracts initially acquired are debentures, or units of shares or debentures, with an attached right of conversion into shares or debentures, a reference to the sale of the converted shares or debentures; and

(*b*) where the securities or securities-based derivatives contracts initially acquired are derivatives of units in a business trust, with an attached right of conversion into units in the business trust, a reference to the sale of the units in the business trust.

[4/2017]

(2) Where securities or securities-based derivatives contracts initially acquired pursuant to an offer made in reliance on an exemption under section 274 or 275 are sold to —

(*a*) an institutional investor;

(*b*) a relevant person as defined in section 275(2); or

(*c*) any person pursuant to an offer referred to in section 275(1A),

Subdivisions (2) and (3) of this Division do not apply to the offer resulting in that sale.

[4/2017]

(3) Subject to subsection (7), securities or securities-based derivatives contracts of a corporation (other than a corporation that is an accredited investor) —

(*a*) the sole business of which is to hold investments; and

(*b*) the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor,

must not be transferred within 6 months after the corporation has acquired any securities or securities-based derivatives contracts pursuant to an offer made in reliance on an exemption under section 275 unless —

(*c*) that transfer —

(i) is made only to institutional investors or relevant persons as defined in section 275(2); or

(ii) arises from an offer referred to in section 275(1A);

(*d*) no consideration is or will be given for the transfer; or

(*e*) the transfer is by operation of law.

[2/2009; 4/2017]

(4) Subject to subsection (7), where —

(*a*) the sole purpose of a trust (other than a trust the trustee of which is an accredited investor) is to hold investments; and

(*b*) each beneficiary of the trust is an individual who is an accredited investor,

the beneficiaries' rights and interest (howsoever described) in the trust must not be transferred within 6 months after securities or securities-based derivatives contracts are acquired for the trust pursuant to an offer made in reliance on an exemption under section 275 unless —

(*c*) that transfer —

(i) is made only to institutional investors or relevant persons as defined in section 275(2); or

(ii) arises from an offer that is made on terms that such rights or interest are acquired at a consideration of not less than $200,000 (or its equivalent in a foreign currency) for each transaction, whether such amount is to be paid for in cash or by exchange of securities or securities-based derivatives contracts or other assets;

(*d*) no consideration is or will be given for the transfer; or

(*e*) the transfer is by operation of law.

[2/2009; 4/2017]

(5) To avoid doubt, the reference to beneficiaries in subsection (4) includes a reference to unitholders of a business trust and participants of a collective investment scheme.

(6) To avoid doubt, where any securities or securities-based derivatives contracts are acquired pursuant to an offer made in reliance on an exemption under section 274 or 275, an offer to sell those securities or securities-based derivatives contracts may be made in reliance on an exemption under section 273(1)(*d*) or (*e*) after 6 months have elapsed from the date of the firstmentioned offer.

[4/2017]

(7) Subsections (1), (3) and (4) do not apply where the securities or securities-based derivatives contracts of the corporation that are acquired are of the same class as other securities or securities-based derivatives contracts of the corporation —

(*a*) that are listed for quotation on an approved exchange; and

(*b*) in respect of which any offer information statement, introductory document, shareholders' circular for a reverse take-over, document issued for the purposes of a scheme of arrangement, or any other similar document approved by an approved exchange, was issued in connection with —

(i) an offer of those securities or securities-based derivatives contracts; or

(ii) the listing for quotation of those securities or securities-based derivatives contracts.

Offer made using offer information statement

277.—(1) Subject to subsection (1A), Subdivisions (2) and (3) of this Division (other

than section 257) do not apply to an offer of securities or securities-based derivatives contracts (not being such securities or securities-based derivatives contracts as may be prescribed by regulations made under section 341) if the following conditions are satisfied:

(*a*) where the securities or securities-based derivatives contracts offered —

(i) are units of shares or debentures, those units of shares or debentures are issued by an entity whose shares are listed for quotation on an approved exchange, whether by means of a rights issue or otherwise; and

(ii) are units or derivatives of units in a business trust, the units or derivatives of units in the business trust are issued by a trustee-manager acting in its capacity as the trustee-manager of the business trust, where units of the business trust which have been previously issued are listed for quotation on an approved exchange, whether by means of a rights issue or otherwise;

(*b*) an offer information statement relating to the offer which complies with such requirements as to form and content as may be prescribed by regulations made under section 341 is lodged with the Authority;

(*c*) either —

(i) the offer is made in, or accompanied by, the offer information statement mentioned in paragraph (*b*); or

(ii) all the conditions in subsection (1B) are satisfied.

[4/2017]

(1A) Subsection (1) only applies to an offer of securities or securities-based derivatives contracts referred to in that subsection made within a period of 6 months from the date the offer information statement relating to that offer is lodged with the Authority.

[2/2009; 4/2017]

(1AB) In relation to an offer of securities —

(*a*) where the securities are issued, whether by means of a rights issue or otherwise, by a subsidiary (called in this section the subsidiary) of an entity whose shares are listed for quotation on an approved exchange (called in this section the listed entity); and

(*b*) where the listed entity has guaranteed, or has agreed to guarantee, unconditionally and irrevocably, all payment obligations (whether in cash,

in kind or otherwise) of the subsidiary arising from the securities,

the Authority may, on the application of the subsidiary or the listed entity, declare by written notice to the applicant that the provision of an offer information statement in lieu of a prospectus relating to an offer of securities would not be prejudicial to investors of such securities.

[4/2017]

(1AC) Where the Authority makes a declaration mentioned in subsection (1AB) in relation to an offer of securities, Subdivisions (2) and (3) of this Division (other than section 257) do not apply to the offer of securities for a period of 6 months starting on the date of the declaration if all of the following conditions are satisfied:

(*a*) the offer information statement relating to the offer of securities —

(i) complies with such requirements as to form and content as may be prescribed by regulations made under section 341;

(ii) is signed by every director, or equivalent person, of the subsidiary and the listed entity; and

(iii) is lodged by the subsidiary or the listed entity, with the Authority;

(*b*) either —

(i) the offer of securities is made in, or accompanied by, the offer information statement mentioned in paragraph (*a*); or

(ii) all the conditions in subsection (1B) are satisfied.

[4/2017]

(1AD) The Authority may, on making a declaration under subsection (1AB), provide that the offer of securities may only be made subject to such conditions or restrictions as the Authority may impose.

[4/2017]

(1B) The conditions mentioned in subsections (1)(*c*)(ii) and (1AC)(*b*)(ii) are —

(*a*) the offer is made using any automated teller machine or such other electronic means as the Authority may prescribe;

(*b*) the automated teller machine or prescribed electronic means indicates to a prospective subscriber or buyer —

(i) how the prospective subscriber or buyer can obtain, or arrange to

receive, a copy of the offer information statement in respect of the offer; and

(ii) that the prospective subscriber or buyer should read the offer information statement before submitting an application,

before enabling the prospective subscriber or buyer to submit any application to subscribe for or purchase securities or securities-based derivatives contracts; and

(*c*) the person making the offer complies with such other requirements as the Authority may prescribe.

[4/2017]

(2) The Authority may, on the application of any person interested, modify the prescribed form and content of the offer information statement in such manner as is appropriate, subject to such conditions or restrictions as the Authority may determine.

(3) Sections 249, 249A, 253, 254 and 255 apply in relation to an offer information statement referred to in subsection (1) or (1AC) as they apply in relation to a prospectus.

[4/2017]

(4) For the purposes of subsection (3) —

(*a*) a reference in section 249 or 249A to the registration of the prospectus is to be read as a reference to the lodgment of the offer information statement;

(*b*) a reference in section 253 or 254 to any information or new circumstance required to be included in a prospectus under section 243 is to be read as a reference to any information prescribed under subsection (1)(*b*); and

(*c*) in relation to an offer information statement mentioned in subsection (1AC), a reference in section 253(4)(*a*), (*b*) or (*c*) or 254(3)(*a*), (*b*) or (*c*) to the person making the offer is to be read as a reference to the subsidiary and the listed entity.

[4/2017]

(5) Where the written consent of an expert is required to be given under section 249 (as applied in relation to an offer information statement under subsection (3)), that written consent must be lodged with the Authority at the same time as the lodgment of the statement.

(6) Where the written consent of an issue manager or underwriter is required to be given under section 249A (as applied in relation to an offer information statement under subsection (3)), that written consent must be lodged with the Authority at the same time as the lodgment of the statement.

(7) A person must not advertise an offer or intended offer of any securities or securities-based derivatives contracts referred to in subsection (1), or publish a statement that directly or indirectly refers to the offer or intended offer, or that is reasonably likely to induce persons to subscribe for or purchase the securities or securities-based derivatives contracts, unless the advertisement or publication complies with such requirements as the Authority may prescribe by regulations made under section 341.

[34/2012; 4/2017]

(8) Any person who contravenes subsection (7), or who knowingly authorises or permits the publication or dissemination of any advertisement or statement referred to in that subsection, shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 12 months or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

[34/2012]

Offer in respect of international debentures

278.—(1) Subdivisions (2) and (3) of this Division (other than section 257) do not apply to an offer of debentures, or units of debentures, by a body incorporated in a country outside Singapore where the offer —

(*a*) is made by the holder of a capital markets services licence to deal in capital markets products that are securities or securities-based derivatives contracts or an exempt person under section 99(1)(*a*) or (*b*), to such institutional, professional or business investors as the Authority may, by order in the *Gazette*, specify, being persons or bodies that appear to the Authority to have sufficient expertise to understand any risk involved in buying or selling those debentures, or units of debentures (whether as principal or agent); and

(*b*) complies with the conditions specified in subsection (2).

[4/2017]

(2) The conditions referred to in subsection (1)(*b*) are that —

(*a*) the debentures, or units of debentures, are denominated in a currency, other than the Singapore dollar, and each debenture, or each unit of debenture, has a face value of at least US$5,000 or its equivalent in another currency; and

(*b*) the shares of the issuing corporation are listed on a recognised securities exchange or the offer is guaranteed by a corporation whose shares are listed on a recognised securities exchange.

(3) The Authority may by order in the *Gazette* add to, vary or amend the conditions specified in subsection (2).

Offer of debentures made by Government or international financial institutions

279. Subdivisions (2) and (3) of this Division do not apply to an offer of debentures, or units of debentures, made by or guaranteed by —

(*a*) the Government; or

(*b*) an international financial institution in which Singapore holds membership of any class or description, whether or not it holds any share in the share capital of that institution.

Making offer using automated teller machine or electronic means

280.—(1) Subject to subsection (3) and such requirements as the Authority may prescribe, a person making an offer of securities or securities-based derivatives contracts using —

(*a*) any automated teller machine; or

(*b*) such other electronic means as the Authority may prescribe,

is exempted from the requirement under section 240(1)(*a*) that the offer be made in or accompanied by a prospectus in respect of the offer or, where applicable, the requirement under section 240(4) that the offer be made in or accompanied by a profile statement in respect of the offer.

[4/2017]

(2) To avoid doubt, a prospectus which complies with all other requirements of section 240(1)(*a*) or, where applicable, a profile statement which complies with all other requirements of section 240(4) must still be prepared and issued in respect of any offer referred to in subsection (1).

(3) Subsection (1) does not apply unless the automated teller machine or prescribed electronic means indicates to a prospective subscriber or buyer —

(*a*) how the prospective subscriber or buyer can obtain, or arrange to receive, a copy of the prospectus or, where applicable, profile statement in respect of the offer; and

(*b*) that the prospective subscriber or buyer should read the prospectus or, where applicable, profile statement before submitting an application,

before enabling the prospective subscriber or buyer to submit any application to subscribe for or purchase securities or securities-based derivatives contracts.

[4/2017]

Information relating to certain offers

280A. The Authority may, by regulations made under section 341, require any person or class of persons to provide the Authority with such information relating to an offer of securities or securities-based derivatives contracts made or proposed to be made in reliance on an exemption under any provision of this Subdivision.

[4/2017]

Revocation of exemption

281.—(1) Where the Authority considers that a person is contravening, or is likely to contravene, or has contravened any condition or restriction imposed under section 273(6), or that it is necessary in the public interest or for the protection of investors, it may revoke any exemption under this Subdivision, subject to such conditions as it thinks fit.

(2) The Authority may revoke an exemption under subsection (1) without giving the person affected by the revocation an opportunity to be heard, but the person may, within 14 days of the revocation, apply to the Authority for the revocation to be reviewed by the Authority, and the revocation remains in effect unless it is withdrawn by the Authority.

(3) A revocation made under this section is final and there is no appeal from the revocation.

Transactions under exempted offers subject to Division 2 of Part 12 of Companies Act 1967 and Part 12 of this Act

282. To avoid doubt, it is declared that in relation to any transaction carried out under an exempted offer under this Part, nothing in this Part limits or diminishes any liability which any person may incur in respect of any relevant offence under Division 2 of Part 12 of the Companies Act 1967 or Part 12 of this Act or any penalty, award of compensation or punishment in respect of any such offence.

Subdivision (5) — General

(*c*) to a trustee appointed under section 265A(1).

[34/2012]

(2) Any person to whom a notice is given under subsection (1) must comply with every direction contained in the notice.

[34/2012]

(3) It is not necessary to publish any direction issued under subsection (1) in the *Gazette*.

[34/2012]

(4) Any person who contravenes a direction issued to the person under subsection (1) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

[34/2012]

(5) No criminal or civil liability shall be incurred by a trustee appointed under section 265A(1), or by any person acting on behalf of such a trustee, for any thing done (including any statement made) or omitted to be done with reasonable care and in good faith in the course of, or in connection with, the compliance or purported compliance with a direction issued to the trustee under subsection (1).

(2) The Authority may revise the Code on Collective Investment Schemes by deleting, amending or adding to the provisions thereof.

(3) The Code on Collective Investment Schemes is deemed not to be subsidiary legislation.

Authority may disapply this Division to certain offers and invitations

284A. Despite any provision to the contrary in this Division, where —

(*a*) an offer of units in a collective investment scheme is one to which (but for this section) both this Division and Division 1 apply; and

(*b*) the Authority has by order in the *Gazette* declared that this Division does not apply to that offer or a class of offers to which that offer belongs,

then this Division (other than section 283A) does not apply to that offer.

[2/2009]

Division not to apply to certain collective investment schemes which are business trusts

collective investment scheme, where —

(*a*) the collective investment scheme is also a registered business trust; or

(*b*) the collective investment scheme is also a business trust and the offer is made in reliance on an exemption under Subdivision (3) of Division 1A.

[2/2009]

Modification of provisions to certain offers

284C. The Authority may, if it thinks it necessary in the interests of the public or a section of the public or for the protection of investors, by regulations modify or adapt the provisions of this Division in their application to such offer of units in a collective investment scheme as may be prescribed, and the provisions of this Division apply to such offer subject to such modifications or adaptations.

[2/2009]

Subdivision (2) — Authorisation and recognition

(2) Any person who contravenes subsection (1) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $150,000 or to imprisonment for a term not exceeding 2 years or to both and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

Authorised schemes

286.—(1) The Authority may, upon an application made to the Authority in such form and manner as may be prescribed by regulations made under section 341, authorise a collective investment scheme constituted in Singapore, subject to —

(*a*) subsection (2) or (2A), as the case may be;

(*b*) the conditions specified in subsection (3); and

(*c*) such conditions or restrictions as the Authority thinks fit to impose by written notice.

[34/2012; 44/2018]

(1A) The Authority may, at any time, by written notice to the responsible person for a collective investment scheme authorised under subsection (1), vary or revoke any condition or restriction imposed by the Authority under subsection (1)(*c*) or impose such further condition or restriction as the Authority thinks fit.

[34/2012]

(2) The Authority may authorise, under subsection (1), a collective investment scheme which is constituted as a unit trust if and only if the Authority is satisfied that —

(*a*) there is a manager for the scheme which satisfies the requirements in subsection (3);

(*b*) there is a trustee for the scheme approved under section 289;

(*c*) there is a trust deed in respect of the scheme entered into by the manager and the trustee for the scheme that complies with prescribed requirements; and

(*d*) the scheme, the manager for the scheme and the trustee for the scheme comply with this Act and the Code on Collective Investment Schemes.

(2A) The Authority may authorise under subsection (1) a collective investment scheme constituted as a VCC or a sub-fund, if and only if the Authority is satisfied that —

(*a*) there is a manager for the scheme that satisfies the requirements in subsection (3);

(*b*) there is a custodian for the scheme that is a trustee approved under section 289;

(*c*) the constitution of the VCC and contractual arrangements in respect of the scheme comply with prescribed requirements and the Variable Capital Companies Act 2018;

(*d*) there are at least 3 directors of the VCC, at least one of whom is independent in accordance with the criteria set out in the Code on Collective Investment Schemes; and

(*e*) the VCC, the scheme, the manager for the scheme and the custodian for the scheme comply with this Act and the Code on Collective Investment Schemes.

[44/2018]

(3) It is a condition for the authorisation of a collective investment scheme under subsection (1) that —

(i) any person who is or will be employed by or associated with the manager;

(ii) any person exercising influence over the manager; or

(iii) any person exercising influence over a related corporation of the manager.

[2/2009; 4/2017; S 376/2008]

(4) The Authority may authorise, under subsection (1), a collective investment scheme which is not constituted as a unit trust, a VCC or a sub-fund if and only if the Authority is satisfied that the scheme and the manager for the scheme comply with such requirements as may be prescribed.

[44/2018]

(5) Without affecting subsection (2) or (2A), the Authority may refuse to authorise any collective investment scheme under subsection (1) where it appears to the Authority that it is not in the public interest to do so.

[2/2009; 44/2018]

(6) The Authority must not refuse to authorise a collective investment scheme under

subsection (1) without giving the person who made the application an opportunity to be heard, except that an opportunity to be heard need not be given if the refusal is on the ground that it is not in the public interest to authorise the collective investment scheme on the basis of any of the following circumstances:

(*a*) the person making the offer (being an entity), the responsible person or the collective investment scheme itself, is in the course of being wound up or otherwise dissolved, whether in Singapore or elsewhere;

(*b*) the person making the offer (being an individual) is an undischarged bankrupt, whether in Singapore or elsewhere;

(*c*) a receiver, a receiver and manager or an equivalent person has been appointed, whether in Singapore or elsewhere, in relation to or in respect of any property of the person making the offer (being an entity), the responsible person or the collective investment scheme.

(7) The responsible person for a collective investment scheme may, within 30 days after the responsible person is notified that the Authority has refused to authorise that scheme under subsection (1), appeal to the Minister whose decision is final.

(8) An application made under subsection (1) must be accompanied by such information or record as the Authority may require.

(9) The Authority may publish for public information, in such manner as it considers appropriate, particulars of any collective investment scheme authorised under subsection (1).

(10) The responsible person for a collective investment scheme authorised under subsection (1) and either —

(*a*) the approved trustee for the scheme if it is one constituted as a unit trust; or

(*b*) the custodian for the scheme if it is one constituted as a VCC or sub-fund,

to the extent applicable, must ensure that —

(*c*) every condition or requirement set out in subsection (2) or (2A) (as the case may be), and subsections (3) and (4); and

(*d*) every condition or restriction imposed by the Authority under subsection (1)(*c*) or (1A),

as applicable to that scheme, continue to be satisfied.

[44/2018]

(10A) The manager of an authorised real estate investment trust must —

(*a*) act in the best interests of all the participants of the authorised real estate investment trust as a whole; and

(*b*) give priority to the interests of all the participants of the authorised real estate investment trust as a whole over the manager's own interests and the interests of the shareholders of the manager in the event of a conflict between the interests of all the participants as a whole and the manager's own interests or the interests of the shareholders of the manager.

[4/2017]

(10B) A director of the manager of an authorised real estate investment trust must —

(*a*) take all reasonable steps to ensure that the manager discharges its duties under subsection (10A); and

(*b*) give priority to the interests of all the participants of the authorised real estate investment trust as a whole over the interests of the manager and the shareholders of the manager in the event of a conflict between the interests of all the participants as a whole and the interests of the manager or the shareholders of the manager.

[4/2017]

(10C) The duty of a director of the manager mentioned in subsection (10B) overrides any conflicting duty of such director under section 157 of the Companies Act 1967.

[4/2017]

(10D) Civil or criminal proceedings may not be brought against a director of the manager of an authorised real estate investment trust for a breach of section 157 of the Companies Act 1967, any fiduciary duty or any other duty under common law, in relation to any act or omission if such act or omission was required by subsection (10B).

[4/2017]

(10E) To avoid doubt, no action or proceedings of any kind may be brought by or on behalf of all or any of the participants of an authorised real estate investment trust against a director of the manager of that authorised real estate investment trust for any breach or alleged breach of the duties imposed by subsection (10B) except to the extent and in the manner provided for under section 295C.

[4/2017]

(11) Despite subsection (10), a failure by any person to comply with the Code on Collective Investment Schemes does not of itself render that person liable to criminal proceedings but such failure may, in any proceedings whether civil or criminal, be relied upon by any party to the proceedings as tending to establish or to negate any liability which is in question in the proceedings.

(12) If any person fails to comply with the Code on Collective Investment Schemes,

the Authority may, in addition to, or as an alternative to any action under section 288, take such other action as it deems fit.

(13) The responsible person for a collective investment scheme which is authorised under subsection (1) must provide such information or record regarding the scheme as the Authority may, at any time, require for the proper administration of this Act.

(14) Where the manager for a collective investment scheme which is constituted as a unit trust and authorised under subsection (1) fails to comply with this Act or the Code on Collective Investment Schemes, the Authority may direct the trustee for the scheme to remove that person and appoint a new manager for the scheme.

(14A) Where the manager for a collective investment scheme that is constituted as a VCC or a sub-fund, and authorised under subsection (1), fails to comply with this Act or the Code on Collective Investment Schemes, the Authority may direct the VCC to remove that person and appoint a new manager for the scheme.

[44/2018]

(15) Any person who contravenes subsection (10) or (13) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 and, in the case of a continuing offence, to a further fine not exceeding $10,000 for every day or part of a day during which the offence continues after conviction.

(16) A manager of an authorised real estate investment trust which contravenes subsection (10A) —

(*a*) shall be liable to all the participants of the authorised real estate investment trust as a whole —

(i) for any profit or financial gain directly or indirectly made by the manager or any of its related corporations; or

(ii) for any damage suffered by all the participants of the authorised real estate investment trust as a whole,

as a result of the contravention; and

(*b*) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000.

[4/2017]

(17) A director of the manager of an authorised real estate investment trust who contravenes subsection (10B) —

(*a*) shall be liable to all the participants of the authorised real estate investment trust as a whole —

(i) for any profit or financial gain directly or indirectly made by the director or the manager or any related corporation of the manager; or

(ii) for any damage suffered by all the participants of the authorised real estate investment trust as a whole,

as a result of the contravention; and

(*b*) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 or to imprisonment for a term not exceeding 2 years or to both.

[4/2017]

Recognised schemes

287.—(1) The Authority may, upon an application made to the Authority in such form and manner as may be prescribed by regulations made under section 341, recognise a collective investment scheme constituted outside Singapore, subject to —

(*a*) subsection (2);

(*b*) the conditions specified in subsection (3); and

(*c*) such conditions or restrictions as the Authority thinks fit to impose by written notice.

[34/2012]

(1A) The Authority may, at any time, by written notice to the responsible person for a collective investment scheme recognised under subsection (1), vary or revoke any condition or restriction imposed by the Authority under subsection (1)(*c*) or impose such further condition or restriction as the Authority thinks fit.

[34/2012]

(2) In determining whether to recognise a collective investment scheme under subsection (1), the Authority may have regard to the following factors:

(*a*) whether the laws and practices of the jurisdictions under which the scheme is constituted and regulated affords to investors in Singapore protection at least equivalent to that provided to them by or under this Division in the case of comparable authorised schemes;

(*b*) such other criteria as may be prescribed by regulations made under section 341.

[4/2017]

(3) Unless otherwise notified in writing by the Authority to the responsible person of the collective investment scheme, the following conditions must be satisfied for the recognition of every collective investment scheme under subsection (1):

(*a*) there is a manager for the scheme that —

(i) is licensed or regulated in the jurisdiction of its principal place of business; and

(ii) is a fit and proper person in the opinion of the Authority, and in considering if a person is a fit and proper person, the Authority may take into account any matter relating to —

(A) any person who is or will be employed by or associated with the manager;

(B) any person exercising influence over the manager; or

(C) any person exercising influence over a related corporation of the manager;

(*b*) there is a representative for the scheme for the functions set out in subsection (13) who is —

(i) an individual resident in Singapore; or

(ii) a company, or a foreign company registered under Division 2 of Part 11 of the Companies Act 1967;

(*c*) the scheme, the manager for the scheme and (where applicable) the trustee for the scheme comply with this Act and the Code on Collective Investment Schemes; and

(*d*) the responsible person for the collective investment scheme furnishes to the Authority —

(i) the name of the representative mentioned in paragraph (*b*) and the representative's address (where such representative is a corporation) or contact particulars (where such representative is an individual); and

(ii) any information prescribed by regulations made under section 341.

[4/2017]

(4) Without affecting subsection (2), the Authority may refuse to recognise any

collective investment scheme under subsection (1) where it appears to the Authority that it is not in the public interest to do so.

[2/2009]

(5) The Authority must not refuse to recognise a collective investment scheme under subsection (1) without giving the person who made the application an opportunity to be heard, except that an opportunity to be heard need not be given if the refusal is on the ground that it is not in the public interest to recognise the collective investment scheme on the basis of any of the following circumstances:

(*a*) the person making the offer (being an entity), the responsible person or the collective investment scheme itself, is in the course of being wound up or otherwise dissolved, whether in Singapore or elsewhere;

(*b*) the person making the offer (being an individual) is an undischarged bankrupt, whether in Singapore or elsewhere;

(*c*) a receiver, a receiver and manager or an equivalent person has been appointed, whether in Singapore or elsewhere, in relation to or in respect of any property of the person making the offer (being an entity), the responsible person or the collective investment scheme.

(6) The responsible person for a collective investment scheme may, within 30 days after the responsible person is notified that the Authority has refused to recognise that scheme under subsection (1), appeal to the Minister whose decision is final.

(7) An application made under subsection (1) must be accompanied by such information or record as the Authority may require.

(8) The Authority may publish for public information, in such manner as it considers appropriate, particulars of any collective investment scheme recognised under subsection (1).

(9) The responsible person for a recognised real estate investment trust must ensure that the conditions set out in subsection (3), and every condition or restriction imposed by the Authority under subsection (1)(*c*) or (1A), as applicable to that scheme continues to be satisfied.

[4/2017]

(9A) The manager of a recognised real estate investment trust must —

(*a*) act in the best interests of all the participants of the recognised real estate investment trust as a whole; and

(*b*) give priority to the interests of all the participants of the recognised real estate investment trust as a whole over the manager's own interests and the

interests of the shareholders of the manager in the event of a conflict between the interests of all the participants as a whole and the manager's own interests or the interests of the shareholders of the manager.

[4/2017]

(9B) A director of the manager of a recognised real estate investment trust must —

(*a*) take all reasonable steps to ensure that the manager discharges its duties under subsection (9A); and

(*b*) give priority to the interests of all the participants of the recognised real estate investment trust as a whole over the interests of the manager and the shareholders of the manager in the event of a conflict between the interests of all the participants as a whole and the interests of the manager or the shareholders of the manager.

[4/2017]

(9C) A duty of a director of the manager under subsection (9B) overrides any conflicting duty of such director under section 157 of the Companies Act 1967.

[4/2017]

(9D) Civil or criminal proceedings may not be brought against a director of the manager of a recognised real estate investment trust for a breach of section 157 of the Companies Act 1967, any fiduciary duty or any other duty under common law, in relation to any act or omission if such act or omission was required by subsection (9B).

[4/2017]

(9E) To avoid doubt, no action or proceedings whatsoever may be brought by or on behalf of all or any of the participants of a recognised real estate investment trust against a director of the manager of that recognised real estate investment trust for any breach or alleged breach of the duties imposed by subsection (9B) except to the extent and in the manner provided for under section 295C.

[4/2017]

(10) Despite subsection (9), a failure by any person to comply with the Code on Collective Investment Schemes does not of itself render that person liable to criminal proceedings but may, in any proceedings whether civil or criminal, be relied upon by any party to the proceedings as tending to establish or to negate any liability which is in question in the proceedings.

(11) If any person fails to comply with the Code on Collective Investment Schemes, the Authority may in addition to, or as an alternative to any action under section 288, take such other action as it deems fit.

(12) The responsible person for a collective investment scheme which is recognised under subsection (1) must provide such information or record regarding the scheme as

the Authority may, at any time, require for the proper administration of this Act.

(13) The representative for a collective investment scheme which is recognised under subsection (1) must carry out, or procure the carrying out of the following functions:

(*a*) facilitate —

(i) the issuing and redeeming of units in the scheme;

(ii) the publishing of sale and purchase prices of units in the scheme;

(iii) the sending of reports of the scheme to participants;

(iv) the provision of such books relating to the sale and redemption of units as the Authority may require; and

(v) the inspection of the instruments constituting the scheme;

(*b*) either maintain for inspection in Singapore a subsidiary register of participants who subscribed for or purchased their units in Singapore, or maintain in Singapore any facility that enables the inspection or extraction of the equivalent information;

(*c*) within 14 days after any change in the particulars referred to in subsection (3)(*d*), give written notice of such change to the Authority;

(*d*) provide such information or record regarding the scheme as the Authority may, at any time, require for the proper administration of this Act;

(*e*) such other functions as the Authority may prescribe.

[4/2017]

(13A) In carrying out or procuring the carrying out of the functions referred to in subsection (13), the representative must ensure that —

(*a*) for the purposes of subsection (13)(*a*)(ii), the sale and purchase prices of units in the collective investment scheme are published in the language of the prospectus;

(*b*) for the purposes of subsection (13)(*a*)(iii), the reports of the scheme sent to participants are prepared in the language of the prospectus, except in relation to any participant who has consented to being sent a report in a language other than the language of the prospectus;

(*c*) for the purposes of subsection (13)(*a*)(v), if the instruments constituting the scheme are not in the language of the prospectus, an accurate translation of the instruments in the language of the prospectus is made available to a

participant for inspection, unless the participant has consented to the making available to that participant for inspection of the instruments in a language other than the language of the prospectus; and

(*d*) for the purposes of subsection (13)(*b*), if the subsidiary register of participants or equivalent information is not in the language of the prospectus, an accurate translation of the register or equivalent information in the language of the prospectus is made available to a participant for inspection or extraction, unless the participant has consented to the making available to that participant for inspection or extraction of the register or equivalent information in a language other than the language of the prospectus.

(13B) In subsection (13A), "language of the prospectus" means the language of the prospectus accompanying or making the offer of units in the collective investment scheme.

(13C) Section 318A(2) does not apply to the instruments constituting the scheme referred to in subsection (13)(*a*)(v) or to the subsidiary register of participants or equivalent information referred to in subsection (13)(*b*).

(14) Any person who contravenes subsection (9), (12) or (13) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 and, in the case of a continuing offence, to a further fine not exceeding $10,000 for every day or part of a day during which the offence continues after conviction.

(15) A manager of a recognised real estate investment trust which contravenes subsection (9A) —

(*a*) shall be liable to all the participants of the recognised real estate investment trust as a whole —

(i) for any profit or financial gain directly or indirectly made by the manager or any of its related corporations; or

(ii) for any damage suffered by all the participants of the recognised real estate investment trust as a whole,

as a result of the contravention; and

(*b*) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000.

[4/2017]

(16) A director of the manager of a recognised real estate investment trust who

contravenes subsection (9B) —

(*a*) shall be liable to all the participants of the recognised real estate investment trust as a whole —

(i) for any profit or financial gain directly or indirectly made by the director or the manager or any related corporation of the manager; or

(ii) for any damage suffered by all the participants of the recognised real estate investment trust as a whole,

as a result of the contravention; and

(*b*) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 or to imprisonment for a term not exceeding 2 years or to both.

[4/2017]

Revocation, suspension or withdrawal of authorisation or recognition

288.—(1) The Authority may revoke the authorisation of a collective investment scheme granted under section 286 or the recognition of a collective investment scheme granted under section 287 if —

(*a*) the application for authorisation or recognition, or any related information or record submitted to the Authority whether at the same time as or subsequent to the application, was false or misleading in a material particular or omitted a material particular which, had it been known to the Authority at the time of submission, would have resulted in the Authority not granting the authorisation or recognition;

(*aa*) the Authority is of the opinion that the continued authorisation or recognition of the scheme is or will be against the public interest;

(*b*) the Authority is of the opinion that the continued authorisation or recognition of the scheme is or will be prejudicial to its participants or potential participants;

(*ba*) in the case of a scheme recognised under section 287, the Authority is of the opinion that it is necessary to revoke the recognition of the scheme to give effect to the provisions of any arrangement relating to cross-border offers of collective investment schemes to which Singapore or the Authority is a party; or

(*c*) in the case of —

(i) a scheme authorised under section 286 that is constituted as a unit trust, the responsible person for the scheme or the trustee for the scheme (where applicable) fails to comply with section 286(10) or (13);

(i*a*) a scheme authorised under section 286 that is constituted as a VCC or as a sub-fund, the responsible person for the scheme, the manager for the scheme, or the custodian for the scheme (where applicable), fails to comply with section 286(10) or (13); or

(ii) a scheme recognised under section 287, the responsible person for the scheme or the representative for the scheme, where applicable, fails to comply with section 287(9), (12) or (13).

[4/2017; 44/2018]

(2) Where the Authority revokes the authorisation or recognition of a collective investment scheme under subsection (1), the Authority may issue such directions as it deems fit to the responsible person for the scheme, including a direction that the responsible person —

(*a*) refund all moneys contributed by the participants of the scheme; or

(*b*) provide the participants with an option, on such terms as the Authority may approve, to obtain from the responsible person a refund of all moneys contributed by them or to redeem their units in accordance with the scheme.

(3) In determining whether to issue a direction under subsection (2), the Authority must consider whether the responsible person for the collective investment scheme is able to liquidate the property of the scheme without material adverse financial effect to the participants, and for this purpose, the factors which the Authority may take into account include —

(*a*) whether a significant amount of the moneys contributed by the participants has been invested;

(*b*) the liquidity of the property of the scheme; and

(*c*) the penalties (if any) payable for liquidating the property.

(4) A responsible person who contravenes any of the directions issued by the Authority to the responsible person under subsection (2) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(5) Despite subsection (1), the Authority may, if it considers it desirable to do so, instead of revoking the authorisation or recognition of a collective investment scheme, suspend the authorisation or recognition of that scheme for a specific period, and may at any time remove such suspension.

(6) Where the Authority revokes the authorisation or recognition of a collective investment scheme under subsection (1) or suspends the authorisation or recognition of a collective investment scheme under subsection (5), it must notify the responsible person for the scheme.

(7) Subject to subsection (8), the Authority may, upon an application in writing made to it by the responsible person for a collective investment scheme, in such form and manner as may be prescribed, withdraw the authorisation or recognition of that scheme.

(8) The Authority may refuse to withdraw the authorisation or recognition of a collective investment scheme under subsection (7) where the Authority is of the opinion that —

(*a*) there is any matter concerning the scheme which should be investigated before the authorisation or recognition is withdrawn; or

(*b*) the withdrawal of the authorisation or recognition would not be in the public interest.

(8A) The Authority must not —

(*a*) revoke the authorisation or recognition of a collective investment scheme under subsection (1);

(*b*) suspend the authorisation or recognition of a collective investment scheme under subsection (5); or

(*c*) refuse the withdrawal of the authorisation or recognition of a collective investment scheme under subsection (8),

without giving the responsible person of the scheme an opportunity to be heard, except that an opportunity to be heard need not be given if the revocation or suspension is on the ground that the continued authorisation or recognition of the scheme is against the public interest on the basis of any of the following circumstances:

(*d*) the person making the offer (being an entity), the responsible person or the collective investment scheme itself, is in the course of being wound up or otherwise dissolved, whether in Singapore or elsewhere;

(*e*) the person making the offer (being an individual) is an undischarged bankrupt, whether in Singapore or elsewhere;

(*f*) a receiver, a receiver and manager or an equivalent person has been appointed, whether in Singapore or elsewhere, in relation to or in respect of any property of the person making the offer (being an entity), the responsible person or the collective investment scheme.

(8B) The responsible person for a collective investment scheme may, within 30 days after the responsible person is notified that the Authority —

(*a*) has revoked the authorisation or recognition of that scheme under subsection (1);

(*b*) has suspended the authorisation or recognition of that scheme under subsection (5); or

(*c*) has refused to withdraw the authorisation or recognition of that scheme under subsection (8),

appeal to the Minister whose decision is final.

(9) Where the Authority revokes an authorisation or recognition under subsection (1), suspends an authorisation or recognition under subsection (5) or withdraws an authorisation or recognition under subsection (7), it may —

(*a*) impose such conditions on the revocation, suspension or withdrawal as it considers appropriate; and

(*b*) publish notice of the revocation, suspension or withdrawal, and the reason therefor, in such manner as it considers appropriate.

Approval of trustees

289.—(1) The Authority may, upon an application made to the Authority in such form and manner as may be prescribed by regulations made under section 341, approve a public company to act as a trustee for collective investment schemes which are authorised under section 286 and constituted as unit trusts (called in this Subdivision an approved trustee), subject to such conditions or restrictions as the Authority thinks fit to impose by written notice.

[34/2012]

(1A) The Authority may, at any time, by written notice to the approved trustee, vary or revoke any condition or restriction imposed by the Authority under subsection (1) or impose such further condition or restriction as the Authority thinks fit.

[34/2012]

(2) The Authority must not approve a public company to act as trustee under subsection (1) unless the company satisfies such financial requirements and other criteria

as the Authority may prescribe.

(3) An approved trustee must continue to satisfy the financial requirements and other criteria prescribed under subsection (2) and every condition or restriction imposed by the Authority under subsection (1) or (1A).

[34/2012]

(4) Where the Authority is of the opinion that an approved trustee —

(*a*) has failed to satisfy a financial requirement or other criterion prescribed under subsection (2), or any condition or restriction imposed by the Authority under subsection (1) or (1A);

(*b*) has not carried out its duties with due care and diligence;

(*c*) has acted in a manner which prejudices the participants of any authorised collective investment scheme; or

(*d*) has failed to comply with this Act or the Code on Collective Investment Schemes,

the Authority may —

(*e*) revoke an approval granted under this section and may direct the manager for the collective investment scheme or schemes which such approved trustee was acting for, to appoint a new trustee for the scheme or schemes;

(*f*) prohibit such approved trustee from acting as trustee for any new collective investment scheme; or

(*g*) issue such direction as it deems fit.

[34/2012]

(4A) Where, upon the Authority exercising any power under section 292D(2) or the Minister exercising any power under Division 2, 3, 4 or 4A of Part 4B of the Monetary Authority of Singapore Act 1970 in relation to an approved trustee, the Authority considers that it is in the public interest to do so, the Authority may —

(*a*) revoke the approval granted to the approved trustee under this section; and

(*b*) direct the manager for the collective investment scheme or schemes, which the approved trustee was acting for, to appoint a new trustee for the scheme or schemes.

[10/2013; 31/2017]

(5) An approved trustee must comply with any direction issued to it under subsection (4).

(6) It is not necessary to publish any direction issued under subsection (4) in the

Gazette.

[34/2012]

(7) Any approved trustee who contravenes subsection (3) or (5) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 and, in the case of a continuing offence, to a further fine not exceeding $10,000 for every day or part of a day during which the offence continues after conviction.

Inspection of approved trustees

290.—(1) The Authority may, from time to time, inspect the books of an approved trustee.

(2) For the purpose of an inspection under this section, the approved trustee under inspection must afford the Authority access to, and must produce, its books and must give such information and facilities as may be required to conduct the inspection.

(3) The Authority has the power to copy or take possession of the books of an approved trustee under inspection.

(4) An approved trustee which fails, without reasonable excuse, to produce any book or provide any information or facilities in accordance with subsection (2), or otherwise obstructs the Authority in the exercise of its powers under this section, shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000.

Duty of trustees to furnish Authority with such return and information as Authority requires

291. An approved trustee must furnish such returns and provide such information relating to its business as the Authority may require.

Liability of trustees

292.—(1) Subject to subsection (2), any provision in a trust deed required under section 286(2)(*c*) or in any contract with the participants of a collective investment scheme to which such a trust deed relates, is void insofar as it would have the effect of exempting a trustee under the trust deed from, or indemnifying a trustee against, liability for breach of trust where the trustee fails to exercise the degree of care and diligence required of a trustee.

(2) Subsection (1) does not invalidate —

(*a*) any release otherwise validly given in respect of anything done or omitted to be done by a trustee before the giving of the release; or

(*b*) any provision enabling such a release to be given —

(i) on the agreement thereto of a majority of not less than three-fourths of the participants in a collective investment scheme voting in person or by proxy at a meeting summoned for the purpose; and

(ii) either with respect to specific acts or omissions or on the trustee ceasing to act.

Disqualification or removal of director or executive officer

292A.—(1) Despite the provisions of any other written law —

(*a*) an approved trustee must not, without the prior written consent of the Authority, permit a person to act as its executive officer; and

(*b*) an approved trustee which is incorporated in Singapore must not, without the prior written consent of the Authority, permit a person to act as its director,

if the person —

(*c*) has been convicted, whether in Singapore or elsewhere, of an offence committed before, on or after 18 April 2013, being an offence —

(i) involving fraud or dishonesty;

(ii) the conviction for which involved a finding that the person had acted fraudulently or dishonestly; or

(iii) that is specified in the Third Schedule to the Registration of Criminals Act 1949;

(*d*) is an undischarged bankrupt, whether in Singapore or elsewhere;

(*e*) has had an enforcement order against the person in respect of a judgment debt returned unsatisfied in whole or in part;

[Act 25 of 2021 wef 01/04/2022]

(*f*) has, whether in Singapore or elsewhere, entered into a compromise or scheme of arrangement with the person's creditors, being a compromise or scheme of arrangement that is still in operation;

(*g*) has had a prohibition order under section 68 of the Financial Advisers Act 2001, section 74 of the Insurance Act 1966, section 101A or 123ZZC made against the person that remains in force; or

(*h*) has been a director of, or directly concerned in the management of, a regulated financial institution, whether in Singapore or elsewhere —

(i) which is being or has been wound up by a court; or

(ii) the approval, authorisation, designation, recognition, registration or licence of which has been withdrawn, cancelled or revoked by the Authority or, in the case of a regulated financial institution in a foreign country or territory, by the regulatory authority in that foreign country or territory.

[10/2013; 4/2017]

(2) Despite the provisions of any other written law, where the Authority is satisfied that a director of an approved trustee which is incorporated in Singapore, or an executive officer of an approved trustee —

(*a*) has wilfully contravened or wilfully caused the approved trustee to contravene any provision of this Act;

(*b*) has, without reasonable excuse, failed to secure the compliance of the approved trustee with this Act, the Monetary Authority of Singapore Act 1970 or any of the written laws set out in the Schedule to that Act; or

(*c*) has failed to discharge any of the duties of his or her office,

the Authority may, if it thinks it necessary in the interests of the public or a section of the public or for the protection of investors, by written notice to the approved trustee, direct the approved trustee to remove the director or executive officer (as the case may be) from his or her office or employment within such period as the Authority may specify in the notice, and the approved trustee must comply with the notice.

[10/2013]

(3) Without affecting any other matter that the Authority may consider relevant, the Authority must, when determining whether a director or an executive officer of an approved trustee has failed to discharge the duties of his or her office for the purposes of subsection (2)(*c*), have regard to such criteria as may be prescribed.

[10/2013]

(4) Before directing an approved trustee to remove a person from his or her office or employment under subsection (2), the Authority must —

(*a*) give the approved trustee and the person written notice of its intention to do so; and

(*b*) in the notice referred to in paragraph (*a*), call upon the approved trustee and the person to show cause, within such time as may be specified in the

notice, why the person should not be removed.

[10/2013]

(5) If the approved trustee and the person referred to in subsection (4) —

(*a*) fail to show cause within the time specified under subsection (4)(*b*) or within such extended period of time as the Authority may allow; or

(*b*) fail to show sufficient cause,

the Authority may direct the approved trustee to remove the person under subsection (2).

[10/2013]

(6) Any approved trustee which, or any director or executive officer of an approved trustee who, is aggrieved by a direction of the Authority under subsection (2) may, within 30 days after receiving the direction, appeal in writing to the Minister, whose decision is final.

[10/2013]

Power to acquire units of participants of real estate investment trust in certain circumstances

295A.—(1) Where an arrangement or a contract involving the transfer of all of the units, or all of the units in any particular class, in a real estate investment trust (called in this section the subject trust), to —

(*a*) the trustee of another trust (including the trustee-manager of a business trust and the trustee of another real estate investment trust); or

(*b*) a corporation,

(called in this section the transferee) has, within 4 months after the making of the offer in that behalf by the transferee, been approved as to the units or as to each class of units whose transfer is involved by participants of the subject trust holding no less than 90% of the total number of those units or of the units of that class (other than units already held at the date of the offer by the transferee), the transferee may, at any time within 2 months after the offer has been so approved, give notice in the prescribed manner to any dissenting participant of the subject trust that it desires to acquire the dissenting participant's units.

[2/2009]

(2) When a notice referred to in subsection (1) is given, the transferee, unless on an application made by a dissenting participant within one month from the date on which the notice was given or within 14 days of a statement being supplied to a dissenting participant under subsection (3) (whichever is the later) a court thinks fit to order otherwise, is entitled and bound to acquire those units —

(*a*) on the terms which under the arrangement or contract the units of the approving participants are to be transferred to the transferee; or

(*b*) if the offer contained 2 or more alternative sets of terms, on the terms

which were specified in the offer as being applicable to dissenting participants.

[2/2009]

(3) Where a transferee has given notice to any dissenting participant of the subject trust that it desires to acquire the dissenting participant's units, the dissenting participant is entitled to require the transferee by a demand in writing served on the transferee, within one month from the date on which the notice was given, to supply the dissenting participant with a statement in writing of the names and addresses of all other dissenting participants as shown in the register of participants of the subject trust; and the transferee is not entitled or bound to acquire the units of the dissenting participants until 14 days after the posting of the statement of such names and addresses to the dissenting participant.

[2/2009]

(4) Where, pursuant to any such arrangement or contract, units in the subject trust are transferred to the transferee or its nominee and those units together with any other units in the subject trust held by the transferee at the date of the transfer comprise or include 90% of the total number of the units in the subject trust or of any class of those units, then —

(*a*) the transferee must within one month from the date of the transfer (unless on a previous transfer pursuant to the arrangement or contract it has already complied with this requirement) give notice of that fact in the prescribed manner to the participants of the subject trust holding the remaining units in, or the remaining units of that class of units in, the subject trust who have not assented to the arrangement or contract; and

(*b*) any such participant may within 3 months from receiving the notice require the transferee to acquire the participant's units.

[2/2009]

(5) Where a participant has given notice under subsection (4)(*b*) with respect to any units, the transferee is entitled and bound to acquire those units —

(*a*) on the terms on which under the arrangement or contract the units of the approving participants were transferred to it; or

(*b*) on such other terms as are agreed or as the court on the application of either the transferee or the participant thinks fit to order.

[2/2009]

(6) Where a notice has been given by the transferee under subsection (1) and a court has not, on an application made by the dissenting participant, ordered to the contrary, the transferee must —

(*a*) after the expiration of one month after the date on which the notice has been given;

(*b*) after 14 days after a statement has been supplied to a dissenting participant under subsection (3); or

(*c*) if an application to the court by the dissenting participant is then pending, after that application has been disposed of,

transmit a copy of the notice to the trustee of the subject trust together with an instrument of transfer executed on behalf of the participant by any person appointed by the transferee and on its own behalf by the transferee, and pay, allot or transfer to the trustee of the subject trust the amount or other consideration representing the price payable by the transferee for the units which by virtue of this section the transferee is entitled to acquire, and the trustee of the subject trust must thereupon register the transferee as the holder of those units.

[2/2009]

(7) Any sums received by the trustee of the subject trust under this section must be paid into a separate bank account, and any such sums and any other consideration so received must be held by that trustee in trust for the several persons who had held the units in respect of which they were respectively received.

[2/2009]

(8) Where any consideration other than cash is held in trust by the trustee of the subject trust for any person under this section, the trustee may, after the expiration of 2 years from, and must, before the expiration of 10 years from, the date on which such consideration was allotted or transferred to the trustee, transfer such consideration to the Official Receiver.

[2/2009]

(9) The Official Receiver must sell or dispose of any consideration so received in such manner as he or she thinks fit and must deal with the proceeds of such sale or disposal in accordance with section 295B.

[2/2009]

(10) In determining the units in the subject trust already held by the transferee at the date of the offer under subsection (1) or the percentage of the total number of units in the subject trust or of any class of those units held by the transferee under subsection (4), units held or acquired —

(*a*) by a nominee on behalf of the transferee;

(*b*) where the transferee is a corporation, by its related corporation or by a nominee of the related corporation;

(*c*) where the transferee is the trustee-manager of a business trust or the trustee of a real estate investment trust —

(i) by a person who controls more than 50% of the voting power in the business trust or real estate investment trust, or by a nominee of that person;

(ii) by the trustee-manager of the business trust on its own account, or by the manager for the real estate investment trust, or by a nominee of the trustee-manager or manager; or

(iii) by a related corporation of the trustee-manager for the business trust or the manager for the real estate investment trust or by a nominee of that related corporation; or

(*d*) where the transferee is the trustee of a trust that is not a business trust or real estate investment trust, by a related corporation of the trustee (being a corporation) or by a nominee of that related corporation,

are treated as held or acquired by the transferee.

[2/2009]

(11) To avoid doubt, in this section —

(*a*) a reference to a transferee (being the trustee of a trust) holding, acquiring or contracting to acquire units in another trust is a reference to the transferee's doing any of these as trustee of the firstmentioned trust; and

(*b*) a reference to a transfer of units of a trust to a transferee (being the trustee of another trust) is a reference to such transfer of units to the transferee as trustee of that other trust.

[2/2009]

(12) The reference in subsection (1) to units already held by the transferee —

(*a*) includes a reference to units which the transferee has contracted to acquire; but

(*b*) excludes units which are the subject of a contract binding the holder thereof to accept the offer when it is made, being a contract entered into by the holder for no consideration and under seal or for no consideration other than a promise by the transferee to make the offer.

[2/2009]

(13) Where, during the period within which an offer for the transfer of units to the transferee can be approved, the transferee acquires or contracts to acquire any of the

units whose transfer is involved but otherwise than by virtue of the approval of the offer, then the transferee may be treated for the purposes of this section as having acquired or contracted to acquire those units by virtue of the approval of the offer if, and only if —

(*a*) the consideration for which the units are acquired or contracted to be acquired (called in this subsection the acquisition consideration) does not at that time exceed the consideration specified in the terms of the offer; or

(*b*) those terms are subsequently revised so that when the revision is announced the acquisition consideration, at the time referred to in paragraph (*a*), no longer exceeds the consideration specified in those terms.

[2/2009]

(14) In this section and sections 295B and 295C —

"dissenting participant" includes a participant who has not assented to the arrangement or contract and any participant who has failed or refused to transfer the participant's units to the transferee in accordance with the arrangement or contract;

"Official Receiver" has the meaning given by section 2(1) of the Insolvency, Restructuring and Dissolution Act 2018.

[2/2009; 4/2017; 40/2018]

[2/2009]

(2) The interest arising from the investment of the moneys standing to the credit of the Compulsory Acquisition of Scheme Account must be paid into the Consolidated Fund.

[2/2009]

(3) If any person makes any demand for any money placed to the credit of the Compulsory Acquisition of Scheme Account, the Official Receiver, upon being satisfied that that person is entitled to the money, must authorise payment thereof to be made to that person out of that Account or, if it has been paid into the Consolidated Fund, may authorise payment of a like amount to be made to that person out of moneys made available by Parliament for the purpose.

Remedies in cases of oppression or injustice

295C.—(1) Any participant of a real estate investment trust may apply to a court for an order under this section on the ground —

(*a*) that the affairs of the trust are being conducted by the manager or trustee for the trust, or the powers of the directors of the manager or directors of the trustee for the trust are being exercised, in a manner oppressive to one or more of the participants of the trust including the applicant or in disregard of the applicant's or their interests as participants of the trust; or

(*b*) that some act of the manager or trustee for the trust, carried out in its capacity as manager or trustee for the trust (as the case may be) has been done or is threatened or that some resolution of the participants of the trust or any class of them has been passed or is proposed which unfairly discriminates against or is otherwise prejudicial to one or more of the participants of the trust including the applicant.

[2/2009]

(2) If on such application the court is of the opinion that either of the grounds referred to in subsection (1) is established, the court may, with a view to bringing to an end to or remedying the matters complained of, make such order as it thinks fit and, without limiting the foregoing, the order may —

(*e*) provide that the trust be wound up; or

(*f*) provide that the costs and expenses of and incidental to the application for the order are to be raised and paid out of the property of the trust or to be borne and paid in such manner and by such persons as the court deems fit.

[2/2009]

(3) Where an order under this section makes any alteration in or addition to the trust deed of any trust, then, despite anything in any other provision of this Act but subject to the provisions of the order, the manager or trustee of the trust concerned does not have power, without the permission of the court, to make any further alteration in or addition to the trust deed that is inconsistent with the provisions of the order; but subject to the foregoing provisions of this subsection, the alterations or additions made by the order have the same effect as if duly made by special resolution of the participants of the trust.

[2/2009]

Approval of transfer

295F.—(1) A transferor must apply to the Court for its approval of the transfer of the

(*e*) the transferor and the transferee must keep at their respective offices in Singapore, for inspection by any person who may be affected by the transfer, a copy of the report referred to in paragraph (*a*) for a period of 15 days after the publication of the notice referred to in paragraph (*d*) in the *Gazette*; and

(4) The Court is not to approve the transfer if the Authority has not consented under

section 295E(1)(*a*) to the transfer.

(*a*) approve the transfer without modification or subject to any modification agreed to by the transferor and the transferee; or

(*b*) refuse to approve the transfer.

[10/2013]

(6) If the transferee does not have the Authority's approval under section 289(1) to act as an approved trustee, the Court may approve the transfer on terms that the transfer takes effect only in the event of the transferee obtaining the Authority's approval under section 289(1) to act as an approved trustee.

[10/2013]

(*d*) the dissolution, without winding up, of the transferor;

(*e*) the provisions to be made for persons who are affected by the transfer;

(*f*) such incidental, consequential and supplementary matters as are, in the opinion of the Court, necessary to secure that the transfer is fully effective.

(*c*) make provision as to any future or contingent right or liability of the transferor, including provision as to the construction of any instrument

under which any such right or liability may arise.

[10/2013]

(9) Subject to subsection (10), where an order made under subsection (7) provides for the transfer to the transferee of the whole or any part of the transferor's business, then by virtue of the order the business (or part thereof) of the transferor specified in the order is transferred to and vests in the transferee, free in the case of any particular property (if the order so directs) from any charge which by virtue of the transfer is to cease to have effect.

[10/2013]

(10) No order under subsection (7) has any effect or operation in transferring or otherwise vesting land in Singapore until the appropriate entries are made with respect to the transfer or vesting of that land by the appropriate authority.

[10/2013]

(11) If any business specified in an order under subsection (7) is governed by the law of any foreign country or territory, the Court may order the transferor to take all necessary steps for securing that the transfer of the business to the transferee is fully effective under the law of that country or territory.

(*a*) a prospectus or a profile statement has been registered;

(*b*) the prospectus or profile statement relates to units in a collective investment scheme recognised under section 287; and

(*c*) the Authority is of the opinion that it is necessary to stop the person making the offer of units in the scheme from issuing or selling units in the scheme to give effect to an arrangement relating to cross-border offers of collective investment schemes to which Singapore or the Authority is a party,

the Authority may serve a written order (called in this section a stop order) on the person making the offer of units in the scheme directing that no or no further units in the scheme be issued or sold.

[4/2017]

(2B) The Authority must not serve a stop order under subsection (1), (2) or (2A) if —

(*a*) any of the units in a collective investment scheme to which the prospectus or profile statement relates —

(i) has been issued or sold; and

(ii) has been listed for quotation on an approved exchange; and

(*b*) trading in any of the units in the collective investment scheme mentioned in paragraph (*a*) has commenced.

[4/2017]

(3) The Authority must not serve a stop order under subsection (1), (2) or (2A) without giving the person making the offer of units in the collective investment scheme an opportunity to be heard, except that an opportunity to be heard need not be given if the stop order is served on the ground that it is in the public interest to do so on the basis of any of the following circumstances:

(*a*) the person making the offer (being an entity), the responsible person or the collective investment scheme itself, is in the course of being wound up or

otherwise dissolved, whether in Singapore or elsewhere;

(*b*) the person making the offer (being an individual) is an undischarged bankrupt, whether in Singapore or elsewhere;

(*c*) a receiver, a receiver and manager or an equivalent person has been appointed, whether in Singapore or elsewhere, in relation to or in respect of any property of the person making the offer (being an entity), the responsible person or the collective investment scheme.

[4/2017]

(4) Where applications for units in a collective investment scheme have been made prior to the service of a stop order, and —

(*a*) the contributions of the applicants to the scheme have not yet been invested in accordance with the scheme —

(i) where units in the scheme have not been issued to the applicants, the applications are deemed to have been withdrawn and cancelled; or

(ii) where units in the scheme have been issued to the applicants, the issue of the units is deemed to be void,

and the person making the offer of units in the scheme must, within 7 days from the date of the stop order, pay to the applicants all moneys which the applicants have paid for the units, including contributions to the scheme and charges the applicants have paid to that person, its agent, or any person through whom the applicant has applied for the units; or

(*b*) the contributions of the applicants to the scheme have been invested in accordance with the scheme, the Authority may by written notice issue such directions to the person making the offer of units in the scheme as it deems fit, including a direction that the person provide the applicants with an option, on such terms as the Authority may approve, to obtain from that person a refund of all moneys contributed by the applicants or to redeem their units in accordance with the scheme.

(5) In determining whether to issue a direction under subsection (4) to the person making the offer of units in the collective investment scheme to refund the contributions of the applicants, the Authority must consider whether the responsible person for the scheme will be able to liquidate the property of the scheme without material adverse financial effect to the applicants, and for this purpose, the factors which the Authority may take into account include —

(*a*) whether a significant amount of the contributions of the participants has been invested;

(*b*) the liquidity of the property of the scheme; and

(*c*) the penalties (if any) payable for liquidating the property.

(6) It is not necessary to publish any direction issued under subsection (4) in the *Gazette*.

[34/2012]

(7) If the Authority is of the opinion that any delay in serving a stop order pending the hearing required under subsection (3) is not in the interests of the public, the Authority may, without giving the person making the offer of units in the collective investment scheme an opportunity to be heard, serve an interim stop order on such person directing that no or no further units in a collective investment scheme to which the prospectus or profile statement relates be issued or sold.

(8) An interim stop order, unless revoked, is in force —

(*a*) in a case where —

(i) it is served during a hearing under subsection (3); or

(ii) a hearing under subsection (3) is commenced while it is in force,

until the Authority makes an order under subsection (1), (2) or (2A); or

(*b*) in any other case, for a period of 14 days from the day on which the interim stop order is served.

[4/2017]

(9) Subsection (4) does not apply where only an interim stop order has been served.

(10) Any person who fails to comply with a stop order served under subsection (1), (2) or (2A) or an interim stop order served under subsection (7) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $150,000 or to imprisonment for a term not exceeding 2 years or to both and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

(11) Any person who contravenes subsection (4), or any direction issued to the person under that subsection, shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 and, in the case of a continuing offence, to a further fine not exceeding $10,000 for every day or part of a day during which the offence continues after conviction.

(12) For the purposes of subsections (1)(*a*) and (2)(*a*), any reference to a statement includes a reference to any information presented, regardless of whether such information is in text or otherwise.

Lodging supplementary document or replacement document

298.—(1) If, after a prospectus or profile statement is registered but before the close of the offer of units in a collective investment scheme, or the expiration of 12 months from the date of registration of the prospectus by the Authority, whichever is earlier, the person making that offer becomes aware of —

(*a*) a false or misleading statement in the prospectus or profile statement;

(*b*) an omission from the prospectus or profile statement of any information that should have been included in it by requirements prescribed under section 296; or

(*c*) a new circumstance that —

(i) has arisen since the prospectus or profile statement was lodged with the Authority; and

(ii) would have been required under this Act to be included in the prospectus or profile statement,

if it had arisen before the prospectus or the profile statement (as the case may be) was lodged,

and that is materially adverse from the point of view of an investor, the person may lodge a supplementary or replacement prospectus, or a supplementary or replacement profile statement (called in this section a supplementary or replacement document, as the case may be), with the Authority.

(2) If, after a prospectus or profile statement is registered but before the close of the offer of units in a collective investment scheme, or the expiration of 12 months from the registration of the prospectus by the Authority, whichever is earlier, the person making that offer wishes to update any information in a prospectus or profile statement and the person declares in writing to the Authority that none of the situations set out in subsection (1) apply at that time, the person may lodge a supplementary or replacement document with the Authority.

(3) At the beginning of a supplementary document, there must be —

(*a*) a statement that it is a supplementary prospectus or a supplementary profile statement, as the case may be;

(*b*) an identification of the prospectus or profile statement it supplements;

(*c*) an identification of any previous supplementary document lodged with the Authority in relation to the offer; and

(*d*) a statement that it is to be read together with the prospectus or profile statement it supplements and any previous supplementary document in relation to the offer.

(4) At the beginning of a replacement document, there must be —

(*a*) a statement that it is a replacement prospectus or a replacement profile statement, as the case may be; and

(*b*) an identification of the prospectus or profile statement it replaces.

(5) The supplementary document and the replacement document must be dated with the date on which they are lodged with the Authority.

(6) The person making the offer of units in a collective investment scheme must take reasonable steps —

(*a*) to inform potential investors of the lodgment of any supplementary document or replacement document under subsection (1); and

(*b*) to make available to them the supplementary document or replacement document.

(7) For the purposes of the application of this Division to events that occur after the lodgment of a supplementary document —

(*a*) where the supplementary document is a supplementary prospectus, the prospectus in relation to the offer is taken to be the original prospectus together with the supplementary prospectus and any previous supplementary prospectus in relation to the offer; and

(*b*) where the supplementary document is a supplementary profile statement, the profile statement in relation to the offer is taken to be the original profile statement together with the supplementary profile statement and any previous supplementary profile statement in relation to the offer.

(8) [*Deleted by Act 1 of 2005*]

(9) For the purposes of the application of this Division to events that occur after the lodgment of the replacement document —

(*a*) where the replacement document is a replacement prospectus, the

prospectus in relation to the offer is taken to be the replacement prospectus; and

(*b*) where the replacement document is a replacement profile statement, the profile statement in relation to the offer is taken to be the replacement profile statement.

(10) Where, prior to the lodgment of the supplementary document or replacement document under subsection (1), applications have been made under the original prospectus or profile statement for units in a collective investment scheme, the person making the offer of units in the scheme —

(*a*) must —

(i) within 2 days (excluding any Saturday, Sunday or public holiday) from the date of lodgment of the supplementary document or replacement document, give the applicants written notice on how to obtain, or arrange to receive, a copy of the supplementary document or replacement document, as the case may be; and

(ii) take all reasonable steps to make available within a reasonable period the supplementary document or replacement document (as the case may be) to the applicants who have indicated that they wish to obtain, or who have arranged to receive, a copy of the supplementary document or replacement document; or

(*b*) must, within 7 days from the date of lodgment of the supplementary document or replacement document, give the applicants the supplementary document or replacement document, as the case may be.

(11) Any person who contravenes subsection (3), (4), (5) or (6) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(12) Any person who contravenes subsection (10) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 and, in the case of a continuing offence, to a further fine not exceeding $10,000 for every day or part of a day during which the offence continues after conviction.

(13) For the purposes of subsection (1)(*a*), the reference to a statement includes a reference to any information presented, regardless of whether such information is in text or otherwise.

Duration of validity of prospectus and profile statement

299.—(1) A person must not make an offer of units in a collective investment scheme, or issue or sell any units in a collective investment scheme, on the basis of a prospectus or profile statement after the expiration of 12 months from the date of registration by the Authority of the prospectus in relation to such offer, issue or sale.

(2) Any person who contravenes subsection (1) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 12 months or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(3) An issue or a sale of units in a collective investment scheme that is made in contravention of subsection (1) is not, by reason only of that fact, voidable or void.

Restrictions on advertisements, etc.

300.—(1) If a prospectus is required for an offer, or intended offer of units in a collective investment scheme or proposed collective investment scheme, a person must not —

(*a*) advertise the offer or intended offer; or

(*b*) publish a statement that —

(i) directly or indirectly refers to the offer or intended offer; or

(ii) is reasonably likely to induce people to subscribe for or purchase the units,

unless the advertisement or publication is authorised by this section.

(2) In determining whether a statement —

(*a*) indirectly refers to an offer or intended offer; or

(*b*) is reasonably likely to induce people to subscribe for or purchase units in a collective investment scheme,

regard must be had to whether the statement —

(*c*) forms part of the normal advertising of an entity's products or services and is genuinely directed at maintaining its existing customers, or attracting new customers, for those products or services; and

(*d*) is likely to encourage investment decisions to be made on the basis of the

statement rather than on the basis of information contained in a prospectus or profile statement.

(2A) Despite subsection (3A), a person may, before a prospectus or profile statement is registered by the Authority, disseminate a preliminary document which has been lodged with the Authority to institutional investors, relevant persons as defined in section 305(5) and persons to whom an offer referred to in section 305(2) is to be made without contravening subsection (1), if —

(*a*) the front page of the preliminary document contains —

(i) the following statement:

"This is a preliminary document and is subject to further amendments and completion in the prospectus to be registered by the Monetary Authority of Singapore.";

(ii) a statement that a person to whom a copy of the preliminary document has been issued must not circulate it to any other person; and

(iii) a statement in bold lettering that no offer or agreement may be made on the basis of the preliminary document to purchase or subscribe for any units in the collective investment scheme to which the preliminary document relates;

(*b*) the preliminary document does not contain or have attached to it any form of application that will facilitate the making by any person of an offer of units in the collective investment scheme to which the preliminary document relates, or the acceptance of such an offer by any person; and

(*c*) when the prospectus is registered by the Authority, the person takes reasonable steps to notify the persons to whom the preliminary document was issued that the registered prospectus is available for collection.

(2B) Despite subsection (3A), a person does not contravene subsection (1) —

(*a*) by presenting, before a prospectus or profile statement is registered by the Authority, oral or written material on matters contained in a preliminary document which has been lodged with the Authority, to institutional investors, relevant persons as defined in section 305(5) or persons to whom an offer referred to in section 305(2) is to be made; or

(*b*) by presenting oral or written material on matters contained in a prospectus,

profile statement or product highlights sheet which has been lodged with the Authority in respect of an offer of units in a collective investment scheme, before the prospectus or profile statement is registered by the Authority, for the sole purpose of equipping any of the following persons with knowledge of the collective investment scheme in order to enable the person to carry on the regulated activity of dealing in capital markets products that are units in a collective investment scheme, or to provide any financial advisory service, in relation to the units in the collective investment scheme:

(i) a person licensed under this Act in respect of dealing in capital markets products that are units in a collective investment scheme;

(ii) an exempt person;

(iii) a person who is a representative in respect of dealing in capital markets products that are units in a collective investment scheme under this Act;

(iv) a representative of an exempt person;

(v) a person licensed under the Financial Advisers Act 2001 in respect of marketing of collective investment schemes;

(*b*) a product highlights sheet in respect of which section 296A(1)(*a*) and (*b*) has been complied with, and which is disseminated with a prospectus or

profile statement that has been registered by the Authority under section 296.

[34/2012; 4/2017]

(3A) Before a prospectus or profile statement is registered, an advertisement or a publication does not contravene subsection (1) if it contains only the following:

(*a*) a statement that identifies the person making the offer, the responsible person for the collective investment scheme and, where the collective investment scheme is not a corporation, the collective investment scheme;

(*b*) a statement that a prospectus or profile statement for the offer will be made available when the offer is made;

(*c*) a statement that anyone wishing to acquire the units in the collective investment scheme will need to make an application in the manner set out in the prospectus or profile statement;

(*d*) a statement on how to obtain, or arrange to receive, a copy of the prospectus or profile statement; and

(*e*) the investment focus of the collective investment scheme.

(3B) To satisfy subsection (3A), the advertisement or publication must include all of the statements referred to in paragraphs (*a*), (*b*) and (*c*) of that subsection, and may include the information referred to in paragraphs (*d*) and (*e*).

(3C) After a prospectus or profile statement is registered with the Authority, an advertisement or a publication does not contravene subsection (1) if it complies with such requirements as the Authority may prescribe by regulations made under section 341.

[34/2012]

(4) An advertisement or publication does not contravene subsection (1) if it —

(*a*) consists solely of a disclosure, notice or report required under this Act, or any listing rules or other requirements of an approved exchange or overseas exchange, made by any person, provided that the disclosure, notice or report complies with such requirements as the Authority may prescribe;

(*aa*) consists solely of a notice or report of a meeting or proposed meeting of the participants of the collective investment scheme, or a general meeting or proposed general meeting of the person making the offer, the responsible person or any entity, provided that the notice or report complies with such requirements as the Authority may prescribe, or a

presentation of oral or written material on matters so contained in the notice or report at the meeting or general meeting;

(*b*) consists solely of a report about the collective investment scheme or proposed collective investment scheme that is issued pursuant to this Act and the Code on Collective Investment Schemes;

(*ba*) consists solely of a statement made by the person making the offer or the responsible person that a prospectus or profile statement in respect of the offer or intended offer has been lodged with the Authority;

(iv) a person acting at the instigation of, or by arrangement with, any

person referred to in sub-paragraph (i), (ii) or (iii);

(*e*) is a disclosure, notice, report or publication of a description prescribed by the Authority, and such other conditions as the Authority may prescribe are satisfied; or

(*f*) is a publication made by the person making the offer or the responsible person for the scheme solely to correct or provide clarification on any erroneous or inaccurate information or comment contained in —

(i) an earlier news report or a genuine comment referred to in paragraph (*c*); or

(ii) an earlier publication published in the ordinary course of business of publishing a newspaper, periodical or magazine, or of broadcasting by radio, television or any other means of broadcasting or communication, referred to in subsection (5),

provided that the firstmentioned publication does not contain any material information that is not included in the prospectus.

[2/2009; 34/2012; 4/2017]

(5) A person does not contravene subsection (1) if —

(*a*) the person publishes an advertisement or publication in the ordinary course of a business of —

(i) publishing a newspaper, periodical or magazine; or

(ii) broadcasting by radio, television, or any other means of broadcasting or communication; and

(*b*) the person did not know, and had no reason to suspect, that its publication would constitute a contravention of subsection (1).

(6) Subsection (4)(*c*) and (*d*) does not apply to an advertisement or statement if any person gives consideration or any other benefit for the publication of the advertisement or statement.

(7) Any person who contravenes subsection (1) or who knowingly authorises or permits the publication or dissemination of any advertisement or statement mentioned in that subsection shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 12 months or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

(8) This section does not affect any liability that a person has under any other law.

(9) The Authority may exempt any person or class of persons from this section, subject to such conditions as the Authority may determine.

(10) Any person who contravenes any of the conditions under subsection (9) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(11) For the purposes of this section, any reference to publishing a statement includes a reference to making a statement, whether oral or written, which is reasonably likely to be published.

(12) For the purposes of subsections (1) and (2), any reference to a statement includes a reference to any information presented, regardless of whether such information is in text or otherwise.

[34/2012; 4/2017]

Issue of units where prospectus indicates application to list on approved exchange

301.—(1) Where a prospectus states or implies that application has been or will be made for permission for the units in a collective investment scheme offered thereby to be listed for quotation on any approved exchange, and —

(*a*) the permission is not applied for in the form required by the approved exchange within 3 days from the date of the issue of the prospectus; or

(*b*) the permission is not granted before the expiration of 6 weeks from the date of the issue of the prospectus or such longer period not exceeding

12 weeks from the date of the issue as is, within those 6 weeks, notified to the applicant by or on behalf of the approved exchange,

then —

(*c*) any issue whenever made of units made on an application pursuant to the prospectus is void; and

(*d*) any person who continues to issue such units after the period specified in paragraph (*a*) or (*b*) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $150,000 or to imprisonment for a term not exceeding 2 years or to both and, in the case of a continuing offence, to a further fine not exceeding $15,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

(2) Where the permission has not been applied for, or has not been granted as mentioned under subsection (1), applications for units in the collective investment scheme have been made and —

(*a*) the contributions of the applicants to the scheme have not yet been invested in accordance with the scheme —

(i) in a case where units in the scheme have not been issued to the applicants, the responsible person for the scheme must treat such applications as having been withdrawn; or

(ii) in a case where units in the scheme have been issued to the applicants, the issue of the units is deemed to be void,

and the responsible person must within 7 days after the period specified in subsection (1)(*a*) or (*b*), whichever is applicable, pay to the applicants all moneys which the applicants have paid for the units, including contributions to the scheme and charges the applicants have paid to the responsible person, its agent, or any person through whom the applicant has applied for the units; or

(*b*) the contributions of the applicants to the scheme have been invested in accordance with the scheme, the Authority may by written notice issue such directions to the responsible person for the scheme as it deems fit, including a direction that the responsible person provide the applicants with an option, on such terms as the Authority may approve, to obtain from the responsible person a refund of all moneys contributed by the applicants or to redeem their units in accordance with the scheme.

(3) In determining whether to issue a direction under subsection (2)(*b*) to the

responsible person to refund the contributions of the applicants, the Authority must consider whether the responsible person for the collective investment scheme will be able to liquidate the property of the scheme without material adverse financial effect to the applicants, and for this purpose, the factors which the Authority may take into account include —

(*a*) whether a significant amount of the contributions of the participants has been invested;

(*b*) the liquidity of the property of the scheme; and

(*c*) the penalties (if any) payable for liquidating the property.

(4) Any responsible person who contravenes subsection (2) or any of the directions issued under that subsection shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $100,000 and, in the case of a continuing offence, to a further fine not exceeding $10,000 for every day or part of a day during which the offence continues after conviction.

(5) Any responsible person to whom a notice is given under subsection (2) must comply with such direction as may be contained in the notice.

(6) It is not necessary to publish any direction issued under subsection (2) in the *Gazette*.

[34/2012]

(7) All moneys received from applicants as payment for the units, including contributions to the scheme and charges which the applicants have paid to the responsible person, its agent, or any person through whom the applicant has applied for the units, must be kept in a separate bank account so long as the responsible person for the collective investment scheme may become liable to repay it under subsection (2).

(8) Any responsible person for a scheme which is not in compliance with subsection (7) and, where the scheme is a corporation, every officer thereof, shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 12 months or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(9) Where the approved exchange has, within the period specified in subsection (1)(*b*), granted permission subject to compliance with such requirements as may be specified by the approved exchange, permission is deemed to have been granted by the approved exchange if —

(*a*) in a case where the responsible person for the scheme is a corporation, the directors of the corporation; or

(*b*) in a case where the responsible person for the scheme is not a corporation, such persons as may be required by the approved exchange,

have given to the approved exchange an undertaking in writing to comply with the requirements of the approved exchange.

[4/2017]

(10) Any person who fails to comply with any undertaking given to an approved exchange under subsection (9) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

[4/2017]

(11) A person must not issue a prospectus inviting persons to subscribe for or purchase units in a collective investment scheme if it includes —

(*a*) a false or misleading statement that permission has been granted for those units to be listed for quotation on, dealt in or quoted on any approved exchange; or

(*b*) any statement in any way referring to any such permission or to any application or intended application for any such permission, or to listing for quotation on, dealing in or quoting the units on any approved exchange, or to any requirements of an approved exchange, unless that statement is or is to the effect that permission has been granted or that application has been or will be made to the approved exchange within 3 days from the date of issue of the prospectus or the statement has been approved by the Authority for inclusion in the prospectus.

[4/2017]

(12) Any person who contravenes subsection (11) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 12 months or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(13) Where a prospectus contains a statement to the effect that the constituent documents for the collective investment scheme comply, or have been drawn so as to comply, with the requirements of any approved exchange, the prospectus is, unless the contrary intention appears from the prospectus, deemed for the purposes of subsection (11)(*b*) to be a prospectus that includes a statement that application has been, or will be, made for permission for the units to which the prospectus relates, to be listed for quotation on the approved exchange.

[4/2017]

Application of provisions relating to securities and securities-based derivatives contracts

302.—(1) Sections 247, 249, 249A, 252, 253, 254 and 255 apply, with the necessary modifications, in relation to an offer of units in a collective investment scheme as they apply in relation to an offer of securities or securities-based derivatives contracts in Division 1 of this Part.

[4/2017]

(2) For the purposes of subsection (1) —

(*a*) references in those sections to securities or securities-based derivatives contracts are to be read as references to units in a collective investment scheme; and

(*b*) references in those sections to a person subscribing for, purchasing or acquiring securities or securities-based derivatives contracts are to be read as a person subscribing for, purchasing or acquiring units in a collective investment scheme.

[4/2017]

(3) For the purposes of subsection (1), any reference in sections 253 and 254 to an offer referred to in section 280 is to be read as a reference to an offer referred to in section 305C.

(4) For the purposes of subsection (1), any reference in sections 249, 249A, 253 and 254 to the issuer is to be read as a reference to the responsible person.

302A.—(1) Subdivisions (2) and (3) of this Division do not apply to an offer of units in a collective investment scheme (other than an offer of an option to subscribe for or purchase such units) if no consideration is or will be given for the issue or transfer of the units.

(2) Subdivisions (2) and (3) of this Division do not apply to an offer of an option to subscribe for or purchase units in a collective investment scheme if —

(*a*) no consideration is or will be given for the issue or transfer of the option; and

(i) $5 million (or its equivalent in a foreign currency); or

(ii) such other amount as the Authority may prescribe in substitution for the amount specified in sub-paragraph (i);

(i) the prospectus has expired pursuant to section 299; or

(ii) the person making the offer has before making the offer informed the Authority by written notice of its intent to make the offer in reliance on the exemption under this subsection.

[2/2009; 4/2017]

(2) For the purposes of subsection (1)(*b*), where any notice, circular, material, publication or other document is issued in connection with the offer, the person making the offer is deemed to have given the statement and notification to the person to whom the offer is made in accordance with that provision if such statement or notification is contained in the first page of that notice, circular, material, publication or document.

(3) For the purposes of subsection (1), a personal offer of units in a collective investment scheme is one that —

(*a*) may only be accepted by the person to whom it is made; and

(5) In determining whether the amount raised by a person from offers within a period of 12 months exceeds the applicable amount specified in subsection (1)(*a*), each amount raised —

(*a*) by that person from any offer of units in the same collective investment scheme; or

(*b*) by that person or another person from any offer of units in a collective investment scheme, securities or securities-based derivatives contracts, which is a closely related offer,

(if any) within that period in reliance on the exemption under subsection (1) or section 272A(1) must be included.

[4/2017]

(6) Whether an offer is a closely related offer under subsection (5) is determined by considering such factors as the Authority may prescribe.

(7) For the purpose of this section, an offer of units in a collective investment scheme made by a person acting as an agent of another person is treated as an offer made by that other person.

(8) Where units acquired through an offer made in reliance on the exemption under subsection (1) (called in this subsection an initial offer) are subsequently sold by the person who acquired the units to another person, Subdivisions (2) and (3) of this Division apply to the offer from the firstmentioned person to the second-mentioned person which resulted in that sale, unless —

(iii) in respect of which the firstmentioned person has given the second-mentioned person —

(A) the following statement in writing:

"This offer is made in reliance on the exemption under section 302B(8)(*c*) of the Securities and Futures Act 2001. It is not made in or accompanied by a prospectus that is registered by the Monetary Authority of Singapore and the scheme is not authorised or recognised by the Authority."; and

(BA) in compliance with Subdivisions (2) and (3) of this Division;

(BB) in reliance on this subsection or any other exemption under any provision of this Subdivision (other than subsection (1)); or

(BC) where at least 6 months have elapsed from the date the units were acquired under the initial offer, in reliance on the exemption under subsection (1);

(iv) that is not accompanied by an advertisement making an offer or calling attention to the offer or intended offer; and

(v) in respect of which no selling or promotional expenses are paid or incurred in connection with the offer other than those incurred for administrative or professional services, or by way of commission or fee for services rendered by any of the persons specified in subsection (1)(*d*)(i), (ii), (iii), (iv) and (v).

(*a*) a written or printed communication;

(*b*) a communication by radio, television or other medium of communication;

or

(*c*) a communication by means of a recorded telephone message,

(ii) purporting to have been prepared for delivery to and review by persons to whom the offer is made so as to assist them in making an investment decision in respect of the units being offered;

Private placement

302C.—(1) Subdivisions (2) and (3) of this Division do not apply to offers of units in a collective investment scheme that are made by a person if —

(ii) the person making the offer has before making the offer —

(A) informed the Authority by written notice of its intent to make the offer in reliance on the exemption under this subsection; and

(B) taken reasonable steps to inform in writing the person to whom the offer is made that the offer is made in reliance on the exemption under this subsection.

[2/2009]

(2) The Authority may prescribe such other number of persons in substitution for the number specified in subsection (1)(*a*).

(3) In determining whether offers of units in a collective investment scheme by a person are made to no more than the applicable number of persons specified in subsection (1)(*a*) within a period of 12 months, each person to whom —

(*a*) an offer of units in the same collective investment scheme is made by the firstmentioned person; or

(*b*) an offer of units in a collective investment scheme, securities or securities-based derivatives contracts is made by the firstmentioned person or another person where such offer is a closely related offer,

(if any) within that period in reliance on the exemption under this section or section 272B must be included.

[4/2017]

(4) Whether an offer is a closely related offer under subsection (3) is determined by considering such factors as the Authority may prescribe.

(5) For the purposes of subsection (1) —

(*b*) an offer of units in a collective investment scheme to an entity or to a trustee is treated as an offer to the equity owners, partners or members of that entity, or to the beneficiaries of the trust (as the case may be) if the entity or trust is formed primarily for the purpose of acquiring the units which are the subject of the offer;

(*c*) an offer of units in a collective investment scheme to 2 or more persons who will own the units acquired as joint owners is treated as an offer to a single person;

(*e*) offers of units in a collective investment scheme made by a person as an agent of another person are treated as offers made by that other person;

(*f*) where an offer of units in a collective investment scheme is made to a person with a view to another person acquiring an interest in those units by virtue of section 4, only the second-mentioned person is counted for the purposes of determining whether offers of the units are made to no more than the applicable number of persons specified in subsection (1)(*a*); and

(*g*) where —

(i) an offer of units in a collective investment scheme is made to a person in reliance on the exemption under subsection (1) with a view to those units being subsequently offered for sale to another person; and

(ii) that subsequent offer —

(A) is not made in reliance on an exemption under any provision of this Subdivision; or

(B) is made in reliance on an exemption under subsection (1) or section 305C,

both persons are counted for the purposes of determining whether offers of the units are made to no more than the applicable number of persons specified in subsection (1)(*a*).

(6) In subsection (1)(*b*), "advertisement" has the meaning given by section 302B(10).

Offer or invitation made under certain circumstances

303.—(1) Subdivision (3) of this Division does not apply to an offer of units in a collective investment scheme if it is made in relation to units in a collective investment scheme (not being such excluded units in a scheme as the Authority may prescribe) that have been previously issued, are listed for quotation or quoted on an approved exchange, and are traded on the exchange.

[2/2009; 4/2017]

[34/2012]

(4) Any person who contravenes subsection (3), or who knowingly authorises or permits the publication or dissemination of any advertisement or statement referred to in that subsection, shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $50,000 or to imprisonment for a term not exceeding 12 months or to both and, in the case of a continuing offence, to a further fine not exceeding $5,000 for every day or part of a day during which the offence continues after conviction.

(i) an offer of those units in the scheme; or

(ii) the listing for quotation of those units in the scheme.

(2) Except to such extent and with such modifications as the Authority may prescribe, Subdivisions (2) and (3) of this Division do not apply to an offer of units in a collective investment scheme (also called in this section a restricted scheme) to a person who acquires the units as principal if the offer is on terms that the units may only be acquired at a consideration of not less than $200,000 (or its equivalent in a foreign currency) for each transaction, whether such amount is to be paid for in cash or by exchange of units in a collective investment scheme, securities, securities-based derivatives contracts or other assets, and if the conditions in subsection (3) are satisfied.

(6) Despite any requirement under section 99 or any regulations made thereunder that a person has to deal in capital markets products that are units in a collective investment scheme for the person's own account with or through a person prescribed by the Authority so that the firstmentioned person can qualify as an exempt person, a person who acquires units in a collective investment scheme under section 304 or this section for the person's own account without complying with such requirement is considered an exempt person even though the person does not comply with that requirement.

[4/2017]

(7) The Authority may, by order in the *Gazette*, specify an amount in substitution of any amount specified in subsection (2).

(2) To avoid doubt, a prospectus which complies with all other requirements of section 296(1)(*a*) or, where applicable, a profile statement which complies with all other requirements of section 296(2) must still be prepared and issued in respect of any offer referred to in subsection (1).

Records

317.—(1) Without affecting sections 94, 99C, 101A(7) and (8), 123U and 123ZQ, the Authority must keep such records as it considers necessary, in such form as it thinks fit.

[2/2009; 34/2012; 4/2017]

(2) Any person may, on payment of the prescribed fee —

(*a*) inspect any records kept by the Authority under section 94, 99C, 123U or 123ZQ, any records kept or published by the Authority under section 101A(7) and (8) or any prospectus or profile statement lodged with the Authority under Part 13; or

[2/2009; 34/2012; 4/2017]

(3) A copy of or extract from any record lodged with or kept by the Authority certified to be a true copy or extract by the Authority is in any proceedings admissible as evidence of equal validity as the original record.

(4) In any legal proceedings a certificate by the Authority that a requirement of this Act specified in the certificate —

(*a*) had or had not been complied with at a date or within a period specified in the certificate; or

(*b*) had been complied with upon a date specified in the certificate but not before that date,

is prima facie evidence of the matters specified in the certificate.

(5) If the Authority is of the opinion that any record submitted to it —

(*a*) contains any matter contrary to law;

(*b*) by reason of any omission or misdescription has not been duly completed;

(*c*) does not comply with the requirements of this Act; or

the Authority may refuse to register or receive the record and request that the record be appropriately amended or completed and resubmitted or that a fresh record be submitted in its place.

(6) Any party that is aggrieved by the refusal of the Authority to register or receive any record under subsection (5) may, within 30 days after it is notified of the decision of the Authority, appeal to the Minister whose decision is final.

(7) The Authority may, if it is of the opinion that it is no longer necessary or desirable to retain any record which has been microfilmed or converted to electronic form, destroy such record or otherwise arrange for such record to be disposed of in such manner as the Authority thinks fit.

Size, durability and legibility of records delivered to Authority

318.—(1) For the purposes of securing that the records provided to or lodged with the Authority under this Act are of a standard size, durable and easily legible, the Authority may prescribe such requirements (whether as to size, weight, quality or colour of paper, size, type or colour of lettering, or otherwise) as it considers appropriate; and different requirements may be so prescribed for different documents or classes of documents.

(2) Where the Authority is of the opinion that any record (whether an original or copy thereof) delivered to the Authority does not comply with such requirements prescribed under this section, the Authority may serve on any person by whom under that provision the record was required to be delivered (or if there are 2 or more such persons, may serve on any of them) a notice —

(*a*) stating its opinion to that effect; and

(*b*) indicating the requirements so prescribed with which the record has failed to comply.

(3) Where the Authority serves a notice under subsection (2) with respect to a record delivered under this Act, then, for the purposes of any provision of this Act which enables a penalty to be imposed in respect of any omission to deliver to the Authority such record (and, in particular, for the purposes of any such provision whereby a penalty may be imposed by reference to each day during which the omission continues) —

(*a*) any duty imposed by that provision to deliver the record to the Authority is treated as not having been discharged; but

(*b*) no account is to be taken of any days falling within the period referred to in subsection (4).

(4) The period referred to in subsection (3)(*b*) is the period beginning on the day on which the record was delivered to the Authority as mentioned in subsection (2) and ending on the 14th day after the date of service of the notice under subsection (2).

(2) Where a person is required to make available for inspection by the public, or any section thereof, any document, report, or other book under this Act which is not in the English language, the person must, at the same time or at such other time as the Authority may permit, make available for such inspection an accurate translation thereof in the English language.

(3) Where a person is required to maintain or keep any book under this Act and the book or any part thereof is not maintained or kept in the English language, the person must —

(*a*) cause an accurate translation of that book or that part of the book in the English language to be made from time to time at intervals of not more than 7 days; and

(*b*) maintain or keep the translation with the book for so long as the book is required under this Act to be maintained or kept.

(4) Subsections (1), (2) and (3) are subject to any express provision to the contrary in this Act or any regulations made under this Act.

(5) Any person who contravenes subsection (1), (2) or (3) shall be guilty of an offence and shall be liable on conviction to a fine not exceeding $25,000.

(6) Where a person is charged with an offence under subsection (5), it is a defence for the person to prove that —

(*b*) the person had believed on reasonable grounds that the translation was accurate.

(7) In subsections (1), (2) and (3), "Act" includes any direction made by the Authority under this Act.

319. Where the Authority provides information, whether in bulk or otherwise, to any person by way of magnetic tapes or by any electronic means, neither the Authority nor any of its officers or authorised agents involved in the provision of such information shall be liable for any loss or damage suffered by that person by reason of any error or omission of whatever nature appearing therein or however caused if made in good faith and in the ordinary course of the discharge of the duties of such officers or authorised agents.

Appointment of assistants

320.—(1) Subject to subsection (1A), the Authority may appoint any person to exercise any of its powers or perform any of its functions or duties under this Act, either generally or in any particular case, except the power to make subsidiary legislation.

(1A) The Authority may, by notification in the *Gazette*, appoint one or more of its officers to exercise the power to grant an exemption to any person or in respect of any capital markets product, matter or transaction (not being an exemption granted to a class of persons or in respect of a class of capital markets products, matters or transactions) under a provision of this Act specified in the Fourth Schedule, or to revoke any such exemption.

(2) Any person appointed by the Authority under subsection (1) is deemed to be a public servant for the purposes of the Penal Code 1871.

Codes, guidelines, etc., by Authority

321.—(1) The Authority may issue, in such manner as it considers appropriate, such codes, guidelines, policy statements, practice notes and no-action letters as it considers appropriate for providing guidance —

(*b*) any reference in this Act or any other written law to the code, guideline, policy statement, practice note or no-action letter however expressed is, unless the context otherwise requires, a reference to the code, guideline, policy statement, practice note or no-action letter as so amended.

(5) A failure by any person to comply with any of the provisions of a code, guideline, policy statement or practice note issued under this section that applies to the person does not of itself render that person liable to criminal proceedings but any such failure may, in any proceedings whether civil or criminal, be relied upon by any party to the proceedings as tending to establish or to negate any liability which is in question in the proceedings.

(6) The issue by the Authority of a no-action letter does not of itself prevent the institution of any criminal proceedings against any person for a contravention of any provision of this Act.

(7) Any code, guideline, policy statement or practice note issued under this section —

(*a*) may be of general or specific application; and

(*b*) may specify that different provisions thereof apply to different circumstances or provide for different cases or classes of cases.

(8) To avoid doubt, any code, guideline, policy statement, practice note or no-action letter issued under this section is deemed not to be subsidiary legislation.

(9) In this section, a "no-action" letter means a letter written by the Authority to an applicant for such a letter to the effect that, if the facts are as represented by the applicant, the Authority will not institute proceedings against the applicant in respect of a particular state of affairs or particular conduct.

Such additional margins posted should be sufficient to bring the relevant account up to the initial margins level, within a reasonable period. Nothing herein prohibits a Clearing Member from making a call for additional margins or imposing a stricter settlement period as it sees fit.

For settlement currency denominated in Japanese Yen, "reasonable period" in this Rule 7.22.4 means a period which shall not exceed three (3) Trading Days from the date that the Third Party's total net equity falls below the maintenance margins. For all other settlement currencies it means a period which shall not exceed two (2) Trading Days from the date that the Third Party's total net equity falls below the maintenance margins.

If the Clearing Member is unable to effect personal contact with a Third Party (including a Customer) for whom the Clearing Member provides carrying and/or clearing services, a written notice sent to the Third Party at the most recent address furnished by it to the Clearing Member shall be deemed sufficient.

7.22.6

In the event of a Clearing Member's failure to obtain margins from the relevant Third Parties (including Customers) as required under Rule 7.22, the Clearing House may order such Clearing Member to immediately close out all or such part of the positions of such Third Parties on its books so as to correct the deficiency notwithstanding that the Clearing Member itself has sufficient margins placed with the Clearing House for the support of such positions in Contracts. Nothing herein prohibits a Clearing Member from taking such necessary actions to rectify the deficiency as it sees fit.

Amended on 27 March 2006 and 22 September 2006.

7.22.7

Clearing Members shall be responsible to the Clearing House for all margin requirements.

7.22.7A

A Clearing Member shall comply with such requirements on the computation and monitoring of a Third Party's (including a Customer's) margins as the Clearing House, or where relevant, the Exchange may prescribe.

Added on 22 September 2006.

7.22.8

Violation of this Rule 7.22 shall be a major offence.

7.22A Inter-Exchange Cross Margining

7.22A.1

Notwithstanding Rule 7.22, a Clearing Member may grant margin credit, at a rate not exceeding that which is prescribed by the Clearing House, to a Third Party (including a Customer) which holds long and short positions on contracts (on the same Underlying) with the Clearing House and another clearing house to the extent that the risk on the position in one clearing house is set-off against another ("inter-exchange cross margining"), if the following conditions are satisfied:

7.22A.1.1 The risk-offsetting positions relate to contracts prescribed by the Clearing House as eligible for inter-exchange cross margining.

7.22A.1.2 The Clearing Member ensures that the risk-offsetting positions are carried in the accounts belonging to the same Third Party (including a Customer) in which the same Third Party is the legal and beneficial owner. For the avoidance of doubt, inter-exchange cross margining is not allowed for positions carried in accounts opened by the same Third Party with different Clearing Members.

7.22A.1.3 The Clearing Member provides for the right of set-off in respect of the Third Party's (including a Customer's) positions with the Clearing House and any other clearing house in its contractual agreements with that Third Party.

7.22A.1.4 The Clearing Member continues to calculate the counterparty risk requirement for each counterparty exposure to the Third Party (including a Customer) as if margin credit had not been granted.

7.22A.1.5 The Clearing Member, except in the case of a Bank Clearing Member, continues to maintain adequate liquidity facilities (bank lines and cash balances) to fund the gross margins payable to the Clearing House and any other relevant clearing houses.

7.22A.1.6 The Clearing Member, except in the case of a Bank Clearing Member, imposes a limit on the amount of margin credit granted to the Third Party (including a Customer) which should not exceed 20% of such Clearing Member's free financial resources.

7.22A.1.7 The Clearing Member, except in the case of a Bank Clearing Member, has proper internal controls and risk management procedures, as prescribed below, to monitor the credit risk and liquidity risk arising from inter-exchange cross margining:

a. the limit on the amount of margin credit granted to a Third Party (including a Customer) must be set, approved and regularly reviewed by an authorised staff independent of trading, dealing or marketing functions;

b. in setting the limit on the amount of margin credit granted to a Third Party (including a Customer), the Clearing Member must take into account possible maintenance margin calls and Settlement Variation losses to be paid to the Clearing House and any other relevant clearing house;

c. the Clearing Member must strictly observe the limit on the amount of margin credit granted to each Third Party (including a Customer); and

d. the Clearing Member must ensure that it has proper systems and control procedures to monitor, on a daily basis, the usage of the margin credits and the adequacy of its liquidity facilities (bank lines and cash balances) to meet obligations arising from positions held with the Clearing House and any other relevant clearing house, including:

i. daily monitoring of each Third Party's (including a Customer's) intra-day and end-of-day use of margin credits to ensure that the limit on the amount of margin credit granted is not breached;

ii. daily monitoring of all Third Parties' (including Customers') aggregated intra-day and end-of-day use of margin credits to ensure that the Clearing Member's liquidity facilities (bank lines and cash balances), after setting-off the Third Parties' aggregate use of margin credits, are adequate to meet the potential mark-to-market loss for positions carried at any relevant clearing house

(excluding the Clearing House), as well as potential mark-to-market loss equivalent to at least two (2) times the maintenance margin for positions carried with the Clearing House;

iii. reports used for intra-day and end-of-day monitoring are generated in a timely manner and have the following information:

- limit on amount of margin credit granted to each Third Party (including a Customer);
- amount of margin credit used by each Third Party;
- aggregate limit on amount of margin credit granted for all Third Parties;
- aggregate amount of margin credit used by all Third Parties;
- available liquidity facilities (bank lines and cash balances);
- excess liquidity facilities (bank lines and cash balances) after setting off the Third Parties' aggregate use of margin credits;

and

iv. remedial procedures are in place should there be any breach of controls, limits and thresholds.

7.22A.1.8 The Clearing Member must notify the Clearing House if it decides to offer the inter-exchange cross margining arrangement to Third Parties (including Customers), that it has complied with, and shall continue to comply with the conditions stated in Rule 7.22A.

7.22A.1.9 The Clearing House reserves the right to impose additional conditions or disallow a Clearing Member from offering the inter-exchange cross margining arrangement if it is not satisfied with the internal controls and risk management procedures of the Clearing Member requesting inter-exchange cross margining.

Added on 22 September 2006 and amended on 10 August 2007.

7.23 Emergency Margins and Advance Call for Settlement

7.23.1

The Clearing House may take any of the following actions:

7.23.1.1 When in its opinion unstable conditions exist or market conditions and price fluctuations relating to one or more Commodities or Contracts or contracts at any time require that additional margins to maintain an orderly market or to preserve fiscal integrity or for any other reason, the Clearing House may call for additional margins from one or more Clearing Members.

Such additional margins may be as much as or more than the original margin and must be deposited with the Clearing House during the next banking hour after demand therefore or at such time as may be specified. Such additional margins may be called for one or more Contracts, from one or more Clearing Members and on long positions, short positions or both, or in relation to any potential Flat Rate adjustment applicable to freight forward contracts for tanker voyage routes.

7.23.1.2 When the Clearing House believes that any Clearing Member is carrying positions in its House and/or Customer Accounts, that are larger than is justified by the financial condition of that Clearing Member, or the Clearing Member is found to have a record of frequent rule violations or inadequate or unsound management or serious operational defects which, in the Clearing House's opinion, places or may place the Clearing House at risk, then the Clearing House may require such Clearing Member to deposit additional margins with the Clearing House during the next banking hour after demand therefore or at such time as may be specified or they may require that a portion of the open positions on the books of such Clearing Member be transferred to the books of another Clearing Member.

Amended on 27 March 2006.

7.23.2

If market conditions or price fluctuations are such that the Clearing House deems it necessary, it may call upon the Clearing Members whom it believes are affected by such conditions or fluctuations to deposit additional funds with the Clearing House by such time as it shall specify and in the amount it deems necessary to meet settlements.

Amended on 27 March 2006.

7.24 Failure to Comply with Emergency Orders

7.24.1

In the event of the failure of a Clearing Member to deposit additional margins or to comply with the order of transfer of positions or to deposit additional funds as required under Rule 7.23, the Clearing House may direct and the Clearing Member shall in such event forthwith comply with any such direction that the Clearing Member forthwith liquidate all or part of the positions on its books.

Amended on 27 March 2006.

7.24.2

If there is a failure to so effect the required reduction in positions by the next Business Day, the Clearing House shall thereupon order the liquidation of all or the required part of the Clearing Member's position with due consideration to the positions in Customer Accounts and Affiliate Accounts. Any Clearing Member whose trades are thus liquidated shall provide for the payment of any loss to the Clearing House on the next settlement cycle by the Clearing House pursuant to Rule 7.12 or 7.13.

Amended on 27 March 2006 and 2 May 2016.

Amended on 27 March 2006.

7.27 Transfers of Trades

7.27.1

Subject to the approval of the Clearing House:

7.27.1.1 Existing trades may be transferred on the books of a Clearing Member to the books of another Clearing Member when an error has been made in the assignment of a trade or trades, or when the change merely constitutes a transfer from one account title to another account title where both account titles have a common owner;

7.27.1.2 Existing trades may be transferred from the books of one Clearing Member to the books of another Clearing Member when:—

a. they merge or the first-mentioned Clearing Member is transferring the whole or part of its business to another entity; or

b. a Clearing Member resigns from the Clearing House; or

c. a new Clearing Member has an interest in existing trades on another Clearing Member's books. The original Clearing Member shall not suffer any loss in commission to which it is entitled on the trades that were transferred; or

d. a mutual clerical error was made by two Clearing Members or the clearing members of the Relevant Market they are clearing for with respect to the trades to be cleared by them respectively on opposite sides thereof. Clear and sufficient information must be included with respect to the transfer trades and both the trade to reverse the error and the replacement trade must clear as transfers. In this event, and only in

this event, the transfer may liquidate an open position on the books of the relevant Clearing Member(s);

7.27.1.3 Existing trades on the books of one Clearing Member being a Customer Contract may be transferred to the books of another Clearing Member at the request of the relevant Customer, provided that the Customer is not at that time in default to the Clearing Member from whom the trades are to be transferred;

7.27.1.4 Existing trades on the books of one Clearing Member may be transferred to the books of another Clearing Member when such transfer is EFP or an EFS transaction. The provisions of this Rule 7.27.1.4 shall not however apply to options contracts; and

7.27.1.5 A trade made on a Relevant Market by a Clearing Member or a member of the Relevant Market (other than the Connect Market) (the "Executing Member") intended to be an order fill or to be given up to (i.e. placed on the books of) a Clearing Member (the "Recipient Member") other than the Executing Member or (where relevant) its qualifying member, may be placed or transferred into the books of the Recipient Member subject to compliance with Rule 7.27.3.

Amended on 27 March 2006, 10 August 2007, 31 December 2013 and 29 July 2022.

7.27.2

Except with the approval of the Clearing House, existing trades on the books of one Clearing Member may not be transferred to the books of another Clearing Member in order to liquidate a position by offset or where such transfer would result in concurrent long and short positions for the same speculative account.

Amended on 27 March 2006.

7.27.3

Where an Executing Member makes a trade on a Relevant Market intended to be an order fill or to be given up to a Recipient Member, as contemplated in Rule 7.27.1.5 (a "Relevant Trade"), each Relevant Trade may be transferred or placed to the books of the Recipient Member provided that the transfer or placement shall occur:

7.27.3.1 within such time and in accordance with such procedures as the Relevant Market and/or the Clearing House may from time to time prescribe; and

7.27.3.2 subject to the approval of the Clearing House.

7.27.3.3 [Rule has been deleted.]

Amended on 27 March 2006 and 7 December 2010.

7.27.4

If a Recipient Member purports to reject the transfer or placement of an alleged Relevant Trade(s) onto its books and the rejection (if permitted) would result in the Executing Member (if a Clearing Member itself) or its qualifying member having to accept onto its own books the rejected trade(s), and such rejected trade(s) would (whether of itself or together with other similarly rejected trade(s) for the same trading day) give rise to an aggregate maintenance margin obligation equal to S$3,000,000 (or such other amount as the Clearing House may from time to time prescribe):

7.27.4.1 The Clearing House may:

a. require the Recipient Member, as the party purporting to so reject the said trades, to satisfy the Clearing House of the validity of its rejection; and/or

b. require the Clearing Member who would, if the rejection were effective, have to accept onto its own books the rejected trades, to provide such information and evidence in its possession or control relevant to the issue of the validity of the purported rejection;

and

7.27.4.2 unless the Clearing House is, consequent to any or both of its foregoing requirement(s) satisfied that the purported rejection was fully justified and valid, the Clearing House is thereafter empowered to require the Recipient Member to accept the transfer or placement out of all such part of the trades purported to have been rejected as the Clearing House deems appropriate onto its own books, and the Recipient Member shall abide by such requirement.

7.27.4.3 In so far as the Clearing House deems it appropriate that only some of the trades purported to be rejected shall be accepted by the Recipient Member, the balance shall be treated as permitted rejection and the Executing Member (if itself a Clearing Member) or its qualifying member shall accept the same onto its own books accordingly.

7.27.4.4 Failure by any Clearing Member to act accordingly pursuant to the Clearing House's requirement as aforesaid shall be a major offence.

7.27.4.5 The Recipient Member shall, in anticipation of the prospect of the Clearing House exercising its discretion pursuant to Rule 7.27.4.1 above pursuant to a relevant purported rejection of an alleged Relevant Trade, be ready and willing consequent upon it so purporting to reject a said trade forthwith to produce on request by the Clearing House satisfactory evidence validating its purported rejection.

7.27.4.6 Any decision by the Clearing House as aforesaid shall be without prejudice to the rights of any Clearing Member to pursue its contractual rights inter se either by arbitration pursuant to these Rules or the rules of the Relevant Market where the relevant Contract was executed (or where permitted) by litigation.

Amended on 27 March 2006.

7.27.5

The Clearing House may, with the consent of both Clearing Members, transfer existing trades on the books of one Clearing Member to the books of another Clearing Member, if in its opinion, the situation so requires and such transfer is to the best interests of the Clearing House. In such case, the Customer may be charged only one commission.

Amended on 27 March 2006.

7.27.5A

7.27.7

Notwithstanding any provision in this Rule 7.27, the Clearing House shall require (i) any Clearing Member from whose name one or more trades are to be transferred and, (ii) any Clearing Members in whose name one or more trades are to be transferred to provide the Clearing House with sufficient collateral to meet margin requirements and Settlement Variation and/or comply with any other margin requirement prescribed by the Clearing House as a condition of transfer of such trades .

Added on 22 January 2009	Rule 2.13A	Please contact Member Supervision: Facsimile No : 6538 8273 E-Mail Address: membersup@sgx.com

1. Introduction

1.1 Rule 2.13A requires Clearing Members to:

(i) maintain adequate business continuity arrangements;

(ii) document business continuity arrangements in a business continuity plan;

(iii) test and review business continuity plans regularly; and

(iv) appoint emergency contact persons.

1.2 The objective is to ensure that Clearing Members have the ability to:

(i) React swiftly to emergency situations; and

(ii) Maintain critical functions and fulfill obligations to customers and counterparties in the event of major operational disruptions.

2. Business Continuity Plan

2.1 Critical Elements of a Business Continuity Plan

Rule 2.13A.1 requires Clearing Members to Clearing Members to maintain adequate business continuity arrangements, and document such arrangements in a business continuity plan. As a guide, a Clearing Member's business continuity plan should document the following elements:

(i) Risk assessment: This includes a comprehensive assessment of business continuity risks (including financial and operational risks) and threat scenarios which may severely disrupt a Clearing Member's operations. Such scenarios may include prolonged power outages, IT system software or hardware failures, loss of voice or data communication links, acts of terrorism, and outbreak of infectious diseases;

(ii) Business impact analysis: This is an evaluation of the impact of the risks and threat scenarios identified in (i) above. The business impact analysis should identify critical business functions (including support operations and related information technology systems) and potential losses (monetary and non-monetary) to enable the Clearing Member to determine recovery strategies/priorities and recovery time objectives;

(iii) Work area recovery: This refers to continuity arrangements for a Clearing Member's critical functional capabilities in the event that the Clearing Member's primary office becomes inaccessible, for example, availability of a disaster recovery site ready for activation within a reasonable period of time;

(iv) Crisis communications: This refers to a communications plan for the Clearing Member to liaise with its internal and external stakeholders such as employees, customers and regulatory authorities during a crisis;

(v) Roles and responsibilities: This refers to the identification of a Clearing Member's key personnel and management staff, their roles and responsibilities, and reporting lines. Alternates should be identified to cover the responsibilities of absent key personnel.

(vi) Backup for critical functions*, information technology systems and data;

** Critical functions refer to business functions whose failure or disruption may incapacitate the firm.*

(vii) Key service providers: This refers to assessing a Clearing Member's dependencies on key service providers in recovery strategies and recovery time objectives, and taking steps to ensure that key service providers are capable of supporting the Clearing Member's business, even in disruptions;

^ Key service providers refer to third-parties who are performing functions that are not normally carried out by Clearing Members internally, but are critical to the Clearing Member's ability to carry on business operations. For example, IT system hardware/software vendors.

(viii) Outsourcing service providers#: This refers to assessing whether the service provider has established satisfactory Business Continuity Plans commensurate with the nature, scope and complexity of the outsourced services; and

 # Outsourcing service providers refer to third parties who are performing functions that would normally be performed by Clearing Members internally. For example, Operations and Technology.

(ix) Any other elements that the Clearing Member deems necessary to be included in its business continuity plan or which the Clearing House may prescribe from time to time.

2.2 Emergency Response During Crisis

2.2.1 A Clearing Member should establish and maintain a crisis management plan as part of its business continuity plan. The crisis management plan should include (but not be limited to):

(i) Emergency response procedures;

(ii) Roles and responsibilities of the crisis management team;

(iii) Command and control structures; and

(iv) Salvage and restoration procedures.

2.2.2 The Clearing House may declare a wide-area crisis in the event of a major and widespread incident. When such declaration is made, the Clearing House may require a Clearing Member to submit status reports to the Clearing House. A wide-area crisis may include any incident where the operations of a large number of market participants are disrupted simultaneously.

2.3 Regular Review, Testing and Training

2.3.1 Rule 2.13A.4 requires a Clearing Member to review and test its business continuity plan regularly. Clearing Members should do so at least once a year to

ensure that their business continuity plans remain relevant.

2.3.2 Where there are material changes to a Clearing Member's business activities and operations, the Clearing Member should update its business continuity plan accordingly. Regular training should be conducted for staff to be updated and aware of any relevant changes to the Clearing Member's business continuity arrangements. As a principle, training should be conducted when:

(i) changes have been made to the Clearing Member's BCP; and

(ii) new staff are recruited.

Clearing Members should also conduct refresher courses for existing staff where appropriate.

3. Emergency Contact Persons

3.1 Rule 2.13A.5 requires a Clearing Member to appoint emergency contact persons and furnish the contact information of such persons to the Clearing House. Clearing Members may appoint an emergency contact person and up to two (2) alternates. A template is attached as Appendix A to this Practice Note for the notification of contact information (postal address, email, telephone, mobile telephone and facsimile numbers) to the Clearing House.

Refer to Appendix A of Practice Note 2.13A.

3.2 Clearing Members are to ensure that the contact information provided to the Clearing House is updated on a semi-annual basis. Nonetheless, where there are changes to a Clearing Member's emergency contact persons and contact information, the Clearing Member should notify the Clearing House immediately in writing.

3.3 A Clearing Member's authorized emergency contact person should immediately notify the Clearing House in the event where:

(i) a Clearing Member's business operations are or will be significantly disrupted; and/or

(ii) a Clearing Member's business continuity plan is activated.

Added on 15 March 2013 amended on 14 November 2016 and 29 July 2022.	Rule 2.28A.1.3	Please contact Member Supervision: Facsimile No : 6538 8273 E-Mail Address : membersup@sgx.com

1. Introduction

1.1 This Practice Note provides further details on the pre-execution checks contemplated in Rule 2.28A.1.3.

2. Pre-Execution Checks

2.1 Rule 2.28A.1.3 requires a Clearing Member, in order to clear the trades of a Trading Member, to satisfy the Clearing House that it has in place automated pre-execution credit control checks to monitor the Trading Member's trades and manage its risk exposure to such trades. The purpose of this is to prevent overtrading and for credit risk management purposes. As such, the checks must be appropriately set to effectively limit the firm's risk exposure to Trading Members to prevent the taking on of excessive risk.

2.2 [This paragraph is deleted.]

2.3 Clearing Members will be able to meet the requirement in Rule 2.28A.1.3 by using the appropriate pre-execution checks hosted by the Exchange, or the Connect Broker for the Connect Market, or by directly setting and controlling the appropriate pre-determined automated limits in the Trading Member's system, having automated alerts whenever such limits are altered, and by conducting regular post-execution reviews of trades. Clearing Members should assess and continue to ensure that the pre-execution risk management control checks are robust on an ongoing basis.

Added on 15 March 2013	Rule 2.28A.1.6	Please contact Member Supervision: Facsimile No : 6538 8273 E-Mail Address : membersup@sgx.com

1. Introduction

1.1 This Practice Note provides guidance on how front office and back office functions of Clearing Members should be separated, in accordance with Rule 2.28A.1.6.

2. Separation of Key Functions

2.1 The purpose of separating a Clearing Member's various key functions is to minimise and manage conflicts of interests among these functions.

2.2 Examples of proper separation include:—

(a) the setting and authorising of credit limits on customers by senior management staff who are independent of sales and marketing functions, and are not related to the customer in question; and

(b) having adequate separation of management responsibilities e.g the heads of sales, dealing or marketing functions should not have responsibilities over the middle and back office functions of Clearing Members.

2.3 The basis for determining and amending credit limits should be properly documented. Adequate audit trail reports should be maintained to show all changes to credit limits, the date and time of the modifications and the authorised person who approved the changes. In addition, sufficient checks and procedures should be in place to ensure that all limits and parameters set and modified by the credit control administrator are accurate and have been approved.

Practice Note 7.11.1.2 — Daily Settlement Price Methodology

Issue date	Cross Reference	Enquiries
Added on 22 September 2006 and amended on 1 October 2009, 24 January 2011, 8 November 2012 and 14 November 2016.	Rule 7.11.1.2	Please contact Derivatives: Telephone No: 6236 8888

1. Introduction

Rule 7.11.1.2 of the Clearing Rules states that the Daily Settlement Price for Contracts other than Non-Relevant Market Contracts shall be determined by the Clearing House in accordance with the relevant formula and procedures applicable to each Contract. In arriving at such formula, the Clearing House may, in consultation with the Exchange, take into account factors, including but not limited to:

a) the last traded price;

b) bid and offer spread at the close of market;

c) price data derived from pricing models, as selected or established by the Clearing House from time to time.

This Practice Note sets out the formulas and methodologies used by the Clearing House to compute the Daily Settlement Price as contemplated in the above Rule.

2. Methodology for Computation of Daily Settlement Price

2.1 Most Commonly Adopted Methodology.

Save for exceptional situations, the Clearing House can use any one of the following methodologies to compute the Daily Settlement Price:

a) a price determined by a pre-closing routine; or

b) a price derived from the prices in the closing range;

c) a price determined by taking into account typical spread relationships with other Contract Months in the relevant Contract;

d) a price determined by theoretical pricing models selected by the Clearing House; or

(e) a price determined through polling, conducted by the Clearing House, of market participants and/or any other price source deemed as reliable by the Clearing House.

Higher bid or lower offer prices at the close may be used by the Exchange in the computation of the Daily Settlement Price under methodologies b, c and d.

2.2 Exceptional Situations.

In exceptional cases when none of the methodologies set forth in paragraph 2.1 above yields a Daily Settlement Price that is reflective of market conditions, the Clearing House may use any of the following alternative methodologies for the computation of the Daily Settlement Price:

a) in regards to Futures Contracts, the Daily Settlement Price may be set at a price which when compared to the Daily Settlement Price of the next Contract Month reflects the same differential that existed between the two Contract Months on the previous day, unless there is a higher bid or lower offer in existence at the close. In such case, the higher bid or lower offer may be the Daily Settlement Price; or

b) in regards to Futures Contracts or Options Contracts, such other price that the Clearing House determines to be reflective of prevailing market conditions.

"**Option Contracts**" and "**Futures Contracts**" shall have the meaning ascribed to them in the Trading Rules.

2.3 [This paragraph is deleted.]

Practice Note 7.22 — Margins of Third Parties

Issue date	Cross Reference	Enquiries
Added on 23 July 2014 and amended on 25 January 2017.	Rule 7.22	Please contact Member Supervision: Facsimile No: 6538 8273

1. Introduction

1.1 Rule 7.22 sets out Clearing Members' obligations in relation to the collection of margins from Third Parties (including Customers). This Practice Note elaborates on those obligations.

2. Margin Rates and Acceptable Forms of Margins

2.1 Margin System

Standard Portfolio Analysis of Risk Margin System

2.1.1 The Standard Portfolio Analysis of Risk Margin System ("SPAN") is the risk margin system adopted by the Exchange and the Clearing House. Margin requirements generated by SPAN shall constitute the Exchange's and the Clearing House's minimum margin requirements ("minimum margin requirements").

2.1.2 SPAN is a risk-based, portfolio approach margining system used to compute minimum overall margin requirements for a portfolio of positions in Contracts. SPAN requirements are computed using risk parameter files which are distributed at least daily by the Clearing House.

2.1.3 The margin requirements computed under SPAN have two components: the risk component, which accounts for potential changes in the market price and volatility of the Futures Contract[1], and the equity component, which is the value of the Option Contract[2] marked to the current day's settlement price. If the net option value in a Customer Account is short, it is added to the risk margins to increase the margin requirements. If the net option value is long, it may be applied towards reducing the risk margin requirements.

2.1.4 All Clearing Members are advised to use SPAN for Contracts. Clearing Members may use margining systems other than SPAN to compute the minimum margin requirements provided the Clearing Members can demonstrate that their systems will always produce margin requirements equal to or greater than the SPAN margin requirements.

2.2 Margin Rates and Requirements (Rule 7.22.1)

2.2.1 Margin rates and requirements on Contracts are prescribed by the Clearing House. Under Rule 7.22.1, Clearing Members are required to procure initial margins from their Customers and ensure that their Customers comply with maintenance margins for such amounts as required by the Clearing House.

2.2.2 For contracts listed in other exchanges, Clearing Members shall ensure that their Customers comply with initial margins and maintenance margins prescribed by the relevant exchanges or clearing houses.

2.2.3 [Deleted]

2.2.4 Clearing Members may, at their discretion, set higher margin rates/requirements than that required by the Clearing House. Clearing Members shall review their internal margin rates/requirements on a continual basis to ensure compliance with the required minimum initial margins and maintenance margins prescribed by the Clearing House.

2.3 Acceptable Forms of Margins (Rule 7.22.2)

2.3.1 Pursuant to Rule 7.22.2, the Clearing House has prescribed a list of instruments which Clearing Members may accept from Customers for meeting their required initial margins and maintenance margins.

2.3.2 A list of the acceptable instruments and their prescribed maximum valuations can be found on the Exchange's website (http://www.sgx.com).

2.3.3 Where a Clearing Member does not have physical possession of Japanese Government Bonds or securities listed on the First Section of Tokyo Stock Exchange, the Clearing Member shall be deemed to have complied with the requirements of Rule 7.22.2 if the Clearing Member can obtain written confirmation from a financial institution in Singapore or in Japan, that the financial institution is holding such securities from the Customers, as custodian for the Clearing Member concerned.

2.3.4 Bank certificates of deposits, including fixed deposits, may be accepted as good security under the following terms and conditions:

(1) the Customer signs a memorandum of charge of its deposits in favour of the Clearing Member. The memorandum shall operate as an equitable assignment which entitles the Clearing Member to payment out of the monies in the accounts;

(2) where a memorandum of charge is given by a corporate Customer, the Clearing Member shall ensure that the memorandum is registered with the Accounting and

Corporate Regulatory Authority ("ACRA") (with the filing of the necessary forms). The Clearing Member shall also make a search at ACRA to ensure that there is no prior charge of the same account to other persons;

the Clearing Member shall also ensure that it receives a confirmation from the bank that the required amount is deposited with the bank and has not been subjected to any banker's lien or right of set-off or consideration, or any other lien or charge. The Clearing Member shall notify the bank of the memorandum of charge as soon as it is executed so that the bank withholds all further payments to its Customer unless such payments are made with the consent of the Clearing Member. The Clearing Member shall document proof of such notice; and

(3) where a memorandum of charge is given by a Customer who is an individual, the Clearing Member shall cause the Customer to authorise the bank to disclose to the Clearing Member whether there have been notices of earlier charges and the details thereof, if any. This is to ensure that there is no prior charge of the same account to other persons.

2.3.5 The Clearing House has prescribed that where gold certificates issued by banks approved by MAS or gold bars are used to margin open short gold futures positions, the maximum valuation of these instruments shall be one hundred (100) percent of market value. If these instruments are used for margining positions other than open short gold futures positions, the maximum valuation of these instruments shall be seventy (70) percent of market value.

2.3.6 Clearing Members are allowed to apply a more conservative valuation (that is, less than the maximum valuation prescribed) on the acceptable instruments.

3. Margin Calls (Rules 7.22.1 and 7.22.4)

3.1 Issuance of Margin Calls

3.1.1 Margin calls are issued to collect the required margins to ensure the performance of a contract. A margin call is a request from a Clearing Member to a Customer to deposit additional margins.

3.1.2 Pursuant to Rule 7.22.4, whenever a Customer's total net equity falls below the maintenance margins, the Customer Account shall be deemed to be under-margined. The under-margined amount is equal to the difference between the Customer's initial margins and the Customer's total net equity. This is the minimum amount that the Clearing Member must call from the Customer in order to restore the Customer's total net equity to the initial margins level.

3.1.3 Margin calls shall be made within one Trading Day after the occurrence of the event giving rise to the margin calls.

3.1.4 A Clearing Member may, at their discretion, call for additional margins or issue margin calls on a more frequent basis, including the issuance of intra-day margin calls.

3.2 Computation of Margin Calls

3.2.1 In determining margin calls, Customer Accounts shall be reviewed at the close of the Trading Day. All Customer Accounts opened by the same Customer, for the benefit of its own clients shall be combined in one group. All other Customer Accounts opened by the same Customer shall be combined in a separate group. Below is an example to illustrate the treatment of the accounts opened by Customer XYZ under the following scenarios:

(1) XYZ — proprietary A/C 1
XYZ — client omnibus A/C 2
Treatment : A/C 1 and A/C 2 should be treated as separate accounts for the purpose of computing margin calls.

(2) XYZ — proprietary A/C 1A
XYZ — proprietary A/C 1B
Treatment : A/C 1A and A/C 1B should be combined when computing margin calls.

(3) XYZ — client speculative A/C 2A
XYZ — client omnibus A/C 2B
Treatment : A/C 2A and A/C 2B should be combined when computing margin calls.

3.2.2 If Customer Accounts are not combined in accordance with paragraph 3.2.1 above, there is a risk that the Clearing Member may either fail to issue a margin call or understate the amount required under a margin call. This is illustrated below:

Assume proprietary A/C A & proprietary A/C B are owned by the same Customer:

	A/C A $	A/C B $	Combined $
Total net equity	8,000	42,000	50,000
Initial margins	26,000	50,000	76,000
Maintenance margins	21,000	40,000	61,000
Under-margined	18,000	Nil	26,000
Margin Call Required	**18,000**	**Nil**	**26,000**

In the above example, if the two accounts are not combined, the Customer as a whole would be subjected to a lesser margin call of $18,000 instead of $26,000.

3.3 Reduction and Deletion of Margin Calls

3.3.1 A Clearing Member may:

(1) reduce the amount required under a margin call through a receipt of cash and other acceptable forms of margins which are less than the amount required under the margin call. The Customer is still required to meet the remaining amount required under the margin call; and

(2) consider the total margin call to be satisfied if the Customer's total net equity is equal to or greater than the Customer's initial margins as of the close of the Trading Day.

3.3.2 A Clearing Member shall reduce a Customer's oldest outstanding margin call first. Individual margin calls shall be aged separately throughout their existence. A Customer's total margin call is the sum of all individually aged margin calls. A Clearing Member's records shall clearly indicate the age of all margin calls issued and outstanding.

3.3.3 In order to protect the age of outstanding margin calls for re-established positions, the liquidation and re-establishment of positions during the same Trading Day to circumvent

paragraph 3.3.2 is not allowed.

3.3.4 Where a Customer is meeting a margin call by remitting cash funds, Clearing Members shall take into consideration only those funds that they have actually received when determining whether the Customer's total net equity has been restored to the initial margins level. Clearing Members shall not treat cash funds as received even though the Customer's remittance indicates that the funds would be forthcoming on a future value date. Clearing Members are not allowed to use the Customer's confirmation that the funds are forthcoming to reduce or delete a margin call as the funds have yet to be received.

3.4 Recording and Monitoring

3.4.1 A Clearing Member is required to keep written records which should include the following in respect of each Customer:

(1) all margin calls, whether made in writing or by telephone and the number of days such calls are outstanding; and

(2) all reductions and deletions of margin calls and the dates they occurred.

3.4.2 Any manual adjustments made to equity system reports to determine a Customer's margin status (e.g. adjustments to margin requirements, margin calls, etc.) shall be maintained on file.

3.4.3 Clearing Members shall maintain a proper monitoring system to ensure that all Customers who are under-margined are subject to prompt margin calls and that such calls are being properly monitored and followed up in order to restore the relevant Customers' total net equity to the initial margins levels.

3.5 Ageing of Margin Calls

3.5.1 In ageing margin calls, for the purpose of determining whether calls are met within the reasonable period:

T = trade date/ date that the Customer's total net equity falls below the maintenance margins

1 = first Trading Day after the date that the Customer's total net equity falls below the maintenance margins

2 = second Trading Day after the date that the Customer's total net equity falls below the maintenance margins

3 = third Trading Day after the date that the Customer's total net equity falls below the maintenance margins

Reasonable period shall have the meaning ascribed to it in Rule 7.22.

3.6 Examples

The following examples illustrate how margin calls are aged, reduced and deleted.

Assumptions:

(1) Customer's total net equity and margin requirements are as of the close of the respective Trading Days indicated.

(2) The Customer was properly margined on the previous Trading Day (Friday). If an individual margin call is required to be issued, the margin call shall equal: initial margins — total net equity

Example 1 — Issuing of margin calls due to unfavourable market movements

Margin calls must be issued no later than one Trading Day after the date that the Customer's total net equity falls below the maintenance margins.

	Monday	Tuesday	Wednesday	Thursday
Total net equity	50,000	49,000	44,000	44,000
Initial margins	60,000	60,000	60,000	60,000
Maintenance margins	50,000	50,000	50,000	50,000
UNDER-MARGINED	Nil	11,000	16,000	16,000
Unfavourable market movements [UMM] of $1,000 occurred on Tuesday and $5,000 on Wednesday. No margins were deposited.				
CALL RE'QD/(AGE)	-0-	11,000 (T)	11,000 (1)	11,000 (2)

			Additional margin call of $5,000 required due to UMM.	

Example 2 — Impact on margin calls due to liquidation of positions

Margin calls cannot be reduced/deleted if the liquidation does not restore the Customer's total net equity to or above initial margins.

	Monday	Tuesday	Wednesday	Thursday
Total net equity	45,000	45,000	45,000	45,000
Initial margins	60,000	55,000	55,000	50,000
Maintenance margins	55,000	53,000	53,000	48,000
UNDER-MARGINED	15,000	10,000	10,000	5,000
Positions were liquidated on Tuesday reducing initial margins by $5,000				

and maintenance margins by $2,000 and on Thursday reducing initial margins by $5,000 and maintenance margins by $5,000. No margins were deposited.				
CALL RE'QD/(AGE)	15,000 (T)	15,000 (1)	15,000 (2)	15,000 (3)

Example 3 — Impact on margin calls due to receipt of margin deposits

Margin calls can be reduced by the amount of margins actually received.

	Monday	Tuesday	Wednesday	Thursday
Total net equity	50,000	45,000	44,000	47,000
Initial margins	60,000	60,000	60,000	60,000
Maintenance margins	55,000	55,000	55,000	55,000
UNDER-MARGINED	10,000	15,000	16,000	13,000
Unfavourable market movements [UMM] of $5,000 occurred on Tuesday and $1,000 on Wednesday. Cash of $3,000 was deposited on Thursday.				
CALL RE'QD/(AGE)	10,000 (T)	10,000 (1)	10,000 (2)	7,000 (3)

		Additional margin call of $5,000 required due to UMM.	*Additional margin call of $1,000 required due to UMM.*	*Margin call of $10,000 can be reduced by the cash receipt of $3,000.*

Example 4 — Impact on margin calls due to favourable market movements that are less than total margin call outstanding

Margin calls cannot be reduced/deleted if favourable market movements do not restore the Customer's total net equity to or above initial margins.

	Monday	Tuesday	Wednesday	Thursday
Total net equity	55,000	58,000	52,000	58,000
Initial margins	60,000	60,000	60,000	60,000

UNDER-MARGINED	5,000	No (see below)	8,000	No (see below)
Favourable market movements [FMM] of $3,000 occurred on Tuesday. Unfavourable market movements [UMM] of $6,000 occurred on Wednesday. FMM of $6,000 occurred on Thursday. No margins were deposited.				
CALL RE'QD/(AGE)	5,000 (T)	5,000 (1)	5,000 (2)	5,000 (3)

Example 5 — Impact on margin calls due to favourable market movements that exceed total margin call

Margin calls can be deleted if favourable market movements restore the Customer's total net equity to or above initial margins.

	Monday	Tuesday	Wednesday	Thursday
Total net equity	54,000	51,000	58,000	60,000

UNDER-MARGINED	6,000	9,000	No (see below)	-0-
Unfavourable market movements [UMM] of $3,000 occurred on Tuesday. Favourable market movements [FMM] of $7,000 occurred on Wednesday and $2,000 on Thursday. No margins were deposited.				
CALL RE'QD/(AGE)	6,000 (T)	6,000 (1)	6,000 (2)	-0-

Example 6 — Impact on margin calls due to favourable market movements plus receipt of margins that exceed total margin call

Margin calls can be deleted if favourable market movements and receipt of margins restore the Customer's total net equity to or above initial margins.

	Monday	Tuesday	Wednesday	Thursday
Total net equity	50,000	52,000	52,000	61,000

4. Under-Margined Accounts (Rule 7.22.3)

4.1 Acceptance of Orders

4.1.1 A Clearing Member shall only allow a Customer to incur a new trade when the required margins are on deposit or forthcoming within a reasonable period.

4.1.2 In a situation where a Customer has failed to place margins within the reasonable period, such that the Customer's total net equity is not restored to the initial margins level, the Clearing Member concerned:

(1) is required to promptly take all necessary actions including but not limited to closing all or such part of the Customer's positions to restore the Customer's total net equity to the initial margins level; and

(2) shall not accept orders for new trades, including day trades, for such Customers. However, orders which would result in reducing the Customer's maintenance margins requirements may be accepted by the Clearing Member.

4.1.3 A Clearing Member shall not accept orders for the purchase of option contracts unless the full amount of premium is on deposit or forthcoming within a reasonable period.

4.1.4 For settlement currency denominated in Japanese Yen, 'reasonable period' means a period which shall not exceed three (3) Trading Days from the trade date (T+3). For all other settlement currencies, it means a period which shall not exceed two (2) Trading Days from the trade date (T+2).

4.1.5 For example, if a Clearing Member has received indication from the Customer's banker on T + 1, that the Customer has remitted cash of US$1 million for value date T + 4, the Clearing Member shall not treat the US$1 million as part of the Customer's ledger balance on T + 1, as the funds would actually be received by the Clearing Member only on the value date of T + 4. The amount shall be accounted as part of Customer's ledger balance only on close of business T + 4. In the above example, since the Customer's funds are not forthcoming within the reasonable period (i.e. by the close of business T + 2), the Customer is not allowed to incur any new trade during this period (T + 1 and T + 2) except for trades which reduce the Customer's maintenance margins requirements.

4.1.6 In a situation where a Customer has liquidated all its positions resulting in a negative total net equity, the Clearing Member shall not accept orders for the Customer until sufficient funds or acceptable instruments are deposited such that total net equity is no longer negative.

4.1.7 The following indicates what is the allowable trading activity for a Customer whose total net equity is not restored to the initial margins level after a margin call:

(A) During the reasonable period,

(i) if the Clearing Member receives indication from the Customer that margins are forthcoming within the reasonable period

Allowable Trading Activity Within The Reasonable Period

Trading Activity	Risk Increasing	Risk Neutral	Day Trading	Risk Reducing
Allowed for Customer	Yes	Yes	Yes	Yes

(ii) if the Clearing Member receives indication from the Customer that margins are forthcoming after the reasonable period or that no funds are forthcoming

Allowable Trading Activity Within The Reasonable Period

Trading Activity	Risk Increasing	Risk Neutral	Day Trading	Risk Reducing
Allowed for Customer	No	No	No	Yes

(B) Beyond the reasonable period,

Allowable Trading Activity Beyond The Reasonable Period

Trading Activity	Risk Increasing	Risk Neutral	Day Trading	Risk Reducing
Allowed for Customer	No	No	No	Yes

In the above examples:

A risk increasing trade is the establishment or closure of a position in a contract which increases a Customer's maintenance margins requirement (e.g. closing one leg of a spread position).

A risk neutral trade is the establishment of a position in a contract which does not impact a Customer's maintenance margins requirement (e.g. spread trades that do not impact maintenance margins requirements).

A risk reducing trade is the establishment or closure of a position in a contract which reduces the Customer's maintenance margins requirement (e.g. liquidation of a naked open position).

4.2 Prohibition of Financing of Trading Margins

4.2.1 Under no circumstances shall a Clearing Member enter into any financing arrangement with any Customer to allow the Customer to trade without placing the required minimum margins. This shall not apply to a Bank Trading Member or Bank Clearing Member.

4.3 Monitoring Procedures

4.3.1 A Clearing Member is required to maintain proper monitoring and internal control procedures to ensure that the requirements under Rule 7.22 are complied with at all times.

4.4 Examples

Assumptions:

(1) All accounts are Customer Accounts.

(2) All margin calls are properly issued and aged for the full amount.

(3) The Customer's initial margins and maintenance margins remain unchanged.

(4) The Customer was properly margined on the previous Trading Day (Friday).

(5) The Customer has indicated that margins are forthcoming within the reasonable period.

Example 1 — Under-margined beyond reasonable period — Deletion of margin calls

Trading is allowed within reasonable period but no trading is allowed beyond reasonable period except for risk reducing trades until the Customer's total net Equity is restored to the initial margins level.

Week 1

	Monday	Tuesday	Wednesday	Thursday	Friday
AMT U/M	5,000	5,000	5,000	5,000	-0-

TRADING	All*	All	All	RR**	All

* All trading activity

Assuming the margin call is in US Dollars, the reasonable period is T + 2, which is as of the close of business on Wednesday. As of Thursday, the Customer cannot be allowed to incur any risk increasing, risk neutral or day trades. The Customer can only be allowed to incur risk reducing trades.

On Friday, a cash deposit of $5,000 was received to delete the margin call. Once the Customer's total net equity is restored to the initial margins level, all trading activities would be allowed.

Example 2 — Under-margined beyond reasonable period — Deletion and reduction of margin calls

Trading is allowed within reasonable period but no trading is allowed beyond reasonable period except for risk reducing trades until the Customer's total net equity is restored to the initial margins level.

Week 1

	Monday	Tuesday	Wednesday	Thursday	Friday
AMT U/M	10,000	10,000	10,000	10,000	15,000
CALL/AGE	10,000 (T)	10,000 (1)	10,000 (2)	10,000 (3)	10,000 (4) 5,000 (T)
TRADING	All*	All	All	All	RR**
Unfavourable market movements of JPY 5,000 occurred on Friday.					

Assuming the margin call is in Japanese Yen, the reasonable period is T + 3, which is as of the close of business on Thursday. As of the close of business on Thursday, the Customer's total

net equity was not restored to the initial margins level. Thus on Friday, the Customer can only be allowed to incur risk reducing trades.

Week 2

	Monday	Tuesday	Wednesday	Thursday	Friday
AMT U/M	15,000	5,000	4,000	1,000	1,000
CALL/AGE	10,000 (5) 5,000 (1)	5,000 (2)	5,000 (3)	2,000 (4)	2,000 (5)
TRADING	RR**	All*	All	RR	RR
Favourable market movements of JPY 1,000 occurred on Wednesday.					

* All trading activity
** Only risk reducing trades

On Tuesday of Week 2, cash deposit of JPY 10,000 was received which deleted the outstanding margin call of JPY10,000. After this, the only margin call of JPY 5,000 is still within the reasonable period of T + 3. Thus during this period, Tuesday and Wednesday, all trading is allowed. On the close of business on Wednesday, the Customer's total net equity was not restored to the initial margins level. On Thursday, cash of JPY3,000 was received which reduced the margin call to JPY2,000. As the Customer Account is still under-margined with a margin call of JPY2,000 outstanding beyond the reasonable period, the Customer on Thursday and Friday can only be allowed to incur risk reducing trades.

5. Omnibus Accounts and Other Margin Policies (Rule 7.22.1)

5.1 Omnibus Accounts

5.1.1 Omnibus Accounts generally contain concurrent long and short positions. Clearing Members shall ensure that positions in an Omnibus Account are carried and margined on a gross basis.

5.1.2 A Clearing Member shall obtain and maintain written instructions from undisclosed Omnibus Account holders for positions which are entitled to be margined as spread positions.

5.1.3 For purchase and sale offsets, a Clearing Member shall obtain and maintain written instructions from undisclosed Omnibus Account holders on a daily basis. If no such instructions are received, the Clearing Member must assume that the positions belong to separate owners. These positions must be margined on a gross basis.

5.2 Grouping of Accounts

5.2.1 For the purpose of margin computation, positions in accounts belonging to the same beneficial owner who may be the Customer or a client of the Customer, may be combined. Concurrent speculative long and short positions may also be netted in such accounts.

5.2.2 Accounts which are owned by different legal entities e.g. related corporations must be treated separately for margin computation purposes.

5.3 Excess Margins Payments

5.3.1 Pursuant to Rule 7.22, a Clearing Member may allow its Customers to withdraw Excess Margins[3]. The withdrawal of Excess Margins must be supported by proper documentation.

5.3.2 If the net option value is long, it may be applied towards reducing the risk margin requirements. However, option value in excess of initial margins cannot be treated as Excess Margins available for disbursement. The computation of Excess Margins available for disbursement treats option value differently from all other margins. This is because option value is not a cash asset and does not form part of Customer's total net equity.

5.3.3 For example, Customer deposits $1,000 in its account. It then purchases an option contract where the option premium is $1,000. At the time of purchase, the full premium of $1,000 is deducted from its account resulting in zero total net equity. Thus, there are no funds available for withdrawal. The option value of the long option position, which at the time of purchase is $1,000 (option value would vary with passage of time), cannot be available for withdrawal as it does not form part of the Customer's total net equity. Furthermore, the Clearing Member would be deemed to be financing the Customer's trades, which is prohibited under these guidelines, in the purchase of the option contract if the option value is allowed to be withdrawn.

5.3.4 If total net equity is zero or negative, a disbursement cannot be made as there are no funds available. The Clearing Member shall use the Customer's latest available total net equity and latest required initial margins to determine the amount of Excess Margins available for disbursement, notwithstanding that the Customer (e.g. a Customer in different time zone) has yet to receive the latest Customer statement sent out by the Clearing Member. In determining the Excess Margins available for disbursement, the Clearing Member shall take into consideration the Customer's incoming remittance and the Clearing Member's disbursement based on value dates. If an incoming remittance is accounted for in determining the amount of Excess Margins to be released, the Clearing Member shall effect the disbursement only after the receipt of the funds. This means that the value date for the disbursement shall be subsequent to the value date of the Customer's incoming remittance.

5.3.5 For the purpose of determining the amount of Excess Margins available for disbursement, all Customer Accounts opened by the same Customer, for the benefit of its own clients shall be combined in one group ("Group A"). All other Customer Accounts opened by the same Customer shall be combined in a separate group ("Group B"). If the Clearing Member does not combine such accounts, it runs the risk of allowing a Customer to withdraw more funds than what the Customer actually has available with the Clearing Member [see Example 4 below for illustration]. Available Excess Margins from Group A cannot be used for disbursement for Group B and vice versa.

5.4 Examples

Note: In the computation, if the net option value is greater than the initial margin risk component, the maximum amount of Excess Margins available for disbursement shall be equal to the total net equity.

Example 1 — Excess Margins Payments

Customer Account	**Balance**
Total net equity	$5,000

Net option value	$1,200
Initial margins risk component	$3,000

* An Excess Margins payment can be made from the Customer Account for $3,200 {$5,000 − [($3,000 − $1,200) which = $1,800]}

Example 2 — Excess Margins Payments

Customer Account	**Balance**
Total net equity	$-0-
Net option value	$9,000
Initial margins risk component	$7,000

* As total net equity is zero, no payment can be made. {$-0- − [($7,000 − $9,000) which = 0]}. The only margin asset in the Customer Account is long option value which cannot be used to make an Excess Margins payment.

Example 3 — Excess Margins Payments

Customer Account	**Balance**
Total net equity	$32,800
Net option value	$<12,000>
Initial margins risk component	$14,000

* An Excess Margins payment can be made from the Customer Account for $6,800 {$32,800 − [($14,000 − <$12,000>) which = $26,000]}

Example 4 — Accounts owned by the same Customer

Assume client A/C A & client A/C B are owned by the same Customer.

	A/C A $	A/C B $	COMBINED $
Total net equity	8,000	80,000	88,000
Initial margins	25,000	50,000	75,000
Maintenance margins	20,000	40,000	60,000
Excess Margins for withdrawal	(17,000)	30,000	13,000

If client A/C A and client A/C B are not combined, then the amount of Excess Margins that is available for withdrawal, ie $30,000, is greater than what is actually available for the Customer as a whole.

5.5 Concurrent Long and Short Positions

5.5.1 Concurrent long and short positions are long and short positions traded on the same market in the same futures or option contract for the same delivery month or expiration date and, if applicable, having the same strike price.

5.5.2 A Clearing Member may carry concurrent long and short positions as follows:

(1) all positions held by Omnibus Account holders shall be margined on a gross basis, unless otherwise exempted by the Exchange; and

(2) in a hedge account in which both the long and short positions are bona fide hedge positions, such positions shall be margined on a net basis, unless otherwise required by other regulatory bodies.

5.5.3 A Clearing Member may carry concurrent long and short hold-open positions for speculative and hedge accounts. Hold-open positions are positions offset at the Exchange but have been held open on the Clearing Member's internal bookkeeping records for the convenience of the Customer. As hold-open positions only remain open on the Clearing Member's internal records and have been offset at the Exchange, no margin is required. The Clearing Member's internal bookkeeping records shall clearly indicate all hold-open positions.

Practice Note 7.23 — Additional Margins

Issue date	Cross Reference	Enquiries
Added on 8 August 2016	Rule 7.20 and Rule 7.23	Please contact Risk Management: rmd@sgx.com

1. Introduction

1.1 Rule 7.20 states that margin requirements shall be prescribed by the Clearing House from time to time, and Rule 7.23 provides for the Clearing House to call for additional margins from one or more Clearing Members in certain situations. This Practice Note elaborates on the additional margins.

1.2 The objective of additional margin requirements is to provide greater assurance that unique risks which may potentially not be captured under the Clearing House's margin setting methodology are appropriately accounted for and collateralized. As risks unique to a Clearing Member attract additional margin rather than being mutualized through the Clearing Fund, it makes Clearing Members accountable for excessive risk they bring to the system.

1.3 The Clearing House conducts daily monitoring of Clearing Members' exposures and assesses the adequacy of the Clearing House and Clearing Members' resources using a comprehensive range of scenarios. In addition, as part of its continuing risk management process, the Clearing House monitors news and developments which may affect Clearing Members, and conducts risk-based inspections on Clearing Members' risk and credit management practices.

1.4 In the event that any of the circumstances specified in Rule 7.23 exist, the Clearing House may impose additional margin requirements. Such additional margin requirements may include, without limitation:

(a) Default Fund risk add-on;

(b) Credit risk add-on;

(c) Liquidity risk add-on;

(d) Position risk add-on; and

(e) Discretionary risk add-on.

1.5 If the composition of a Clearing Member's portfolio calls for multiple add-ons, the Clearing House may at its discretion decide on an appropriate quantum sufficient to cover the risks.

1.6 For clarity, the additional margin requirements prescribed under this Practice Note do not count towards the sources of funds for the clearing fund as prescribed in Rule 7A.06 ("Clearing Fund").

1.7 Besides the add-ons described in paragraph 1.4 of this Practice Note, the Clearing House also imposes margin add-on on positions held in respect of Applicable Customer Accounts pursuant to Rule 7.30. The details are provided in Practice Note 7.30.

2. Default Fund risk add-on

2.1 The Clearing House may impose a default fund risk add-on to mitigate risk arising from a Clearing Member's stress loss when its potential tail risk exposure is significant.

2.2 The Clearing House conducts daily stress testing of Clearing Members' outstanding positions in line with the CPMI-IOSCO[1] and global best practices to assess clearing fund adequacy. The test includes a comprehensive range of stressed scenarios, and clearing fund resources must be able to cover the simultaneous default of the Clearing Member and its affiliated Clearing Members with the largest aggregate loss ("Top 1"), and two other financially weakest Clearing Members ("Weak 1", "Weak 2").

2.3 While stress testing focuses on the mutualized resources to cover a default of the Top 1, Weak 1 and Weak 2, the Clearing House would also want to secure appropriate amount of resources from an individual Clearing Member with significant potential tail risk exposure. This provides a balance between mutualization and the defaulter pay principle. For guidance, the potential tail risk exposure is the worst loss estimated from different stressed scenarios, net of margins and any add-ons. The potential tail risk exposure is considered to be significant if:

(a) the potential tail risk exposure of a Clearing Member and its affiliated Clearing Members ("Member Group") exceeds a percentage (a threshold as determined by SGX) of SGX-DC Clearing Fund resources ("Threshold 1"); or

(b) the aggregate potential tail risk exposure of any Member Group, together with Weak 1 and Weak 2, exceeds a percentage (a threshold as determined by SGX) of SGX-DC Clearing Fund resources ("Threshold 2"). Threshold 2 will be higher than Threshold 1[2].

2.4 The Clearing House will determine the quantum of the default fund risk add-on based on the potential tail risk exposure from each Clearing Member relative to each of the two

thresholds, as described below:

- In respect of Threshold 1, the applicable add-on for a Member Group is equal to the difference between its potential tail risk exposure and the threshold;
- In respect of Threshold 2, the total applicable add-on is equal to the difference between (i) the potential tail risk exposure aggregated across the Member Group, Weak 1 and Weak 2, (provided the Member Group does not include Weak 1 or Weak 2) after offsetting any add-on arising from Threshold 1, and (ii) the threshold. The applicable add-on is then allocated to the Member Group, Weak 1 and Weak 2 proportional to their exposure; and
- The add-on for a Clearing Member is equal to the sum of its applicable add-on arising from Threshold 1 and/or Threshold 2. The Clearing House may at its sole discretion not impose on Weak 1 or Weak 2 the add-on if it is not significant.

2.5 An illustration of the calculation is provided at the end of this Practice Note.

3. Credit risk add-on

3.1 The Clearing House may impose a credit risk add-on if there are concerns regarding the solvency or credit-worthiness of a Clearing Member. For guidance, these concerns may be based on indicators that include, without limitation:

(a) deterioration in the credit standing of the Clearing Member as assessed through SGX's internal credit risk rating model, downgrading of the credit rating or credit outlook of the member or its parent/affiliates by external credit agencies, widening credit default swaps of the member or its parent/affiliates;

(b) adverse market sentiments/news or any other relevant indicators on the Clearing Member or its parent/affiliate, or when the Clearing House believes the Clearing Member or its parent/affiliate may be adversely affected by unstable market conditions or price fluctuations which the Clearing House deems a concern;

(c) reduction of the Clearing Member's financial resources;

(d) in the Clearing House's view, there is an increase in the Clearing Member's risk exposure, for example, increased operational risk due to unsound risk or credit practices or, that potentially places the Clearing House at greater risk; and

(e) other specific issues or concerns relating to the Clearing Member, which may arise from SGX's on-site inspection, the Authority's audit findings; or frequent rule violations committed by the Clearing Member.

3.2 For guidance, the quantum of the credit risk add-on for Clearing Members will be determined by considering the following:

(a) for a Clearing Member with credit standing the Clearing House deems equivalent to B rating and below (based on the indicators described in paragraph 3.1 of this Practice Note), the quantum is equal to the difference between the member's potential tail risk exposure and a threshold. This threshold[3] will be determined by SGX, as a percentage of actual SGX-DC Clearing Fund resources and will be lower than the Threshold 1 described in paragraph 2.3 of this Practice Note; and

(b) [deleted]

(c) the Clearing Member's available financial resources, prevailing market conditions and the size of Clearing Member's positions.

4. Liquidity risk add-on

4.1 The Clearing House may impose a liquidity risk add-on if there are liquidity concerns on a Clearing Member, such as not maintaining sufficient liquid resources to cover the potential funding gap for its variation margin.

4.2 The quantum of the liquidity risk add-on may be to close potential funding gap, taking into consideration any mitigating actions taken by the member. For guidance, the potential funding gap is estimated based on:

(a) its potential variation margin impact over the next clearing day for its current day portfolio (on the assumption of static portfolio), and

(b) the Clearing Member's liquid resources that is available (to offset the potential variation margin impact), which includes its excess margin collateral held with SGX-DC, and credit lines granted by its settlement banks.

4.3 [This paragraph has been deleted.]

5. Position risk add-on

5.1 The Clearing House may impose a position risk add-on if:

(a) a significant proportion of the open interest in the Contract is highly concentrated in a customer or a Clearing Member.

(b) [deleted]

5.2 The quantum of the position risk add-on should mitigate the potential slippage when liquidating a large portfolio. For guidance, before imposing position risk add-on for a Contract, the Clearing House may take into considerations the risk contribution from the Contract, and whether the concentration will be cured within a short period of time.

6. Discretionary risk add-on

6.1 The Clearing House may impose a discretionary risk add-on to a Contract or on Clearing Members with positions in a Contract to cover unique risk that may not be captured in the estimate of the Contract's potential future exposure or the conditions described in the earlier paragraphs, or to cover any types of risk arising from exceptional market conditions. The quantum of the add-on is discretionary depending on the circumstances that necessitate it. The add-on may be imposed as an absolute dollar amount, or as a percentage add-on to a Clearing Member's maintenance margin requirements, or as percentage add-on to the Contract's margin.

6.2 An example is the gap risk associated with FX-related Contracts that may arise from potential changes in currency regimes or political environment. To determine the quantum of the FX gap add-on, the Clearing House may, but not limited to, make reference to similar events in the past for relevant currency pairs.

ILLUSTRATION ON THE CALCULATION OF THE DEFAULT FUND RISK ADD-ON

Assumptions:

(i) Actual Clearing Fund resource is $800.

(ii) Assume SGX assigns percentages of 70% and 90% to Threshold 1 and Threshold 2 respectively.
Threshold 1: 70% x 800 = 560 (Any Member Group)
Threshold 2: 90% x 800 = 720 (Any Member Group + Weak 1 + Weak 2)

Example 1 — Add-on applies to a Member Group X only

Assume only one stress testing scenario generates exposure that exceed the thresholds,

- Exposure (X + Weak 1 + Weak 2) = 700
- Exposure (X) = 640
- Exposure (Weak 1) = 60
- Exposure (Weak 2) = 0

		Loss exceeds threshold		Potential add-on	
	Loss	**Threshold 1**	**Threshold 2**	**Threshold 1**	**Threshold 2**
X + Weak 1 + Weak 2	700		No		
X	640	Yes		640-560=80	
Weak 1	60	No			
Weak 2	0	No			

- Therefore, credit risk add-on of 80 applies to Member Group X only.

Example 2 — Add-on applies to a Member Group X, and Weak 1 and Weak 2 by apportionment

Assume only one stress testing scenario generates exposure that exceed the thresholds,

- Exposure (X + Weak 1 + Weak 2) = 760
- Exposure (X) = 520
- Exposure (Weak 1) = 200
- Exposure (Weak 2) = 40

		Loss exceeds threshold		Potential add-on	
	Loss	**Threshold 1**	**Threshold 2**	**Threshold 1**	**Threshold 2**
X + Weak 1 + Weak 2	760		Yes		760-720=40
X	520	No			
Weak 1	200	No			
Weak 2	40	No			

- Therefore, credit risk add-on of 40 applies to (X + Weak 1 + Weak 2). The add-on for each of the three members will be proportionate to their share of the aggregate exposure.
    - For X, add-on = 520/(520+200+40)*40 = 28

- For Weak 1, add-on = 200/(520+200+40)*40 = 11
- For Weak 2, add-on = 40/(520+200+40)*40 = 2

Example 3 — Add-on applies to a Member Group X, and Weak 1 and Weak 2 by apportionment

Assume only one stress testing scenario generates exposure that exceed the thresholds,

- Exposure (X + Weak 1 + Weak 2) = 820
- Exposure (X) = 640
- Exposure (Weak 1) = 180
- Exposure (Weak 2) = 0

		Loss exceeds threshold		Potential add-on	
	Loss	**Threshold 1**	**Threshold 2**	**Threshold 1**	**Threshold 2**
X + Weak 1 + Weak 2	820		Yes		820-720=100
X	640	Yes		640-560=80	
Weak 1	180	No			
Weak 2	0	No			

- Based on Threshold 1, credit risk add-on of 80 applies to the X.
- Based on Threshold 2, there is a balance of 20 since an add-on of 80 already applies to X from Threshold 1. This balance will be apportioned among X, Weak 1, and Weak 2.
    - For X, add-on from Threshold 1 = 80
    - For X, add-on from Threshold 2 = 560/(560+180)*20 = 15^
    - For Weak 1, add-on = 180/(560+180)*20 = 5
    - For Weak 2, add-on = 0

    ^ The loss for X is taken as 560 here because it has been partially offset by the 80 from Threshold 1. (When X exceeds Threshold 1, the calculation for its pro rata assignment under Threshold 2 will be based on Threshold 1.)

Example 4 — Add-on applies to a Member Group X, a Member Group Y, and Weak 1 and Weak 2 by apportionment

Assume a stress testing scenario generates exposure that exceed the thresholds,

- Exposure (X + Weak 1 + Weak 2) = 820
- Exposure (X) = 640
- Exposure (Weak 1) = 180
- Exposure (Weak 2) = 0

Assume a second stress testing scenario generates exposure that also exceed the thresholds,

- Exposure (Y + Weak 1 + Weak 2) = 790
- Exposure (Y) = 620
- Exposure (Weak 1) = 170
- Exposure (Weak 2) = 0

First stress scenario					
		Loss exceeds threshold		**Potential add-on**	
	Loss	**Threshold 1**	**Threshold 2**	**Threshold 1**	**Threshold 2**
X + Weak 1 + Weak 2	820		Yes		820-720=100
X	640	Yes		640-560=80	
Weak 1	180	No			
Weak 2	0	No			

Second stress scenario					
		Loss exceeds threshold		**Potential add-on**	
	Loss	**Threshold 1**	**Threshold 2**	**Threshold 1**	**Threshold 2**
Y + Weak 1 + Weak 2	790		Yes		790-720=70
Y	620	Yes		620-560=60	
Weak 1	170	No			
Weak 2	0	No			

- Based on Threshold 1, credit risk add-on of 80 and 60 applies to X and Y respectively.
- Both scenarios have to be considered to determine the add-on arising from Threshold 2.
- For first scenario (X + Weak 1 + Weak 2), balance of 20 applies.
    - For X, add-on = 560/(560+180)*20 = 15
    - For Weak 1, add-on = 180/(560+180)*20 = 5
    - For Weak 2, add-on = 0
- For second scenario (Y + Weak 1 + Weak 2), balance of 10 applies.
    - For Y, add-on = 560/(560+170)*10 = 8
    - For Weak 1, add-on = 170/(560+170)*10 = 3
    - For Weak 2, add-on = 0
- Therefore the final add-on is:

- For X, add-on = 80 + 15 = 95
- For Y, add-on = 60 + 8 = 68
- For Weak 1, add-on = higher of (5, 3) = 5
- For Weak 2, add-on = 0

1. Introduction

1.1 Rules 7.30.1 and 7.30.2 provide that a Customer may opt for **"Enhanced Customer Collateral Protection" ("ECCP")** in respect of Non-Relevant Market Transactions by requesting that its Clearing Member designate any of the Customer's Customer Accounts as an **"Applicable Customer Account"**. Each such Customer is referred to as an **"Applicable Customer"**. The Clearing Member shall inform each of its Customers of the availability of the choice for ECCP and shall offer ECCP to any Customer that requests for it.

1.2 This Practice Note provides information on—

(a) the requirement on a Clearing Member to inform its Customers of the availability of the choice for ECCP;

(b) the treatment of position and Collateral under the ECCP model; and

(c) the key benefits and costs to Customers of opting for ECCP.

2. Requirement to inform Customers of the availability of the choice for ECCP

2.1 Clearing Members that offer client clearing for Non-Relevant Market are required to inform each of their Customers that the choice for ECCP is available.

2.2 Clearing Members should retain records of communication between themselves and their Customers, including communication by their Customers on whether they wish to opt for ECCP.

3. Treatment of position and Collateral under the ECCP model

Positions

3.1 Under Rule 7.30.3, the Clearing House will only treat a Customer Account as being an Applicable Customer Account where it has received information relating to the identity of the Applicable Customer from the relevant Clearing Member. This applies to both (i) individual position accounts, and (ii) omnibus position accounts.

3.2 Where a Customer opts for ECCP, its positions will be maintained on the Clearing House's records on a position account level. Clearing Members are required to maintain separate position accounts for each Applicable Customer by ensuring that each Applicable Customer's trades are correctly booked into the appropriate Applicable Customer Account in the clearing system. The positions of each such Applicable Customer Account will be clearly identified on the Clearing House's books and will not be commingled with other Customers' positions.

3.3 A customer omnibus position account that is the subject of ECCP will be treated as an Applicable Customer Account and ring-fenced from other Customer Accounts held with SGX-DC. However, each Customer within a customer omnibus position account will remain exposed to the risk of fellow customers within that same customer omnibus position account.

Collateral

3.4 The Clearing House will maintain records of Collateral in respect of each Applicable Customer Account. These records will be maintained for the purposes of margining and default management based on information provided by the relevant Clearing Member.

3.5 The Collateral records in respect of each Applicable Customer Account will be kept separate from the Collateral records of any other Customer Account held with SGX-DC. However, Collateral deposited in respect of Applicable Customer Accounts and non-Applicable Customer Accounts may be physically commingled in an omnibus account held with a bank, custodian or depository.

3.6 Collateral deposited in respect of all Customer Accounts (including Applicable Customer Accounts) will be kept separate from Clearing House's assets and Clearing Members' assets deposited for house obligations.

4. Benefits and Costs

4.1 Clearing Members should advise their Customers of the benefits and costs involved in opting for ECCPin order to facilitate an informed decision by their Customers.

4.2 ECCPprovides the following key benefits:

(a) Protection from fellow-customer risk

Non-Applicable Customers are technically exposed to a degree of risk in the default of another non-Applicable Customer. Section 60(1)(b) of the SFA and Regulation 24(1) of the Securities and Futures (Clearing Facilities) Regulations 2013 ("SFR (Clearing Facilities)") provide that the Clearing House may use Customer Collateral of non-Applicable Customers to meet obligations of a Clearing Member that arise from other non-Applicable Customers' contracts where certain conditions are met.

In contrast, Applicable Customers are protected from fellow-customer risk because SFR (Clearing Facilities) Regulation 24(2) provides that in the event of a default of a Clearing Member caused by a Customer, Collateral of a non-defaulting Applicable Customer will not be used to satisfy the obligations arising from the Contracts of such defaulting Customer. In the event of a default of a Clearing Member caused by an Applicable Customer, only the Collateral of such defaulting Applicable Customer will be used. Other Customers' Collateral will not be used.

(b) Ease of porting

Clear identification of positions and associated Collateral in respect of each Applicable Customer Account enables Clearing House to accurately determine the minimum amount of Collateral each Applicable Customer has to deposit and will potentially expedite the porting of positions and associated Collateral in an event of default.

4.3 In consideration of the additional protection against fellow-customer risk that Applicable Customers receive, a margin add-on of 10% will be imposed on positions held in respect of Applicable Customer Accounts as compared to non-Applicable Customer Accounts. The differentiation in margining is required due to an Applicable Customer, as a corollary of obtaining protection from fellow-customer risk, no longer having the benefit of non-defaulting Customers sharing in the fulfilment of its obligations if it defaults. Higher margin is therefore required in respect of each Applicable Customer Account to maintain the existing level of safety in the clearing system.

1. Introduction

1.1. This Practice Note illustrates the apportionment and application of Clearing Fund Contributions when one or more auctions are held in respect of a Contract Class. For the purposes of this Practice Note, the Contract Class specified in Rule 7A.01A.5.a, which comprises of (i) contracts that are listed for trading on the Exchange or Relevant Market and (ii) Non-Relevant Market Contracts, will be referred to as the "**ETD and NMC Contract Class**", the contracts collectively as "**ETD and NMC Contracts**", the Contract Class and an auction held in respect of this Contract Class as an "**ETD and NMC Auction**".

1.2 This Practice Note describes:

i. the apportionment of the Clearing House First Loss Contribution, Clearing House Intermediate Contribution, and the Clearing Fund Deposit of each Clearing Member, where one or more ETD and NMC Auctions are held pursuant to Rules 7A.01A.2C.2, 7A.01A.2D.2, and 7A.01A.2E.2; and

ii. the use of Required Participants' Clearing Fund Deposits based on their bidding behaviour in an ETD and NMC Auction, pursuant to Rule 7A.01.2D.2.

2. Apportionment of Clearing House First Loss Contribution and Clearing House Intermediate Contribution to auctions held in respect of the ETD and NMC Contract Class

2.1 For each ETD and NMC Auction, the Clearing House First Loss Contribution and Clearing House Intermediate Contribution shall be apportioned to that auction, based on the proportion of the notional value of the Auction Portfolio vis-à-vis the aggregate notional value of the defaulted Clearing Member's contracts in the ETD and NMC Contract Class.

Apportionment of Clearing House First Loss Contribution to an ETD and NMC Auction

$$\frac{\text{Notional value of ETD and NMC Contracts that constitute the Auction Portfolio}}{\text{Aggregate notional value of all ETD and NMC Contracts in the defaulted Clearing Member's portfolio}} \times \text{Clearing House First Loss Contribution}$$

Apportionment of Clearing House Intermediate Contribution to an ETD and NMC Auction

$$\frac{\text{Notional value of ETD and NMC Contracts that constitute the Auction Portfolio}}{\text{Aggregate notional value of all ETD and NMC Contracts in the defaulted Clearing Member's portfolio}} \times \text{Clearing House Intermediate Contribution}$$

3. Apportionment of a Required Participant's Clearing Fund Deposit to an ETD and NMC Auction

3.1 For each ETD and NMC auction, the Clearing Fund Deposit of each Required Participant shall be further apportioned to that auction based on the proportion of the notional value of the Required Participant's contracts that are the same as those in the Auction Portfolio vis-à-vis the aggregate notional value of all of that Required Participant's contracts in the ETD and NMC Contract Class.

Apportionment of the Clearing Fund Deposit of a Required Participant to an ETD and NMC auction

$$\frac{\text{Notional value of Required Participant's contracts that are the same as those constituting the Auction Portfolio}}{\text{Notional value of all of the Required Participant's ETD and NMC Contracts}} \times \text{Required Participant's Clearing Fund Deposit apportioned to the ETD and NMC Contract Class}$$

4. Illustration of how the Clearing Fund Deposits of Required Participants who have submitted bids for an ETD and NMC auction are pro-rated pursuant to Rule 7A.01A.2D.2

4.1 This section illustrates how Required Participants' Clearing Fund Deposits are pro-rated pursuant to Rule 7A.01A.2D.2.

4.2 Pursuant to Rule 7A.01A.2D.2, where an ETD and NMC auction is held, the Clearing Fund Deposits of all Required Participants apportioned to that auction will be applied to meet losses arising from or in connection with that auction, in the following order of priority and manner, with each level to be exhausted before the next level is applied:

a. first, the apportioned Clearing Fund Deposits of Required Participants who did not participate in the auction;

b. second, the apportioned Clearing Fund Deposits of Required Participants who had submitted bids that were below the Winning Bid Price, which will be applied on a pro-rata basis based on the product of:

i. the distance between such Required Participant's bid price and the Winning Bid Price; and

ii. the apportioned Clearing Fund Deposit of such Required Participant;

c. third, the unused apportioned Clearing Fund Deposits of Required Participants who had submitted bids that were below the Winning Bid Price, that was not applied in (b);

d. fourth, the apportioned Clearing Fund Deposits of Required Participants who had submitted the Winning Bid Price.

4.3 The following example illustrates Rule 7A.01A.2D.2.b.

A and B are Required Participants who had submitted bids that were below the Winning Bid Price. Their liabilities under Rule 7A.01A.2D.2.b will be in the following proportions:

	Distance (price differential) between the Required Participant's bid price and the winning bid price (I)	Amount of Required Participant's Clearing Fund Deposit that is apportioned to the auction (II)	(I) X (II)	Proportion of remaining loss for which the Required Participant will be liable
Required Participant A	$5 million	$20 million	5 x 20 = 100	$\frac{100}{(100+150)} = 40\%$
Required Participant B	$6 million	$25 million	6 x 25 = 150	$\frac{150}{(100+150)} = 60\%$
